A sex tape starring iconic professional wrestler Hulk Hogan is currently being shopped to pornography distributors, according to reports.

TMZ got a preview of the tape, which reportedly shows Hogan stripping off his clothes and hopping into bed with an unidentified brunette. The site reports that the woman in the video is not Linda Hogan, whom Hogan was married to for 23 years, nor his current wife, 35-year-old Jennifer McDaniel. It's unclear when exactly the tape was made.

According to TMZ, Hogan, who is known for his leathery tanned skin, shows off an interesting tan line — in the shape of a thong.

In the clip, he also reportedly says, "I started to work out again" while taking off his shirt.

Hulk Hogan rose to fame in the mid-80s because of his supersized persona and wrestling chops. In 2005, he and his family appeared in the VH1 reality series "Hogan Knows Best." While the show was still on the air, Linda Hogan filed for divorce from Hogan after it was alleged that he had an affair. In 2010, Hogan married McDaniel, who is widely noted to look similar to his daughter, Brooke Hogan.

While Hogan has yet to respond to the sex tape allegations, they certainly give new meaning to the phrase "Hulkamania."
