Thank u for ur email I will get with Tom first thing in the morning and get this handled

On a different note

I was contacted today by hogans attorney David Houston

He has informed me that there maybe some kind of sex video with you and Terry being shopped around by someone

He also told me that hc/terry have contacted the Florida state attorney general and will be pressing full criminal charges to whomever is trying to shop this tape. If u have any idea who's behind this please express to them releasing this is criminal
And terry will prosecute to the fullest possible extent of the law.

Please let me know ur findings
