Listen u know that i love you terry period. please stop publicly burying me. I didn't release the footage, and im suffering horribly from all of this. the thing that hurts the most is that u r upset with Me. I have always tried to protect You /ur family during tragedies far worse than a sex video.

Nobody has stood by u more than me.
From helping with

We have so much history. This is a bad deal that was the by product of a very evil woman that I'm very embarrassed to have been married to. I'm very sorry /embarassed / we both are going thru this. It's not good for me either

You told me to tell the truth so how am I burying you ,I didn't hear a word from u ,u said u were with me and u didn't need to lawyer up then I hear from your lawyer,you did not call me and I got fed to the media lions without another word from you! I'm losing everything ,my job,career and everyone in my personal life and your worried about me burying you by telling the truth? I don't get it and now I finally hear from you and that is how somebody treats their best friend?lie about filming me,say your with me all the way,let me get crucified and now your worried about YOURSELF getting buried by the truth,I just don't get it.

I'm a really bad spot and I'm really trying hard to decide who is gonna be in the crosshairs so you need to not bull shit me and answer only one question. Why did you lie to me and tell me there no cameras filming in your bedroom when you had them set up and ready to film already?

Terry. Based on the press I've seen you are having a press conference today announcing a law suit against me and Heather. I don't understand why you have chosen to do this at all. I have been there through thick and thin for you over and over again. Now David Houston getting in front of a TV camera is more important that our life long friendship. If you file this suit I will be forced to defend myself and will do so by whatever means are necessary and will disclose EVERYTHING I know about EVERYTHING. I don't want to do any of this but if attacked I will be forced to defend myself and will do so using all means and forums I have available to me. I'd rather work together on this but you do what you need to do and I just want you to be prepared for me to do the same.

Your actions speak louder than your words"no words",I asked you to answer one question,no answer,u left me to to be destroyed,my personal life,my career.nothing from u .This isn't about David,it's about u setting me up lying to me and filming me when I had no knowledge of it and all I asked you for was an answer,why did u do this to me but I got nothing from u. Now I understand you're never my friend and there is nothing more you could ever do to hurt me! Let me guess,tell the truth,I'm not afraid of the truth,maby lie some more,I wouldnt surprised one bit. Now my actions will speak for me. Thanks for never being my friend and destroying my life," what are friends for ?"
