Hi Seth,

I apologize for the late response, but I was out sick this week and have been playing catch-up today. Yes, your below summary of our conversation is correct. The DVDs you received last week follow with the transcript found at GAWKER 175-79.

Thanks,

Kenneth.

Kenneth –

It is my understanding from our telephone conversation last week that the substance of the two “re-processed” DVDs match the transcript of those DVDs prepared by Mr. Davidson and found in the FBI’s production at GAWKER 175-179. I would appreciate your confirming that my understanding is correct. Thank you.

Seth
