In case you're looking, [here is the safe-for-work summary, with screencaps, of the Gene Simmons sex tape](#)". The full-motion horror of the aging *KISS* star's encounter, with a reluctant-looking blonde, is on a Fleshbot page, two links away. Consider yourselves warned.

Okay, granted... watching the Gene Simmons Sex Tape was brutal. And the REALITY of our larger-than-life stars can be a huge letdown. But we all know Gene's antics, his Family Jewels show and love Shannon.

So you can believe this....., Shannon is nobody's fool! An accomplished professional in her own right (and not likely to split from Gene), you can bet your last buck she is currently picking out the new cars, house and her own personal island that I'm sure she'll be getting from Mr.Simmons.

This will be one VERY costly indiscretion for Gene and an open door GAIN for Ms. Shannon Tweed!

All's fair in love and war ... and even a bad sex tape :)

This will be one VERY early indication for Gene and as soon as GAIN for Mr.

I know it's been said that god is dead. And, for some ill-informed reason or another, I was still holding out for getting a slice of that utopian after-life business. But, it must truly be accurate indeed, as this is the most ungodly thing I've had the pleasure of seeing in sometime.

Oy, years ago he came around Doubleday when I was an editorial assistant there, peddling a portfolio of naked Polaroids of him with about 3000 women. Why a sex tape with this guy is scandalous, I'll never know. Nonstory.

This is the FIRST time in my life I didn't want to see a celebrity sex tape. Do they make precious moments dolls for that? I want one.
