EXHIBIT D

TO PLAINTIFF'S MOTION FOR PROCEEDINGS SUPPLEMENTARY

IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT IN AND FOR PINELLAS COUNTY, FLORIDA

TERRY GENE BOLLEA professionally known as HULK HOGAN,

Plaintiff,

VS.	Case No.:	12012447-CI-011

GAWKER MEDIA, LLC aka GAWKER MEDIA; et al.,

Defendants.		
MARKET AND ADDRESS OF THE PARTY	 	

AFFIDAVIT OF NICK DENTON

- I, Nick Denton, hereby declare under penalty of perjury that the following is true and correct to the best of my knowledge, information and belief.
- 1. I make this affidavit for the purpose of providing to the Court information about my present financial circumstances and in support of Defendants' Motion for Stay of Execution of Judgment Pending Appeal.
- 2. As has been previously documented in this litigation, my principal asset is my ownership interest in Gawker Media Group, Inc. ("GMGI").
- 3. I have a retirement account whose current value is \$91,707.14 (see Ex. 1), a brokerage account whose current value is \$13.50 (see Ex. 2), a personal banking account whose current value is \$5,078.64 (see Ex. 3), and a joint bank account with my spouse whose value is \$3,661.71 (see Ex. 4). I also recently opened a second personal banking account which contains \$45,000 that I withdrew from my retirement account to pay for living expenses. See Ex. 5.
- 4. I own a condominium. The mortgage balance on the condominium is \$1,751,278.93. See Ex. 6. The most recent appraisal I received for the condominium was \$4,250,000. See Ex. 7. I understand that Plaintiff has obtained an appraisal for a somewhat higher value.

- 5. I recently began seeking to rent the condominium so that I can move into a less expensive home and have money to support myself and my spouse.
- 6. Turning to my principal asset, I own 45,024,060 shares and options of GMGI out of 152,519,607 total shares and options, or 29.52% of the company. GMGI is a privately-owned holding company based in the Cayman Islands whose sole assets are 100% of the equity in two subsidiaries Gawker Media, LLC and Kinja, KFT and a bank account whose current balance is \$7,769.48
- 7. As security for the appeal in the above-captioned matter, I am willing to pledge the entirety of my interest in GMGI.
- 8. I respectfully request that the Court deem that full ownership interest to be adequate security to stay the judgment pending appeal.

Retirement Savings Statement

★ Customer Service: (800) 835-509/ Fidelity Investments Institutional Operations Company, Inc. 82 Devonshire Street Boston, MA 02109

Statement Period: 05/01/2016 to 05/31/2016

Your Account Summary

Beginning Balance	\$140,351.86
Your Contributions	\$625.00
Employer Contributions	\$625.00
Withdrawals	-\$50,000.00
Fees	-\$134.11
Change in Market Value	\$239.39

Ending Balance \$91,707.14

Additional Information

Vested Balance \$91,707.14
Outstanding Loan Balance \$50,000.00

Loans are an asset of your account but are not included in your ending balance or reflected in your asset allocation.

Your Personal Rate of Return

This Period 0.6%

Your Personal Rate of Return is calculated with a time-weighted formula, widely used by financial analysts to calculate investment earnings. It reflects the results of your investment selections as well as any activity in the plan account(s) shown. There are other Personal Rate of Return formulas used that may yield different results. Remember that past performance is no guarantee of future results.

Your Asset Allocation

Statement Period: 05/01/2016 to 05/31/2016

Why is This Important?

e-Learning: Learn about asset allocation.

Your account is allocated among the asset classes specified above as of 05/31/2016. Percentages and totals may not be exact due to rounding.

The Additional Fund Information section lists the underlying allocation of your blended funds.

Market Value of Your Account Statement Period: 05/01/2016 to 05/31/2016

Displayed in this section is the value of your account for the statement period, in both shares and dollars.

Investment	Shares as of 04/30/2016	Shares as of 05/31/2016	Price as of 04/30/2016	Price as of 05/31/2016	Market Value as of 04/30/2016	Market Value as of 05/31/2016
Blended Investment* AF Trgt Date 2030 R6	11,346.149	7,371.957	\$12.37	\$12.44	\$140,351.86 \$140,351.86	\$91,707.14 \$91,707.14
Account Totals					\$140,351.86	\$91,707.14

6/8/2016 Fidelity NetBenefits

Remember that a dividend payment to fund shareholders reduces the share price of the fund, so a decrease in the share price for the statement period does not necessarily reflect lower fund performance.

*You have invested a portion of your account in Blended Funds. Blended Funds generally invest in a mixture of stocks, bonds and short-term investments, blending long-term growth from stocks with income from dividends and interest. Please refer to the Additional Fund Information section to see how your blended funds are allocated across the three asset classes.

Please refer to NetBenefits and other Plan information, such as your SPD, for a description of your right to direct investments under the Plan. For information on any plan restrictions on those rights, please contact your benefits office.

To help achieve long-term retirement security, you should give careful consideration to the benefits of a well-balanced and diversified investment portfolio. Spreading your assets among different types of investments can help you achieve a favorable rate of return, while minimizing your overall risk of losing money. This is because market or other economic conditions that cause one category of assets, or one particular security, to perform very well often cause another asset category, or another particular security, to perform poorly. If you invest more than 20% of your retirement savings in any one company or industry, your savings may not be properly diversified. Although diversification is not a guarantee against loss, it is an effective strategy to help you manage investment risk.

In deciding how to invest your retirement savings, you should take into account all of your assets, including any retirement savings outside of the Plan. No single approach is right for everyone because, among other factors, individuals have different financial goals, different time horizons for meeting their goals, and different tolerances for risk. It is also important to periodically review your investment portfolio, your investment objectives, and the investment options under the Plan to help ensure that your retirement savings will meet your retirement goals. Visit the Department of Labor website http://www.dol.gov/ebsa/investing.html for information on individual investing and diversification.

Some of the administrative services performed for the Plan were underwritten from the total operating expenses of the Plan's investment options.

q Customers are responsible for monitoring their total assets at the Program Bank to determine the extent of available FDIC insurance. Subject to the terms of the customer agreement, customers are reminded that funds are swept to a Program Bank on the business day following the date that funds are credited to your account and until swept to a Program Bank, funds are covered by SIPC. For additional information, please see the FDIC-Insured Deposit Sweep Disclosures on Fidelity.com.

Additional Information and Endnotes

- Fidelity is required by the Securities Exchange Act of 1934 to provide certain financial information from the Statement of Financial Condition of National Financial Services LLC (NFS). At December 31, 2015, NFS, an affiliate of Fidelity Brokerage Services LLC, had net capital of \$3,377 million, which was 13.81% of aggregate debit items and exceeded its minimum requirement by \$2,888 million. To acquire the Statement of Financial Condition of National Financial Services LLC (NFS), log on to Fidelity.com. If you wish to obtain a copy of this document at no cost, or have any questions regarding its contents, please call Fidelity at 800-544-6666.
- Securities purchased on margin are the firm's collateral for the loan to you. The actual amount you can borrow and the firm's margin maintenance requirements may vary depending on the firm's internal margin policies which exceed the margin requirements of FINRA and NYSE. The firm's margin policies are subject to review and revision at any time in the firm's sole discretion. The firm reserves the right to alter the terms on your margin loan at any time to comply with changes in the firm's policies. If the securities in your account decline in value, so does the value of the collateral supporting your loan, and, as a result, the firm can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with the member, in order to maintain the required equity in the account. It is important that you fully understand the risks involved in trading securities on margin.

The risks include the following: IMPORTANT: (1) YOU CAN LOSE MORE FUNDS THAN YOU DEPOSIT IN THE MARGIN ACCOUNT. (2) THE FIRM CAN FORCE THE SALE OF SECURITIES OR OTHER ASSETS IN YOUR ACCOUNT(S). (3) THE FIRM CAN SELL YOUR SECURITIES OR OTHER ASSETS WITHOUT CONTACTING YOU. (4) YOU ARE NOT ENTITLED TO CHOOSE WHICH SECURITIES OR OTHER ASSETS IN YOUR ACCOUNT(S) ARE LIQUIDATED OR SOLD TO MEET A MARGIN CALL. (5)THE FIRM CAN INCREASE ITS "HOUSE" MAINTENANCE MARGIN REQUIREMENTS AT ANY TIME AND IS NOT REQUIRED TO PROVIDE YOU ADVANCE WRITTEN NOTICE. (6) YOU ARE NOT ENTITLED TO AN EXTENSION OF TIME ON A MARGIN CALL.

For more information about your statement, please refer to our **Frequently Asked Questions** document at **Fidelity.com/statements**.

Request for Mortgage Assistance J.P. Morgan P.O. Box 469030 Glendale, CO 80246

Overnight Payment J.P. Morgan 6716 Grade Lane Building 9, Suite 910 Attn: P.O. Box 9001871 Louisville, KY 40213-1407

You have the right to dispute the accuracy of the credit information reported by writing to us at the Customer Service Inquiries address listed above. We may report information about your account to credit bureaus. Late payments, missed payments, or other defaults on your account may be reflected in your credit report.

Payment Information

There are multiple ways you can make your monthly payment:

- Automatic payments Sign up for automatic payments at jpmorganonline.com so you won't have to worry about making your mortgage payments on time.
- J.P. Morgan MobileSM app Make your mortgage payment directly from your smartphone. Visit jpmorgan.com/mobile to download the J.P. Morgan Mobile app. Message and data rates may apply.
- J.P. Morgan OnlineSM Bill Pay Log in to jpmorganonline.com to schedule a payment with no service charge.
- Pay by phone Call 1-800-848-9136 to use our free automated service and authorize a one-time deduction from your bank account.
- By mail or in person- Mail your payment or stop by any J.P. Morgan branch. Remember to include the payment coupon from your statement.

If you do not make your mortgage payment on time or request services from J.P. Morgan, you may be charged fees. Those fees may include those shown in your loan documents, provided by law, or related to the services provided. The fee structure may change without notice except where prohibited by law. J.P. Morgan commonly imposes an Insufficient Funds Fee of \$25.00. Other fees may be charged for services provided. Fees may not be applicable to certain products and may be limited by law.

Loan Payoff Information

The Unpaid Principal Balance on your statement is not a payoff quote. Payoff quotes are available by logging into your account on jpmorganonline.com. You can also request a quote anytime through our 24-hour automated phone service by calling 1-877-505-2894.

Important Bankruptcy Information

If you or your account is subject to pending bankruptcy proceedings, or if you received a bankruptcy discharge, this statement is for informational purposes only and is not an attempt to collect a debt.

All other states: You don't need to send us

your tax bill.

This communication is an attempt to collect a debt and any information obtained will be used for that purpose.

Homeowner Assistance

You can call the U.S. Department of Housing and Urban Development at 1-800-569-4287 or the U.S. Department of the Treasury-sponsored HOPE Hotline Number at 1-888-995-HOPE (1-888-995-4673) and ask for MHA Help to get free assistance, or visit HopeNow.com. You can also find a nonprofit HUD-approved counselor who can provide the information and assistance you may need to avoid foreclosure by using the search tool at hud.gov/offices/hsg/sfh/hcc/fc/.

Crediting of Payments

Payments will be credited as of the day we receive them if the payment is received by 5:00 p.m. in the time zone in which the mailing address on your payment coupon is located and if (a) the payment is received Monday through Saturday except for legal holidays, (b) the payment is received at the address shown on your payment coupon, (c) your payment is made with a check or money order drawn on a U.S. bank in U.S. dollars, (d) the attached payment coupon is enclosed with your payment, and (e) your payment is sent in the enclosed return envelope. Credit for payments made in any other manner may be delayed for up to five (5) business days. Please allow five to seven (5-7) days for payments to reach the payment address. Please do not send cash through the mail. Please include your account number and name on the front of your check or money order. Do not staple, tape or paper clip your payment to your payment coupon. If you want to change how we applied your payment to your mortgage loan, we must receive your request within 60 days of the payment date.

For New York Customers Only

You may file complaints about your Servicer with the New York State Department of Financial Services or obtain further information from the department by calling the department's Consumer Help Assistance Unit at 1-800-342-3736 or www.dfs.ny.gov. We are registered with the NY Superintendent.

If so, please update your information online at jpmorganonline.com, where you can also view your recent account activity. Alternatively, you may check the box on the front of this payment coupon and fill in the correct information below.

When you give us your mobile phone number, we have your permission to contact you at that number about all your Chase or J.P. Morgan accounts. Your consent allows us to use text messaging, artificial or prerecorded voice messages and automatic dialing technology for informational and account service calls, but not for telemarketing or sales calls. It may include contact from companies working on our behalf to service your accounts. Message and data rates may apply. You may contact us anytime to change these preferences.

WE HAVE DETERMINED THAT THE SALES COMPARISON APPROACH IS THE MOST RELIABLE INDICATOR OF VALUE FOR THE							
SUBJECT UNIT. THE COMPARABLE SALES UTILIZED IN THIS REPORT ARE THE BEST AVAILABLE REPRESENTATION OF THIS							
APPROACH TO VALUE. WE HAVE ANALYZED ALL OF THE CLOSED SALES FROM THE SUBJECT'S COMPLEX, AND ANY SALES WHICH							
WERE UNDER CONTRACT AND AVAILABLE TO US FROM THE LOCAL M.L.S. OR WHICH MAY BE WEB BASED. IN ADDITION WE HAVE							
CONSIDERED CURRENT LISTINGS FROM THE SUBJECT PROJECT. FURTHER WE HAVE ANALYZED CLOSED SALES, UNDER							
CONTRACT SALES, AND CURRENT LISTINGS FROM NEARBY COMPETITIVELY ALTERNATIVE PROJECTS. IT IS ONLY WITH THE							
1	ABOVE MENTIONED THOROUGH ANALYSIS THAT WE ARE ABLE TO COMPETENTLY RENDER THE OPINION FOR THE FINAL VALUE ESTIMATE OF THE SUBJECT UNIT.						
This appraisal is made 🗶 "as is", 🗌 subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been							
following required inspection bas	ed on the extraordina	ry assumption that th	e condition or deficier	ncy does not require	alteration or repair:	SEE ADDENDUM	
Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting							
conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is							
6 4,250,000 , as of 11/30/2015 , which is the date of inspection and the effective date of this appraisal.

Individual Condominium Unit Appraisal Report

This report form is designed to report an appraisal of a unit in a condominium project or a condominium unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject unit, (2) inspect and analyze the condominium project, (3) inspect the neighborhood, (4) inspect each of the comparable sales from at least the street, (5) research, verify, and analyze data from reliable public and/or private sources, and (6) report his or her analysis, opinions, and conclusions in this appraisal

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Individual Condominium Unit Appraisal Report

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Freddie Mac Form 465 March 2005

UAD Version 9/2011 Page 5 of 6

Individual Condominium Unit Appraisal Report

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Lender/Client	JPMORGAN CHASE BANK NA				

This is an appraisal report which is intended to comply with the reporting requirements set forth under standards rule 2-2(a) of the Uniform Standards of Professional appraisal practice for an appraisal report. As such it might not include full discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.

This is a revised Appraisal Report from the prior dated 12/2/2015. The following revisions and or clarifications were added.

- We note an additional 1 bedroom sale that was not utilized as it significantly smaller in GLA than the Subject is 62 Cooper Square, #9C. It is a similar 1 bedroom loft style unit that is 1,452sf and sold on 8/3/2015 for \$3,500,000. It was not included as it is 43% smaller than the Subject.
- The Subject is a large loft style 1 bedroom 2 bath unit. The unit is large enough to accommodate a 2nd or 3rd bedroom if desired. We have increased the functional utility adjustment on the comparable sales grid for the 2 and 3 bedroom comparable sales. Due to the fact that all comparables are 2 or 3 bedrooms, an across the board functional utility adjustment was required for this report. The adjustment changed the adjusted sales prices and therefore we have lowered the final value estimate slightly to \$4,250,000.00.
- The Subject's monthly maintenance fee is greater than the comparable sales and the average for the area. We state that due to the Subject's slightly higher monthly maintenance charges all comparables required maintenance adjustments. These adjustments were made by taking the difference in the charges on an annual basis and discounting them to a present worth estimate assuming a 3 year holding period and a discount rate of 5%/annum.
- We have checked the box on the 1004MC form to indicate an appreciating market as to be consistent with page 1 one of this report, our market analysis and the positive time adjustments applied to the comparable sales.
- Signed Engagement Letter has been included.

FIRREA CERTIFICATION STATEMENT:

The Appraiser(s) certify and agree that this appraisal was prepared in accordance with the requirements of the title xi of the financial institutions, reform, recovery, and enforcement act (FIRREA) of 1989, as amended (12 U.S.C. 3331 et seq.), and any applicable implementing regulations in effect at the time the appraiser signs the appraisal certification.

PURPOSE AND INTENDED USE:

The purpose of this appraisal is to estimate the market value of the Subject property, as of the effective date of the appraisal. The report will function as a guide for mortgage financing purposes that uses the Subject property as collateral. This appraisal summarizers the process and final value conclusion. Additional supporting data can be found in our appraisal file.

The intended user of this appraisal report is the lender/client. The intended use is to evaluate the property that is the Subject of this appraisal for a mortgage finance transaction, Subject to the stated scope of work, purpose of the appraisal, reporting requirements of this appraisal report form, and definition of market value. No addition intended users are identified by the appraiser.

APPRAISER INDEPENDENCE:

The Appraiser(s) have prepared this appraisal in full compliance with applicable appraiser independence requirements and has not performed, participated in, or been associated with any activity on violation of those requirements.

USPAP REQUIREMENT:

Kenneth H. Lippe, SRA, acting as the Review Appraiser, had performed the review of the original appraisal on 10/17/2013, which is within the three year period immediately preceding acceptance of this assignment. In addition, Barry M. Lippe, acting as the Inspecting Appraiser, had performed an original appraisal on 10/17/2013 regarding the Subject property, which is within the three year period immediately preceding this assignment.

Further is noted that this appraisal report is made "as is" and with no extraordinary assumptions or hypothetical conditions.

SCOPE OF APPRAISAL:

The extent of the appraisers investigation included (1) review of the assessment record for the Subject property; (2) interior and exterior inspection of the property improvements and Inspection of the site, unless otherwise stated in this report; (3) inspection of the neighborhood and analysis of regional characteristics; (4) research of subscription sales data, public records and other published data sources and current listings; (5) analysis of the selected Comparable sales and listings included verification of the reported data; (6) consideration and analysis of the highest and best use of the Subject site; (7) consideration and analysis of the applicable approaches to value (all three approaches to value were considered and used except were otherwise noted); (8) final reconciliation of the data to arrive at the estimated market value.

The intended use of the appraisal is for loan management decision.

				··· / COITO OB I OTHED TH	, . . .
Borrower	DENTON, NICK				
Property Address	76 Crosby St				
City	New York	County NEW YORK	State NY	Zip Code 10012	
Lender/Client	JPMORGAN CHASE BANK NA				

UAD COMPLIANCE:

It is noted that this appraisal report has been completed and is in compliance with the uniform appraisal dataset (UAD), and as such complies with the updated FNMA/FHLMC UAD field specific standardization requirements. However, it must be noted that individual line item entries ie., for view, location, quality, and condition, may be interpreted differently in the Subject's marketplace vis a vis the standardized choices within the UAD fields.

FURTHER DISCLOSURES

Valutron Appraisal Services Inc. has been involved in the inspection and appraisal of residential properties since 1978. We consider ourselves competent professional appraisers who rely not only our own abilities in identifying any possible adverse conditions be they physical or functional within a Subject property but also on those of home owners, brokers, home inspectors, structural engineers, and trade professionals. For the purposes of this appraisal report, all efforts were made by us to adequately determine the overall condition of the premises and their effect on the market value and marketability of the Subject property.

ENVIRONMENTAL CONDITIONS:

The appraiser observed no evidence of environmental hazards on or near Subject site. Appraiser is not an environmental expert, and has not performed any environmental testing.

The Appraiser takes no responsibility nor liability for the potential presence of any concealed adverse environmental hazards.

Subject was built prior to 1978 and may contain lead based paint.

Appraiser is not an environmental expert, and has not performed any lead testing. Appraiser takes no responsibility nor liability for the potential presence of lead based paint.

NEIGHBORHOOD COMMENTS:

The Subject is bounded to the north by West Houston Street and Greenwich Village, to the south by Canal Street and Tribeca, to the east by Broadway and Nolita and Little Italy, and to the west by the Hudson River.

SoHo, was named South of Houston Street. The subject neighborhood is characterized primarily by its mixture of residential and commercial loft buildings. Other factors that affect the marketability of the properties in the subject neighborhood are its close proximity to schools, employment centers, commercial stores along Canals St. and the Avenues. The economic base of the community is stable to rising with very low unemployment. The appeal to the market is very excellent.

SoHo is known for having a majority of buildings with cast iron decorative fronts. These elaborate cast iron architectural building date from the late 19th century.

HISTORIC LANDMARK DISTRICT:

The Subject building is located within the SoHo-Cast Iron Historic District. The map was designated August 14, 1973.

A historic district is an area of the city that has been designated by the landmarks preservation commission because it has a special character or a special historical or aesthetic interest which causes it to have a distinct "sense of place." Each historic district represents at least one period or style of architecture typical of one or more eras in the city's history. Historic districts may contain a variety of building types and styles from several different eras.

COMMENTS ON MARKET CONDITIONS:

The most recent Corcoran market report for the third quarter of 2015, shows a 5% median price increase for all condo units that are located downtown over the past year (Q3 2014 through Q3 2015). Please note that the Corcoran Report refers to "Downtown" as 14th Street to the north of the Financial District and Battery Park. 1 bedroom condo units downtown had an 8% increase in median price over the past year. The report also mentions that sales downtown were down 5% since last year, inventory dropped 11% and months of supply decreased 6% to 3.4 months.

We have conducted our market analysis utilizing GeoData Plus and the following criteria. We stayed within .5 mile of the Subject analyzing condo sales (pre and post war) from \$2,000,000 - \$7,000,000. From 11/2013 through 11/2014 there were 96 sales with a median sales price of \$3,397,500. From 11/2014 through 11/2015 there were 77 sales with a median sales price of \$3,625,000. This data shows an appreciating market. The 1004MC inventory analysis also shows an appreciating market although based on slightly differing criteria.

Both the Corcoran Market report and our own analysis show an appreciating market for condo units located within the Subject's neighborhood of Tribeca. We have made positive time adjustments to the closed comparable sales.

EXPOSURE TIME:

Exposure time is the estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale on the effective date of the appraisal.

Exposure time is always presumed to precede the effective date of the appraisal. It is different for various types of property and under various market conditions depending at what value range.

					.,
Borrower	DENTON, NICK				
Property Address	76 Crosby St				
City	New York	County NEW YORK	State NY	Zip Code 10012	
Lender/Client	JPMORGAN CHASE BANK NA				

It is the opinion of the appraiser that the exposure time based on an analysis of past events, assuming a competitive and open market for the Subject property would be approximately 1-6 months. The bases on statistical information about days on market, information gathered through sales verification, market data and local brokers.

MARKETING TIME:

Marketing time according to the dictionary of real estate appraisal fifth ed. Published by the Appraisal Institute is...

An opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal. Marketing time differs from exposure time, which is always presumed to precede the effective date of an appraisal. (advisory opinion 7 of the Appraisal Standards Board of the Appraisal Foundation and statement on appraisal standards no. 6, "reasonable exposure time in real property and personal property market value opinions" address the determination of reasonable exposure and marketing time,), see also exposure time

The estimated marketing time for the Subject is 1-6 months.

ZONING COMMENTS:

According to the NYC Department of Planning the Subject is situated in a M1-5B zone. M1 districts range from the Garment District in Manhattan and Port Morris in the Bronx with multistory lofts, to parts of Red Hook or College Point with one- or

two-story warehouses characterized by loading bays. M1 districts are often buffers between M2 or M3 districts and adjacent residential or commercial districts. M1 districts typically include light industrial uses, such as woodworking shops, repair shops, and wholesale service and storage facilities. Nearly all industrial uses are allowed in M1 districts if they meet the stringent M1 performance standards. Offices, hotels and most retail uses are also permitted. Certain community facilities, such as hospitals, are allowed in M1 districts only by special permit, but houses of worship are allowed as-of-right.

In M1-5A and M1-5B districts mapped in SoHo/NoHo, artists may occupy joint living-work quarters as an industrial use. Other than M1 districts paired with residence districts in Special Mixed Use Districts, M1-5M and M1-6M districts (by special permit) and M1-D districts (by authorization or certification) are the only manufacturing districts in which residences are permitted. However, in M1-6D districts, residential use may be allowed as-of-right on zoning lots under certain conditions.

In M1-5M and M1-6M districts, mapped in parts of Chelsea, space in an industrial building may be converted to residential use, provided a specified amount of floor area is preserved for particular industrial and commercial uses.

Floor area ratios in M1 districts range from 1.0 to 10.0, depending on location; building height and setbacks are controlled by a sky exposure plane which may be penetrated by a tower in certain districts. Although new industrial buildings are usually low-rise structures that fit within sky exposure planes, commercial and community facility buildings can be constructed as towers in M1-3 through M1-6 districts. In the highest density manufacturing district, M1-6, mapped only in Manhattan, an FAR of 12 can be achieved with a bonus for a public plaza. Except along district boundaries, no side yards are required. Rear yards at least 20 feet deep are usually required, except within 100 feet of a corner.

Parking and loading requirements vary with district and use. M1-1, M1-2 and M1-3 districts are subject to parking requirements based on the type of use and size of an establishment. For example, a warehouse in an M1-1 district requires one off-street parking space per 2,000 square feet of floor area or per every three employees, whichever would be less. Parking is not required in Long Island City or M1-4, M1-5 and M1-6 districts, mapped mainly in Manhattan. Requirements for loading berths of specified dimensions differ according to district, size and type of use.

COMMENTS ON PROJECT ANALYSIS:

The condominium project's budget for the current year was <u>not</u> made available to the appraiser. We must note that the appraiser is not expert in fiscal matters regarding the day to day operations of a condominium project such as the Subjects. Should a detailed analysis be required it is advised that a certified public account perform an analysis of the projects projected budget to determine if there is sufficient income from common charges, as well as any other extraneous items such as reserves available for items which may need repair or replacing in the near future, fees to contractors for maintenance of the common areas, real estate taxes if applicable, insurance costs, utilities for common areas, managing agents fees if any, and any other pertinent operating expenses.

COMMENTS ON PHYSICAL DEFICIENCIES OR ADVERSE CONDITIONS:

It must be noted that the appraiser is not a licensed structural engineer or home inspector. We have not reviewed any formally prepared engineers report or home inspection report. We make no warranties as to the possible structural inadequacies of the premises due to any non-observable adverse conditions such as previous damage which may have been caused by any insect infestation, shoddy construction, or water seepage.

HIGHEST AND BEST USE:

HIGHEST AND BEST USE IS DEFINED AS: "The reasonable and probable use that supports the highest present value of vacant land or improved property, as defined as of the date of the appraisal (it is) the reasonably probable and legal use of land or sites as though vacant, found to be physically possible, appropriately supported, financially feasible, and that results in the highest land value."

The highest and best use analysis entails two separate and distinct scenarios: the highest and best use of the site as if vacant, and the highest and best use of the site as improved. For each scenario, the use must meet four criteria. The highest and best use must be physically possible, legally permissible, financially feasible, and maximally productive.

Borrower	DENTON, NICK			
Property Address	76 Crosby St			
City	New York	County NEW YORK	State NY	Zip Code 10012
Lender/Client	JPMORGAN CHASE BANK N	A		

HIGHEST AND BEST USE AS THOUGH VACANT: All legally permissible, physically possible, and financially feasible uses of the Subject property, as vacant, have been examined. It is the appraiser's opinion that the highest and best use of the Subject site, as vacant, is for it's current use, a condominium unit.

HIGHEST AND BEST USE AS IMPROVED: Based on the appraiser's analysis of the Subject property, it is the appraiser's opinion that the highest and best use of the property as is improved would be for its current use, a condominium unit.

COMMENTS ON THE SUBJECT UNIT:

We note that the legal square footage for the Subject is 2,556 sf. It has been our experience with older converted condo buildings that the legal square footage is not the actual square footage as most often common areas and/or outdoor spaces are included in determining the apartment areas. The actual gla as per our measurements is 2,111 sf. The legal gla has been utilized as this is the figure which appears on the architectural drawings, Exhibit "B" of the Condo Declaration, and which has been accepted by the Attorney General's office.

The Subject has a separate entrance to the building from 81 Spring Street. The unit cannot be accessed through the main entrance to the building. The subject unit is comprised of the media room, living room, dining room, kitchen, bath, foyer, bedroom and additional bath.

Please note from our prior Appraisal the borrower had mentioned to the Appraiser that approximately \$800,000 was spent on renovations and improvements. They included reconfiguring the foyer, built-ins throughout, removal of exhaust system over stove, and Venetian plaster walls. There are sliding wooden doors in the hallway area and a pocket door separates the dining

room from the media room.

The Subject offers good views of Crosby and Spring Street.

The Subject is in overall good renovated condition.

The rear photo of the Subject is unavailable as buildings in Manhattan are typically built full on the lot with no access to the rear. A photo of the front entrance was included.

There is no parking garage in the Subject's building however there is a fee garage located on the Subject's street. Street parking can also be found in the immediate area.

Items of personal property have not been included in the valuation of the real property.

COMMENTS ON PARKING:

It is typical for buildings in Manhattan to not have parking garages. Parking is found on the street or there are parking garages nearby. The subject happens to have parking garages located 1 block away.

COMMENTS ON CONDO QUESTIONNAIRE:

The condo questionnaire was obtained from The Andrews Organization for no charge.

The condo questionnaire states that there are a total of 7 units. However, there are 6 residential units and 1 commercial unit. According to the managing agent the sponsor owns unit #2A, which also shares the 81 Spring Street entrance with the Subject unit.

COMMENTS ON THE SALES COMPARISON APPROACH TO VALUE:

There have been no recent comparable closed sales from the Subject's building. All closed Comparables are selected from similar pre-war loft condo buildings within SoHo or Tribeca, they have equal market appeal. Comparables #1 - 5 are closed sales. Comparables #6 and #7 are active listings on the market.

Comparable #1 sold just over 6 months ago from Wooster Street within SoHo. It is slightly larger in GLA than the Subject and is in overall similar condition. It has a fireplace and has a 3 bedroom layout, and a functional adjustment was required. The most recent listing information was not available.

Comparable #2 is a recent sale selected from The Dietz Lantern Building on Greenwich Street within Tribeca. It is smaller in GLA than the Subject and is in overall similar condition to the Subject. It has a fireplace and was sold with a deeded parking space. It also has a 3 bedroom layout, and a functional adjustment was required. It was listed on 5/6/2015 for \$4,495,000.

Comparable #3 sold over 6 months ago from The Worth Building on Worth Street within Tribeca. It is very similar in GLA to the Subject and is in superior very good renovated "C2" condition. It has a 3 bedroom layout, and a functional adjustment was required. It was listed on 10/15/2014 for \$4,995,000.

Comparable #4 is a recent sale from The Ice House on N. Moore Street within Tribeca. It is smaller in GLA than the Subject and is in overall similar condition. It has a fireplace and it has a 3 bedroom layout, and a functional adjustment was required. It was originally listed on 3/12/2015 for \$4,900,000.

Comparable #5 is also a recent sale selected from The North Moore on N. Moore Street within Tribeca. It is slightly smaller in GLA than the Subject and is in overall similar condition. It has a 2 bedroom layout, and a functional adjustment was required. It was originally listed 9/3/2014 for \$4,625,000, reduced 10/7/2014 for \$4,350,000, again in 3/23/2015 for \$4,130,000 and went to contract on 4/5/2015.

Borrower	DENTON, NICK			
Property Address	76 Crosby St			
City	New York	County NEW YORK	State NY	Zip Code 10012
Lender/Client	JPMORGAN CHASE BANK N	A		

Comparable #6 is an active listing on the market from SoHo, a -2.5% discount was applied to the asking price. It is slightly smaller in GLA than the Subject and is in overall very good renovated condition. It has a fireplace and has a 2 bedroom layout, and a functional adjustment was required. It was listed on 9/4/2015 for \$4,750,000 and educed on 11/9/2015 for \$4,600,000.

Comparable #7 is an active listing from The Franklin on Murray Street from Tribeca, a -2.5% discount was applied to the asking price. It is larger in GLA than the Subject and is in overall similar condition. It has a 3 bedroom layout, and a functional adjustment was required. It was listed on 3/26/2015 for \$4,800,000 and reduced on 4/22/2015 for \$4,495,000.

The condition of the Comparable sales were derived from market analysis, exterior inspections or MLS where possible. The majority of the Comparables are situated on high floors similar to the Subject and offer similar views.

Due to the current appreciating market all of the closed sales required positive time adjustments at the rate of 5%/annum. These adjustments were calculated as follows. (((Sales Price * .05) / 12) * (Number of months since contract date)). If the contract dates were unknown, the sales date were used to calculate the time adjustments.

Due to the Subject's slightly higher monthly maintenance charges all comparables required maintenance adjustments. These adjustments were made by taking the difference in the charges on an annual basis and discounting them to a present worth estimate assuming a 3 year holding period and a discount rate of 5%/annum.

The gross living area adjustment was made at \$1,000/sf. The floor adjustment was made at \$10,000/floor. The total room adjustment was made at \$40,000 full bath; \$20,000 half bath.

The Subject's estimated market value is higher than the predominant value of the area due to its gla, and good renovated condition. This will have no apparent adverse effect on the subject's market value and marketability.

The Subject unit is in a 131 year old condo building. A range of actual ages for the comparable buildings exist however no age

adjustments were warranted due to the similar effective ages and any differences were considered in the condition adjustments made.

A range of GLA's was observed in the report. This was un-avoidable and due to the lack of sales of homes which were more similar in GLA as compared to the Subject.

Since the Subject unit has 1 bedroom, it was necessary to make "across the board" adjustments to all of the Comparables for their 2-3 bedroom layouts. The bedroom count could not be bracketed for this report.

Days on the market (when available) are typically provided by the on line data source, streeteasy.com, and the indicated days are the market are typically for a properties most recent listing. Often, prior listings have not been included in the days on the market.

Some property details (for the Subject as well as the Comparables) were obtained from assessment records, as well as GeoData LLC and Streeteasy.com when required. However, it is noted that available listing information (from streeteasy.com) may not be entirely accurate at times.

It is noted that the GLA for the Comparables may differ from the streeteasy.com. We have utilized the public records in obtaining the GLA's for the Comparables.

Several searches were made in an attempt to provide the best available comparable sales. The comparables provided were determined to be the most proximate and the most recent sales available.

The Comparable used are among the best available with adjustments to determine the estimated market value of the Subject unit. We note that the digital photos contained in the report are the actual "as is" photos of the Subject and the Comparables. The rear photo of the Subject is unavailable as buildings in Manhattan are typically built full on the lot with no access to the rear.

APPRAISER'S NOTE:

Please note that there have been 2 sales within the past 2 years from the Subject's building however are not considered comparable to the Subject. They are:

76 Crosby St., #4 - sold on 6/5/2015 for \$9,100,000. It is a full floor, 5,262sf, unit in very good condition.

76 Crosby St., #PH - sold on 8/27/2014 for \$20,000,000. It is a 9,865sf duplex penthouse with a large private roof deck.

FINAL RECONCILIATION:

The 5 closed sales were given equal weight and consideration in this report. They represent the most recent and similar comparables available in estimating the final market value for the Subject. All closed comparables have very low net and gross adjustments. The 2 listings were also considered however were not weighted as heavily.

The estimated market value for the Subject is greater than that found in our prior report as the market has been improving in the Subject's neighborhood year over year since that time.

This appraisal report is to be used in conjunction with a mortgage lending financing transaction only. This report is not intended for any other use. The final value estimate opinion rendered herein is not based on the approval of the loan. The market data approach is the only approach considered in estimating the final value for the Subject. The cost approach is not considered to be a valid approach for this analysis. The income approach also has not been considered as units in the immediate Subject project are typically owner occupied and a gross rent multiplier cannot be extrapolated from the marketplace.

Downtown

3Q2015

Downtown was one of only two submarkets with a decrease in sales compared to Third Quarter 2014, with a 5% decrease to 1,06£ closings. This was partially due to a slight decrease in new development closings, which accounted for 11% of sales this quarter compared to 13%, in Third Quarter 2014, inventory was down 11% year-over-year to just over 1,200 units, and Days on Market was the lowest of any submarket at just 69 days. Months of Supply, at 3.4, was down 6% from the same time last year.

New development and resale condo median prices were the highest in Manhattan

Mainly due to the sobmarket claiming a significant number of new developments, Downtown continued to have some of the righest pricing in the city. Prices for resale condos and new development far outpaced all other submarkets. Overall median price in Downtown was up 21% year-oversyear to \$127fM, and average price per square foot increased 9% to \$1.83f.

Resale condo median price was up 5% year-over-year to \$1.873M and resale co-op median price increased 6% to \$780K. New development median increased a staggering 204% year-over-year to \$4.825M, driven by closings in West Chelsha and Tribista, which included a significant share of large units.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

0.5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

06

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:

3.2 indicates three full baths and two half baths.

Kenneth Lippe Valutron Appraisal Services, Inc. P.O. Box 340 Roslyn Heights, NY 11577

Re: Nick Denton

76 Crosby St, Apt 2B New York, NY 10012 ASG File #: SF15-08280-001

Dear Kenneth Lippe,

Regarding the above referenced property, as described below, this letter will serve as authorization for you to develop a written External Appraisal in a Form 1073 Condo Unit Interior Insp. report estimating the following:

Requested Value(s):

Valuation Premise Premise Qualifier **Property Rights** Premise Comment

Market Value As Is Fee Simple

As previously agreed, the basic scope of the assignment should include:

Report: Report must include copy of Valid State Certifications - REQUIRED

Electronic Report PDF

The subject property must be inspected by an appraiser who is certified or licensed, whichever is applicable, and if required for the assignment, in the state

where the property is located. This appraiser must also sign the report.

Analysis: Sales Comparison Approach

See ASG External Guidelines for details on Market Analysis - Level B.

URAR 1004MC Addenda to URAR 1004 Form

Regarding this property and transaction, is this the first communication you have had regarding the need for an appraisal? If No, please provide details: Additional Question:

Intended Use: Intended Use is Loan Underwriting

Intended User: Intended User is JPMorgan Chase Bank, N.A.

Client: JPMorgan Chase Bank, N.A. Client:

Process Comments: In accordance with USPAP Standard Rule 1-6 and USPAP Standard Rule

2-2(b)(viii), A reconciliation of each approach used is required. ASG would emphasize the need to reconcile the sales comparison approach. This requires an analysis/explanation of how the reconciled value was determined within the

indicated range of the sales comparison approach.

Include at least one competitive listing. If the market is declining, include two

competitive listings.

If the subject is tenant occupied, the lease terms must be analyzed and discussed

within the report, including any impact on value and marketability. If the appraisal is developed and reported in any value premise other than AS IS,

then an AS IS value must also be reported in your report.

SF15-08280-001 2

> If there has been any recent, substantial remodeling/renovations to the subject, the appraiser should report the costs associated, if available.

Report the most recent sales activity for the subject and comparables regardless of sale date. Report and analyze any pending purchase agreement and/or listing history including reconciling the contract and/or list price to the opinion of value. Include a building sketch with exterior dimensions and GLA calculations or unit sketch with dimensions. If other sources are relied upon, clearly state the source of the reported GLA.

Changes in the scope, such as report form, or additional site(s) or units, should be

reported to ASG immediately upon discovery.

Interior photos: kitchen, bathrooms, main living areas, and any examples of recent updating, remodeling or renovation and/or any physical deterioration if

MLS photos are not acceptable unless no other photo will adequately represent the property.

For condos/coops, the project questionnaire should be included, if available; if not available or deemed unreliable, please indicate the source of the project info. The Scope of Work (SOW) for this appraisal assignment is based on an interior and exterior subject property inspection as determined by the complexity of the appraisal assignment and the reporting requirements of the appraisal report form, including the stated Definition of Market Value, Statement of Assumptions and Limiting Conditions, and Certifications. The appraiser is required at a minimum,

Perform a complete visual inspection of the interior and exterior areas of the subject property;
- Inspect the neighborhood;

Inspect each of the comparable sales, at least from the street;

- Research, verify, and analyze data from reliable public and or private sources; and
- Report his or her analysis, opinions, and conclusions in the appraisal report.
- We require that the Cost Approach to Value be developed and reported within the appraisal report, including support of the land value estimate. - Identify each freestanding structure in your appraisal report property description and include at least one photograph of each. (i.e. the main dwelling,
- garage, and any other detached structure such as: pool house, guest house, barn, etc.) - Include both the Replacement Cost Value (RCV) new and ACV (Actual Cash
- Value), individually for each freestanding structure, in the space immediately above the Cost Approach. Additionally, indicate the totals for these structures in your Cost Approach. The cost calculations for these various detached structures do not need to be presented but should be retained in your work file and back notes. Please see the ASG External Guidelines for additional information, or
- contact the ASG Review Appraiser if you have any questions.

 If land sales are not available, please comment on the source for support of the land value estimate. Note that the development of the Cost Approach to Value is not required for condo or co-op property types.

The Scope of Work stated on the appraisal report form reflects the minimum level of research and analysis required. The appraiser can expand the minimum Scope of Work for the appraisal and report on any additional research or analysis that was necessary and performed based on the complexity of the appraisal assignment. The need for an expanded Scope of Work is specific to the particular appraisal assignment and should be the exception, not the norm, for appraisals on typical one-unit properties. JPM ASG will expect that the appraisal process and reporting to be completed in compliance with current USPAP requirements and the JPM ASG External Appraisal Guidelines.

It is critical that appraiser independence is maintained. Therefore, the fee appraiser is prohibited from discussing any aspect of this appraisal assignment with anyone other than ASG personnel. These limitations include, but are not limited to, the amount of the appraisal fee, preliminary and or final value conclusions, any valuation assumptions and or conditions, status of appraisal

Single Family Scope:

Single Family Scope - cont'd:

SF15-08280-001 3

report delivery, etc.

The State Certified appraiser who signs the engagement letter is always required to sign the appraisal report. Attach a copy of the current state license for each appraiser who signs the appraisal report.

Please attach a copy of the entire, signed Letter of Engagement to your appraisal

Invoices: Please add the ASG File Number found on the Engagement Letter to each

Invoice.

Each Invoice, and the data added to RIMS Central, must itemize State Sales Tax. Show or enter \$0 if there is no such tax.

Award Comments: N/A

Property Description:

Property Type Major: Residential Property Sub-Type: Attached

Property Current Use: Condominium/Townhouse Unit

Property Primary Size: Property Primary Size Units

Property Land Size: Property Land Size Unit: SF Parcel:

Property Description:

It is a specific requirement that: (1) your value estimate of the above-referenced property be based on and conform to the definition of "Market Value" contained in Title XI of the Financial Institution Reform Recovery and Enforcement Act of 1989, and regulations promulgated by relevant regulatory agencies pursuant to that act (collectively, "FIRREA"); and (2) the definition of "Market Value" contained in FIRREA be stated in the appraisal report. Unless specifically requested by the Appraisal Services Group (ASG), there must be no reference(s) whatsoever in the appraisal report to any other technically recognized perceptions of and/or modifications to value, such as "Fair Value", "Use Value", "Liquidation Value" or any other such term(s) that might be construed or interpreted to be an alternative to a substitute for or synonymous with Market Value as defined in FIRREA interpreted to be an alternative to, a substitute for, or synonymous with Market Value as defined in FIRREA.

Unless otherwise noted above, it is understood that Chase together with its subsidiaries and affiliates, including Chase and their successors (collectively, "Chase"), is both the client and the intended user, and the intended use of the appraisal is for Chase's underwriting purposes. The appraisal must be prepared in compliance with FIRREA and the Uniform Standards of Professional Appraisal Practice (USPAP). The appraisal must also conform to Chase's Appraisal Guidelines, which are revised periodically. It is your responsibility to review them from time to time as you will not be automatically notified when they are revised. A copy of the Guidelines can be reviewed at http://www.chase.com/appraisal (doc password: asg05).

The terms and conditions of Chase's Appraisal Guidelines, including provisions relating to Fair Lending, confidentiality and Confidential Information (as defined in the Guidelines) are incorporated into this letter by reference for all purposes and shall be considered a part hereof. You represent to Chase that you have reviewed those Guidelines before executing this letter and that you agree to the terms thereof.

Please contact the borrower's representative listed below to arrange for a property inspection and the delivery of any property information that may be deemed necessary to complete this assignment. You are acting in this capacity as an independent contractor and you are not authorized to represent yourself as an employee or agent of Chase.

Nick Denton, Borrower Phone: 917-438-7214

The total fee, inclusive of all expenses, for this assignment is \$1,200.00 due after delivery of an electronic copy of the External Appraisal in a "read only" format (preferably Adobe "pdf") and 0 hard copies. It is agreed that the completed appraisal reports will be delivered on or before November 27, 2015.

Please address the appraisal report to:

SF15-08280-001 4

Lisa Kuhne Review Appraiser JPMorgan Chase Bank, N.A. AZ1-1183 201 North Central Avenue Floor 20 Phoenix, AZ 85004 lisa.kuhne@chase.com

For RIMS users, the report should be uploaded to RIMS Central; non-RIMS users should provide the report via email to the following:

Lisa Kuhne
JPMorgan Chase Bank, N.A.
AZ1-1183
201 North Central Avenue Floor 20
Phoenix, AZ 85004
lisa.kuhne@chase.com

Jennifer M Stoker JPMorgan Chase Bank, N.A. TX2-S068 712 Main Street 11 Houston, TX 77002 jennifer.m.stoker@chase.com

To ensure prompt payment of your professional fee, do not include the above-referenced individual's name on the invoice. It is also important that the word "invoice" appears on the document (do not use the word "statement") as well as your taxpayer identification number.

Any request for the extension of the report delivery date must be in writing and should be faxed or e-mailed to the undersigned as soon as possible (generally requests should only be made when reasons for delay are attributable to either our customer or our own bank personnel). Please be aware that unless we have given prior approval to your request for an extension, a late charge may be assessed at the rate of 10% of the total fee for receipt of your appraisal report by our office on the first business day following the due date and 5% per day thereafter. This charge is in the nature of liquidated damages, and you agree that it represents a reasonable estimate of loss and not a penalty.

It is imperative that you contact the undersigned immediately if the property contact has been unresponsive and/or the delivery of the necessary information to complete this assignment is being delayed. It must be emphasized that your failure to comply with this directive will eliminate the lack of necessary property information as an acceptable reason for late delivery.

Chase reserves the right to provide copies of the appraisal report (in its entirety) to interested parties, including Chase's agents, subsidiaries, affiliates, and their successors, the borrower(s), and existing and/or potential loan participants or purchasers. Please include a copy of this engagement letter and evidence of your state certification in the appraisal report's addenda. During and upon completion of this appraisal assignment, neither the value conclusion nor any other aspect of the valuation should be released to anyone other than a member of Chase Appraisal Services Group. Please contact the undersigned if you have any questions or comments regarding this assignment.

If this letter accurately represents your understanding of this appraisal assignment and the specifications pertaining thereto, please signify so by 1) accepting this award via RIMS Central; or 2) if not a RIMS user by signing in the space provided below and returning one original copy of this letter to the undersigned.

Sincerely,

Lisa Kuhne
