The woman who had an affair with **Hulk Hogan** is speaking out!

Christiane Plante, a former friend of **Brooke Hogan's**, just sent us the following statement, to air *her* side of the story.

She says:

"Dear Perez,

I do not know you but I must tell you one thing: I did NOT leak the story of my affair to the National Enquirer, nor was I paid ANY amount of money to issue my statement. In other words, I was framed. Here is the name and number of the National Enquirer reporter who showed up at my door one morning as I was leaving for work, 2 days after I had confessed the truth of the affair to Brooke upon her confrontation-you can call him or anyone at the Enquirer and ask them for yourself if I tipped them or if I was paid anything for my confession: Darryl Wrobel (305) 205-XXXX.

Upon being presented with evidence that Mr. Wrobel had concrete and obvious knowledge and proof of the affair ("What was the nature of your relationship with Hulk Hogan?" I said we were friends. Him: "Really? What about that letter you gave to Brooke two nights ago?" I was so taken aback, I completely broke down.) I

**TOP 5**  
**Bill Cosby**  
**Dickinson**  
**Using He**  
**Interview**

decided I owed Brooke and the Hogan family a formal apology for my actions, which was my sole statement.

You won't find me signing a deal for a tell-all book on the Hogans, pimping out juicy details of the affair, appearing on television to milk this 15 minutes for all it's worth or anything of the sort. You can't even find any pictures of me online. I am ashamed of what has taken place and it has caused me a lot of pain both personally and professionally. Call me what you want, but I did NOT leak this gossip to the press NOR did I gain ANY \$\$\$ from it. It makes me wonder who has truly benefited by selling the story to the Enquirer and who has cashed in on this affair becoming public knowledge. Anyhow, we all know how karma works..

Thank you.

Christiane Plante"

"WE all know how karma works." — really?! She's going to say that in situation that involves how she slept with her best friends father who was married? Wow, so not only is she a slut, she's also an idiot. If Karma works, then she's got a lot of bad things coming her way, she should probably hope it doesn't.

This letter is refreshingly articulate. I, for one, believe that Brooke leaked everything so that she could garner more publicity and be able to do so in a rather sympathetic light. After reading this letter, I am a member of Team Plante!

chickie says - reply to this

Dear Perez,  
I just want everyone to know the truth as I am nothing but an upstanding honest, truth telling citizen.  
When I slept with Linda's husband, my good friend Brookes daddy, I did not charge him a red cent, nor did I take any pictures. I did it for free dammit!!  
I would never tell anyone but his daughter of my cheap affair with her daddy.  
Please get it right Mr Perez Hilton.com, I am cheap, I have never charged anyone for any sex in my whole life nor do I intend to. And I am a closed mouth whore at that!! Why, just ask any of the 1000's of my friends fathers if I've ever said anything about any of them except of course to their daughters.  
I certainly hope this puts an end to the vicious rumors that are spreading out there about me. Please help me get the truth out there.  
Thank you  
Christine Planted my face you know where on you know who...just ask his daughter

Chrystina says - reply to this

Why is she releasing a public statement if she isn't in it for her '15 minutes of fame'? Obviously she's milking the whole situation as until I saw this post I'd completely forgotten about the whole ordeal. No one cares, it's old news now- no one really wants to hear some penny whore's side of the story. We all know that Christiane Plante is a slut who slept with one of her good friends father... period... end of story. Oh and I agree with a lot of other posters, if karma works then this bitch should have it coming for her. I really wonder how she's going to feel when he bestfriend sleeps with her father... I mean, since we ALL know how karma works!!

Christine, you stay very strong. What you did was very wrong, but you are also very young. I did the same thing when I was your age (20 yrs ago) and it was a hard, shameful lesson. But I applaud you for having the courage to stand up and admit your mistake, and there is very little doubt in my mind you will repeat it. Sometimes very good people can make bad choices. God Bless.

You'll need it.

Why... says - reply to this

would she send an e-mail to perez? she should have stayed quiet. that would have been the most respectful thing to do. if she didn't confirm the affair that's all it would be is a

big rumor. her sending an e-mail is like pouring salt in the wound. yes the affair was wrong, especially since she is friends with brooke & obviously linda had trusted her to bring her into the lives of her family members. however, who are we to judge her. rich & powerful men can be very convincing & i am sure hulk told her lies about his marriage. she obviously knew better but it was probably hulk who pursued her & the relationship. men are pigs when it comes to sex. again, what she did was wrong but i am sure there is a lot the public doesn't know. i feel for brooke & linda. they are good people.
