Dear Ms. McNeill:

The Justice Administrative Commission (JAC) has received and reviewed the Motion for Confidential Neuropsychologist as to the above-referenced matter. JAC will not be filing a formal response and takes no position as to your motion except JAC objects to any rate in excess of the established rates absent a showing of necessity to exceed those rates. Rate charts are posted on [JAC's website](#). JAC does not request to participate in any hearing set for this matter. You may utilize this email in lieu of a formal response and should attach it to your motion when you provide it to the court.

JAC has concerns regarding the amount requested (\$15,000 – 50 hours) for the expert. JAC would suggest a lesser cap, such as \$7,500 -25 hours. The defense can always seek authorization for additional funds if necessary.

Please be aware that the proposed order needs to contain the following information: (1) identity or type of expert; (2) amount authorized (cap) for the expert services; and (3) rate(s) authorized for the expert services. An order lacking this information may result in delay in payment to the expert.

Sincerely,

Christian Lake

Assistant General Counsel
