1 think from the e-filing system we do it.

2 THE COURT: All right.

3 MR. BERRY: We should be able to have an
4 answer -- provide an answer --

5 THE COURT: Here's what I would like to
6 do: I would like to rule -- I recognize that I
7 can't set a trial, especially with waiting for
8 Ms. Cole's answer. Be that as it may, I'm
9 going to grant the severance aspect -- I'm
10 going to grant the severance aspect of it.
11 With that, you-all can come back here shortly.
12 So we can wait for Ms. Cole's answer to be
13 filed and see where that goes and I'll set the
14 trial date again.

15 I saw Mr. Harder's proposed schedule. I
16 am positive that that does not include anything
17 on my calendar, because I don't even know if
18 I'm available on May 1st, and I doubt that
19 Mr. Harder scheduled that already with my
20 assistant. So I would like then -- we can
21 either do it one of several ways.

22 Procedurally I recognize I can't set a
23 trial date until the answer is filed. So
24 you-all can come back in a few weeks and I'll
25 set a trial date then and we'll have a case

1 management conference and we'll hash out what
2 Mr. Harder attempted to do in his letter that
3 was October 15th to Judge Case or --
4 and we can do that with my calendar so I'm
5 blocking off times on my calendar over the next
6 year. I like to do that, because it's already
7 on there. I think this case seems to require
8 more time than most of my cases. Or I can tell
9 you right now when I think a trial would be
10 good for this that I think that you-all can
11 look at it. I won't initiate the order yet,
12 because I don't think it would be appropriate,
13 but I can tell you when I think that that trial
14 would be good.

15 You-all can sort of see if you can work
16 out those things on your own or with
17 Judge Case's assistance, if you would like.
18 And I'm going to pencil it in, but I'm not
19 issuing an order yet, for I would think July,
20 if that's good with everybody's schedules.
21 July has a two-week docket as well.

22 I appreciate the fact that under the
23 proposed schedule it probably would be
24 difficult to have all of that done, and I thank
25 you, Mr. Harder, for trying to work out that

1 kind of -- I consider it to be case management,
2 especially with summary judgment issues. That
3 concern I think was appropriate, this 11 days,
4 given the nature.

5 So if everybody's calendar is good -- and
6 that trial docket in July, just so you-all can
7 be talking about it, not that I'm going
8 to issue an order, is July 6. It's a two-week
9 docket July 6. You-all could be here for the
10 4th of July and enjoy all of our wonderful
11 fireworks that we have in the city of
12 St. Petersburg.

13 And if you-all want to continue to talk
14 about that, see if that date works for you-all,
15 and see if you can come up together with a
16 conferencing schedule; and if you want to
17 coordinate some of those things with Teresa,
18 you can go ahead and put those calendared
19 events on my calendar.

20 One of the things that concerns me is I
21 think we need to have regular case management
22 because I can foresee regular hearings with
23 Judge Case, discovery disputes, exceptions to
24 the reports and recommendations, so I would
25 rather have those all on the calendar so we

1 don't run awry of any kind of trial calendar.

2 Some of you know I have a firm continuance
3 policy, and that is what is authorized and told
4 to me to be done by the Rules of Judicial
5 Administration. So I like having regular case
6 management conference so that I hold
7 everybody's feet to the fire and we go
8 according to the schedule and that makes things
9 I think work more smoothly for everyone.

10 I think while some of the folks in here
11 know me and at the beginning, especially some
12 of you newer folks don't, but I'm sure you've
13 read the transcripts, that while I may seem to
14 be really nice and I try to be very nice and
15 that's always my first approach, is to treat
16 everybody as professional as I say I like to
17 act, I can also be mean as a snake, especially
18 when it comes to deadlines. I like to keep
19 deadlines and everybody working together
20 towards those goals.

21 I appreciate everybody has their clients
22 to represent and represent well, but there also
23 comes a time when the Courts, like I said in
24 the beginning, are supposed to manage the
25 docket and to manage the affairs of the parties
