Lakeview Greg If Hulkster kept one of his Hulk Hogan Grills on the bedside table he could have whipped himself up a good, hot, nutritious sandwich and he would have pep to make that drive home.

Rochelle Harris There's something really sad and sinister about this...sad in the human sense...about the fact that we are capable of secretly filming each other and then deliberately sharing it with the public. Why? I'm not a celebrity sympathiser at all, but they don't cease to be people deserving of respect. Let the guy get his fuck on, and be done with it.

Deb Quilty What a lousy lay! She sucks his dick. She gets on top. She does all the work. All the while his mind just seems to be wandering elsewhere, and then he walks out on her. I hope she is getting paid for this. "Your big dick feels so good in my pussy." Bullshit! More like your big money feels so good in my purse. Hulk is a pig in bed too.
