

IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT  
OF THE STATE OF FLORIDA IN AND FOR PINELLAS COUNTY

23-02935-CF

State of Florida

v.

Tomasz Koswoski  
PID: 312109281

Affidavit of Detective Moore in Support of Arthur Hearing

Your Affiant, Detective Lance Moore is currently employed as a sworn Police Officer for the city of Largo and has been so employed since May 2004. Your Affiant has attended the Police Academy through St. Petersburg College and is currently assigned as a Detective for the Largo Police Department. Your Affiant was assigned as a crime scene investigator in 2005. Since July 2014, Your Affiant has been assigned as a Detective in the Investigative Services Division at the Largo Police Department. From 2018 to the present, your Affiant has been assigned as a detective in the Crimes Against Persons division. Your Affiant has completed training in IPTM Homicide Investigations, online undercover chat investigations, Peer to Peer (P2P) investigations, sex crimes investigations, trauma informed sexual assault investigations, and online undercover child pornography file sharing investigations. This training occurred over multiple courses varying from 20-40 hour courses. Based on all of the above training and experience, your Affiant assisted in the investigation regarding the homicide of S.C.

## **CRIME SCENE**

On March 21, 2023, at approximately 1146 hours, officers with the Largo Police Department were dispatched to 1501-B S Belcher Road, Unit 6, Largo, Pinellas County, Florida to conduct a Welfare Check. Jake Blanchard (W/M 08/22/1974) of Blanchard Law called to report that his employee, S.C. had went to the bathroom between 0930 hours and 1000 hours and had not returned to his desk. Jake informed dispatchers that he went into the bathroom and observed blood. S.C. had left his keys, wallet, cell phone, work laptop, and tablet on his desk before walking to the bathroom.

When officers arrived on scene an area check was conducted with negative results. Officers conducted a check of local hospitals in the area with negative results. At 14:33 hours S.C. was listed as a missing person in the Florida Crime Information Center (FCIC) and the National Crime Information Center (NCIC). To date S.C. has not been located.

On 03/21/2023 your Affiant responded to the business and assisted by reviewing surveillance video of the parking lot. At timestamp 3/21/2023 At 08:32:52 hours your Affiant observed what appeared to be a Toyota Tundra, gray in color, enter the parking lot of the business from Belcher Road.

At 3/21/2023 at approximately 08:34:24 hours your Affiant observed a male dressed in jeans, a long sleeve white shirt, and a backpack walk from the parking lot toward the main entrance for the law office of Blanchard Law, Unit 6. The male was carrying a large box on his shoulder and appeared to be wearing dark color gloves. The unknown male opened the door and walked into the hallway of the building.

At approximately 8:37:26 hours your Affiant observed a person that was identified as S.C. walk toward the main entrance to the law firm wearing a long sleeve red sweater. At approximately 9:50 hours S.C. got up from his desk and walked to the bathroom before a teleconference hearing that was scheduled to take place at approximately 10:00 hours. Your Affiant learned that Tomasz Kosowski was also scheduled to take part in the teleconference hearing.

Your Affiant continued reviewing surveillance video. At approximately 10:22:18 hours your Affiant observed a male, wearing jeans and a blue short-sleeve shirt exit the main entrance of the law firm. The male was observed tugging and pulling at what appeared to be a small wagon that was on wheels. A large object that appeared to be a box or container was observed in the wagon. The unknown male pulled the wagon toward the parking lot until he was lost out of view of the surveillance camera from the business.

At approximately 11:05:15 hours, your Affiant observed the same male subject reposition the cart in the parking lot. At approximately 11:15:37 hours, the unknown male can be seen now wearing a different shirt that appeared to be gray in color and jeans. The male walked from the parking lot to the northwest corner of the building that housed the law firm. The male looked toward the main entrance of the law firm before turning around and walking west to the parking lot. At approximately 11:16:04 hours, a crew cab truck, gray in color, was observed pulling forward from the parking spot. The truck proceeded north through the parking lot before making a right turn to go north bound onto S Belcher Road. Surveillance video showed a large object that was covered by what appeared to be a heavy-duty red cloth in the bed of the gray truck.

Your Affiant learned that surveillance video from Circle K located at 1499 S Belcher Road showed a PSTA bus near the suspect vehicle at that time. Your Affiant observed images from the

PSTA bus with a timestamp of March 21, 2023, 11:24:42 hours. The images show that the suspect truck was north bound on S Belcher Road, near the intersection of Gulf to Bay Boulevard, in the median through lane. The camera image from the PSTA bus showed a large bag or container in the bed of the suspect vehicle.

During the investigation, your Affiant learned of a similar call for service that took place on March 14, 2023, at 12:54 hours. On that date and time, a complainant with the Tampa Bay Veterinary Clinic, 1501 S Belcher Road Unit 1A, called to report a suspicious incident that had taken place earlier on that date. The incident was documented as LPD Event# 2300017743.

Your Affiant learned that on that date an employee had walked into the utility closet located in Building B, where Blanchard Law office is located. The employee went to close a door and observed an unknown male hiding behind the door in the dark room. The male was described as wearing jeans, a loose t-shirt, and a surgical face mask. The male stated that he was there because of a power outage and walked out of the room. The employee observed the unknown male leave in a truck that was believed to be a Toyota Tundra with a yellow license plate affixed to the rear of the truck. The employee further detailed that the tag appeared to be from New Jersey.

Your Affiant learned from Det. Bolton that Lt. Focade of the PCSO AFIS Division identified the latent print of Tomasz Kosowski's index finger. The latent print had been recovered during crime scene processing on March 21, 2023, from the interior portion of the utility closet door of the shared hallway in the building where the Blanchard Law Firm was located.

Your Affiant continued reviewing surveillance video of the business to determine if the incident on March 14, 2023, may be related to the incident on March 21, 2023. Your Affiant observed a truck, gray in color, leave the parking lot of 1501 S Belcher Road on March 14, 2023,

at approximately 9:34:03 hours. The truck turned right onto S Belcher Road and proceeded north bound.

Your Affiant learned from Det. Bolton that the scheduled teleconference hearing on March 21, 2023, was to involve S.C. and Defendant Kosowski. S.C. is the defense attorney in a pending civil case where Defendant Kosowski is the plaintiff representing himself. S.C. was not present for the teleconference hearing.

Your Affiant learned from Det. Gay of the Largo Police Department that Defendant Kosowski did take part in the teleconference hearing that took place between approximately 10:30 and 11:00 hours on March 21, 2023. Court records reflect that Defendant Kosowski took part in the teleconference hearing at 10:28:15 hours on March 21, 2023. The phone number that was logged as being used by Tomasz to take place in the court hearing was 321-663-0128. Your Affiant identified the telephone carrier for this phone number as T-Mobile. Your Affiant did not observe the male subject in the surveillance video during the time of the teleconference court hearing.

Your Affiant is aware from Detective Bolton that Largo Police Officers entered the men's restroom in the office building. Bolton observed what appeared to be a red liquid smeared on the exterior of the men's restroom door. Bolton observed what appeared to be drops of a red liquid on the single toilet stall wall to the left of the single urinal. In Detective Bolton's training and experience as a law enforcement officer, the liquid appeared to be blood. Your Affiant learned from Bolton that in his training and experience, a similar red liquid, consistent with blood, was observed smeared on the exterior of the toilet bowl in the single stall. Bolton observed what appeared to be a dark liquid on the floor of the single stall that appeared to have been dried smeared in a circular motion. Bolton observed that the room smelled strongly of cleaning products. Bolton

indicated from the smell and the condition of the room it appeared attempts made to clean up the liquid on the floor. Certain sections of 1501-B S Belcher Rd were determined to be a crime scene. These areas include the single men's restroom in the building, the vestibule of the building and the electrical closet located behind the restrooms. Once the crime scene was established, Processing of those areas was conducted by the Pinellas County Sheriff's Office Forensics Division.

On March 22, 2023, Det. Gay informed your affiant that she had identified surveillance images from a "FLOCK" camera system located at W Klosterman Road and Pinellas. The images had a timestamp of March 21, 2023, at 11:51:32 hours. The image was of a Toyota Tundra that matched the description from the surveillance video of the Tampa Bay Veterinary Clinic on March 14, 2023, and March 21, 2023. The "FLOCK" camera image showed a large wagon in the bed of the gray truck. The contents of the wagon were covered by what appeared to be a red cloth covering. The surveillance image captured a yellow New Jersey tag that was affixed to the truck, identified as a Toyota Tundra. The New Jersey tag was observed as, JGM84C. Your Affiant learned that the license plate was not currently valid or registered to any motor vehicles.

On March 23, 2023, your Affiant learned that Det. Compton of the Largo Police Department had located footage of the Toyota Tundra from motion activated surveillance cameras. The cameras were from the exterior residence located at 503 Seaview Dr., Tarpon Springs, Pinellas County, Florida. This residence is on the same side of Seaview Dr and is directly south of Tomasz's residence, 511 Seaview Drive.

Your Affiant learned from Det. Compton that surveillance footage from the same camera showed the Toyota Tundra traveling south on Seaview Dr. on March 21, 2023, at 07:51 hours.

Footage timestamped March 21, 2023, at 11:58 hours showed the Toyota Tundra with the wagon and red/ orange blanket still visible in the bed, driving north toward 511 Seaview Dr.

On March 23, 2023, your Affiant was present at a residential search warrant that had been conducted at 511 Seaview Drive, Tarpon Springs, Pinellas County, Florida 34689 by members of the Tarpon Springs Police Department. Your Affiant learned that a 2016 Toyota Tundra, gray in color, with vehicle identification number (VIN) 5TFDW5F15GX554634), was discovered in the garage of Tomasz's residence. Your Affiant was informed that Forensic Specialists with the Pinellas County Sheriff's Office obtained a positive presumptive test for blood on the tailgate and bed of the Toyota Tundra located in Tomasz's garage. The large wagon with red covering was not found to be in the bed of the truck or within the residence. The red Toyota Corolla, bearing Florida tag EMFK38, was not located at the residence. Your Affiant observed no other persons located within the residence. Your Affiant is aware that the Toyota Tundra was fully processed by the Pinellas County Sheriff's Office to include a full forensic processing.

On March 25, 2023, your Affiant learned that an officer of the Tarpon Springs Police Department conducted a traffic stop on Defendant Kosowski's red Toyota Corolla. The traffic stop took place at 34 West Orange Street, Tarpon Springs, Pinellas County, Florida, 34689. The driver, and lone occupant of the vehicle was Defendant Kosowski. Defendant Kosowski was detained at 1520 hours by officers of the Tarpon Springs Police Department. A Search Warrant was executed on the Toyota Corolla and Defendant Kosowski was taken into custody.

As a result of the execution of the search warrant on Defendant Kosowski's Toyota Corolla and a processing of Defendant Kosowski, Defendant Kosowski's iPhone was seized and placed into evidence.

## **CELL PHONE ANALYSIS**

Your Affiant drafted and submitted search warrants for the location information of Defendant Kosowski's cellular phone utilizing phone number 321-663-0128. Your Affiant received and reviewed cellular site data provided by T Mobile, the service provider for Defendant Kosowski's telephone number 321-663-0128. On March 29, 2023, your Affiant initially received data from the dates of March 14, 2023 through March 21, 2023. On March 30, 2023, your Affiant received data from March 21, 2023 through March 26, 2023. Your Affiant utilized Trax software and FBI CastViz to analyze the location data provided in the search warrant return for Defendant Kosowski's cellular phone location data.

Your Affiant executed a search warrant to download Defendant Kosowski's iPhone and burner phone seized during execution of the Toyota Corolla search warrant. The execution of the search warrant on the burner phone revealed a passcode to access the full contents of Defendant Kosowski's iPhone. As a result of this download, your Affiant was able to observe photographs, internet searches, powering on events, wifi connection events, songs played, and other information.

Your Affiant also executed a search warrant for Defendant Kosowski's iCloud data related to his account for the iPhone seized at the time of his arrest. This warrant was answered, received, and reviewed by your Affiant.

## **ICLOUD REVIEW, IPHONE DOWNLOAD, AND PREMEDITATION**

Your Affiant reviewed Defendant Kosowski's iCloud search warrant return which revealed on two separate occasions Defendant Kosowski captured imagery of vehicles associated with S.C. On February 16, 2023, he photographed S.C.'s husband's vehicle at S.C.'s home. On February 23, 2023, he video recorded the parking lot of 1501-B S. Belcher Road resulting in the capture of

an image of S.C.'s vehicle. Prior to the homicide, on March 2, 2023, he conducted web searches for personal information related to S.C.

Your Affiant observed during the review of Defendant Kosowski's iPhone download that on March 17, 2023, Defendant Kosowski's iPhone connected to the Wi-Fi at the Blanchard Law Firm. Cell phone location data corroborates his location near 1501-B S. Belcher Road on the same date.

Your Affiant reviewed a history of internet searches from Defendant Kosowski's iCloud warrant return. Your Affiant observed that on March 20, 2023, Defendant Kosowski conducted web search inquiries relating to the effects of succinylcholine and the amount of dosage required.

#### **POWERING ON/OFF EVENTS AND DRIVING TO SCENE**

Analysis of records relating to Defendant Kosowski's iPhone reveal that on the morning of the homicide, he left his home in Tarpon Springs around 07:50 hours. Location data reveals that he drove south towards the Blanchard Law firm until he powered down his phone at 08:08:12 hours.

Your Affiant reviewed surveillance video in this case. At approximately 10:22:18 hours your Affiant observed a male, wearing jeans and a blue short-sleeve shirt exit the main entrance of the law firm. The male was observed tugging and pulling at what appeared to be a small wagon that was on wheels. A large object that appeared to be a box or container was observed in the wagon. The unknown male pulled the wagon toward the parking lot until he was lost out of view of the surveillance camera from the business. Defendant Kosowski's phone remains powered off until he powers it back on minutes before the phone call for the telephonic court hearing takes

place at 10:27 hours. Email searches conducted by Defendant Kosowski show that he is searching for the log in information related to the court hearing scheduled for 10:30 hours.

### **TELEPHONIC COURT HEARING**

Cell phone records reveal that Defendant Kosowski participated in the conference call with the Court on March 21, 2023. While engaging in the conference call, Defendant Kosowski's cell phone is connecting to a cellular tower that is close to, and plainly visible from, the parking lot at the Blanchard Law firm. This phone call remained connected to the same cellular tower for the duration of the call on March 21, 2023.

Your Affiant conducted a review of T-Mobile phone records for 321-663-0128. More specifically, Your Affiant reviewed records for the date of the incident, March 21, 2023. During my review your Affiant observed the phone call made to the telephonic court hearing (18885859008) from 321-663-0128. Per the CDR Mediations file provided by T-Mobile, this call took place on March 21, 2023, at 14:27:43 hours UTC time. When this time is converted to EST it is reflected as 10:27:43 hours. The records indicate the phone call was made from a device with the IMEI of 357104918184450. It is known that T-Mobile defaults the check digit, or last digit of the IMEI, listed in the call detail records to a 0. Validation confirmed that the correct check digit for the IMEI is a 7 instead of a 0. This explains the difference observed between the call detail records and the subscriber records.

The CDR Mediations file also included the tower location that was used to make the phone call. The latitude for the tower was, 27.898912, and the longitude was, -82.744668. Your Affiant mapped the provided GPS coordinates in Google Maps. In the Satellite view, your Affiant observed that the coordinates mapped to a cell phone tower located south of Granada Avenue and

east of S Belcher Road. The tower was measured within Google Maps as being less than 500 feet from 1501 S Belcher Road, Unit B.

Based on this information Defendant Kosowski's cell phone was in the location of the Blanchard Law Firm and utilized the cell tower in that area to make the teleconference call. The duration of the call was 2145 seconds or 35.75 minutes. Your Affiant did not observe any other calls immediately before or after this time.

Your Affiant learned from Detective Amanda Gay, Jake Pillsbury, an attorney in the conference call, confirmed that Kosowski participated in the call. Your Affiant learned that Pillsbury recognized the voice of Defendant Kosowski. At the conclusion of the call, Defendant Kosowski powers down his phone. The next form of communication from 321-663-0128 with another person was observed as being a SMS (Text Message) on March 21, 2023 at 16:03:43 UTC, which is converted to 12:03:43 EST. The text message was from 321-663-0128 and sent to, 516-480-0619.

The person in the surveillance video reappears struggling with the wagon upon completion of the conference call. The phone was powered off immediately following completion of the call. At approximately 11:05:15 hours, your Affiant observed the same male subject reposition the cart in the parking lot. At approximately 11:15:37 hours, the unknown male can be seen now wearing a different shirt that appeared to be gray in color and jeans. The male walked from the parking lot to the northwest corner of the building that housed the law firm. The male looked toward the main entrance of the law firm before turning around and walking west to the parking lot. At approximately 11:16:04 hours, a crew cab truck, gray in color, was observed pulling forward from the parking spot. The truck proceeded north through the parking lot before making

a right turn to go north bound onto S Belcher Road. Surveillance video showed a large object that was covered by what appeared to be a heavy-duty red cloth in the bed of the gray truck.

### **RETURN TO TARPON SPRINGS FROM BLANCHARD LAW FIRM**

On March 22, 2023, Det. Gay informed your affiant that she had identified surveillance images from a “FLOCK” camera system located at W Klosterman Road and Pinellas. The images had a timestamp of March 21, 2023, at 11:51:32 hours. The image was of a Toyota Tundra that matched the description from the surveillance video of the Tampa Bay Veterinary Clinic on March 14, 2023, and March 21, 2023. The “FLOCK” camera image showed a large wagon in the bed of the gray truck. The contents of the wagon was covered by what appeared to be a red cloth covering. The surveillance image captured a yellow New Jersey tag that was affixed to the truck, identified as a Toyota Tundra. The New Jersey tag was observed as, JGM84C. Your Affiant learned that the license plate was not currently valid or registered to any motor vehicles.

Trax parsed the data into a KMZ file that is viewable using Google Earth Pro. This allowed your Affiant to view the records provided by T-Mobile on a map. The timestamps I viewed were converted from UTC to EST by Trax. The mapped records place the device using 321-663-0128 in the area of Defendant Kosowski’s home until approximately 7:50 hours on March 21, 2023. The next mapped records reflect the device as being in the area of the Blanchard Law Firm, located at 1501 S Belcher Road in Largo.

The next mapped records that your Affiant observed placed the device back in the area of Defendant Kosowski’s residence in Tarpon Springs around 12:02 hours. The data provided by T-Mobile continued to map the device near Defendant Kosowski’s residence until I was able to see data plots moving away from Defendant Kosowski’s home around 17:04 hours.

Your affiant learned that Det. Compton further reviewed surveillance footage from 503 Seaview Dr. and observed a red sedan leaving the area of 511 Seaview Dr., traveling south bound on March 21, 2023, at 16:48 hours. The sedan returned at 16:51 hours and left a second time at 16:58 hours. Your Affiant viewed in DAVID that a red Toyota four door vehicle was registered to Tomasz with a Florida License Plate of EMFK38. The vehicle was identified in DAVID as being a red 2020 Toyota Corolla. Your Affiant further reviewed the data plots from Defendant Kosowski's cellular phone records and the data plots continued moving in a south bound direction, on or around US 19. At approximately 17:46 hours, the data plots appeared to be in the area of 66th Street and 142nd Avenue. The data plots continued west bound until the device was in the area of Blanchard Law Firm at approximately 17:47 hours.

#### **DEFENDANT KOSOWSKI'S TRAVEL TO MIAMI**

Your Affiant reviewed cell phone records which revealed that Defendant Kosowski then began traveling south on his way to Miami, Florida. On his way south, he diverted from US Highway 19 N to drive past the Blanchard Law firm. After passing the Blanchard law firm, he rejoined US Highway 19 N.

The mapped records showed the device leaving from the area as it proceeded south bound on or around US 19. The data plots continue onto south bound I-275 as it reaches the area of the Sunshine Skyway Bridge at approximately 18:27 hours. The data plots continue to show the device south bound on I-75. At approximately 21:06 hours the device appeared to be south bound on FL 29 toward US 41. At approximately 21:15 hours the data plot indicated the device was near the intersection of FL 29 and US 41. The data plots then showed the device travelling east bound on US 41.

At approximately 21:33 hours the device appeared to be in the area of US 41 and Loop Road. Your Affiant observed a VIGILANT license plate reader database that license plate EMFK38 was captured in the area of 52195 Tamiami Trail East, Ochopee, FL 34341 on 3/21/2023 at 21:36:51 PM. The device is observed as being south bound on Krome Avenue from US 41 at approximately 22:23 hours. The data plots indicate the device arrived at Defendant Kosowski's Miami residence located at 12380 SW 95th Terrace, at approximately 22:40 hours.

Based on my observations, the data plots continued to indicate Defendant Kosowski's device remained in the Miami area until March 23, 2023. At approximately 19:07 hours, on March 23, 2023, the data plots indicated the device left Defendant Kosowski's Miami residence. At approximately 20:04 hours, the device is continuing west bound on US 41, in the area of 52388 US 41. At approximately 20:09 hours the data plots placed the device in the area of US 41 and Loop Road. The data plots then reflect the device returning to Miami by travelling east bound on US 41. The device appeared to be east bound, in the area of 52388 US 41, at 20:14 hours.

The data plots indicate that Defendant Kosowski's device remained in the Miami area until the morning of March 25, 2023. The data plots reflected the device leaving the Miami area and travelling north bound. The data reflected the device continued until it reached Tarpon Springs, within Pinellas County.

#### **DUMPSTER AT LOOP ROAD AND US 41**

After reviewing the mapped call detail records, your Affiant became curious about the location of Loop Road and US 41 (Tamiami Trail). As your Affiant viewed the location on a map, your Affiant observed it to be a remote location. The intersection was also known as Monroe Station where a historic gas station once stood. Now, it was a parking lot with a small building that

contained two restrooms. This is a location that call detail records and license plate readers had Defendant Kosowski driving past on the night of the incident on March 21, 2023. This is also a location that call detail records and a license plate reader showed Defendant Kosowski returning to on the night of March 23, 2023, before turning around and returning to Miami. Your Affiant observed a VIGILANT LPR notification that Florida tag EMFK38 was observed on March 23, 2023, at 20:04 hours in the area of 52195 US 41.

On the evening of March 30, 2023, Sergeant Vegenski and your Affiant drove to the area of Loop Road and US 41. Your Affiant wanted to see what the area looked like at night around the time that Defendant Kosowski would have driven to the location. At approximately 2200 hours your Affiant arrived in the area and made the right turn to go south onto Loop Road from US 41. The area was dark and remote with no lighting or surveillance cameras. Loop Road was a dark and long stretch of unpaved road that went for miles with no utility lights. Sgt. Vegenski and your Affiant had parked our unmarked vehicles in the first unpaved parking area on Loop Road. Your Affiant observed a few heavy-duty utility trucks parked in the parking lot that were unoccupied. We began walking in the area looking for any signs of S.C.

As we walked south on Loop Road for approximately one hundred feet your Affiant observed a paved road that went from Loop Road to the east. The road led to an empty parking lot where the small restroom building was located. No other persons were observed in the parking lot area at that time. Your Affiant immediately observed a large dumpster, green in color, that was positioned on the north side of the paved road, just before the entrance to the parking lot. As your Affiant stood in the area of the dumpster, I noticed the location was totally dark and somewhat hidden behind brush, the unoccupied utility trucks, and a mound of dirt. Traffic along the roadway was very sparse. The side doors of the dumpster were secured by chain and carabiner to keep

animals out. The top of the dumpster was unsecured. Your Affiant opened the top lid of the dumpster and shined a flashlight inside. Your Affiant observed 2-3 trash bags in the dumpster that did not appear related. I closed the lid and continued searching the area.

Sgt. Vegenski and your Affiant continued walking south on Loop Road looking for any clothing, suspicious items, or disturbances in the brush. While walking down Loop Road we were looking on each side of the roadway. On that night, we walked approximately half of a mile until we came upon the Everglades Conservation and Sportsman Club located at 50940 Loop Road. After not observing anything suspicious along the roadway, we walked back to our vehicles and would take part in a larger search effort on the following day.

On March 31, 2023, your Affiant took part in a multi-agency briefing at 0700 hours. The briefing took place in the parking lot at Monroe Station. After the briefing, units began conducting an organized search for any items that may be related to S.C. Your Affiant remained at the Collier County Sheriff's Office command bus that was in the parking lot. Sgt. Vegenski and I talked further about the dumpster, the dumpster's remote location, and the records that appeared to show Defendant Kosowski driving to the area on the night of March 23, 2023, from Miami. It was during that discussion that we decided to request a cadaver dog respond to the area to check the dumpster.

While waiting on the cadaver dog to respond to the area, your Affiant learned from Kristin Adams, a Civilian Investigator for the Collier County Sheriff's Office, that waste from the dumpster at Monroe Station was picked up by a Waste Management truck and transported to the Collier County Landfill located at 3730 White Lake Boulevard. I drove Det. Bolton to the landfill where we met with Kristin. In order to obtain the pickup schedule and truck information your Affiant followed Kristin to Waste Management. It was at that location that Det. Bolton was able

to obtain video footage from a camera mounted to the front and rear of the dump truck along with the pickup schedule. It was during that time that Sgt. Vegenski had informed your Affiant that the cadaver dog had alerted on the dumpster at Monroe Station.

Your Affiant learned that the dumpster had been picked up for disposal on March 23, 2023. This would have been prior to Defendant Kosowski going back to that intersection on the same date. Your Affiant received and reviewed video surveillance of the inside of the garbage truck showing the dumpster being emptied into the garbage truck. The video showed a long, heavy object, wrapped in trash bags, falling into the garbage truck in a manner inconsistent with regular trash. Your Affiant learned that Detective Keith Wedin spoke with George Villanti, the driver of the garbage truck, Villanti stated that the trash normally was typical camp related trash, but on March 23, 2023, the dumpster was very heavy and smelled “fucking vile.”

#### **RETURN TO TARPON SPRINGS AND ARREST**

On March 25, 2023, Defendant returned back to Tarpon Springs, Florida. Your Affiant performed a phone extraction on Defendant Kosowski’s iPhone. Your Affiant reviewed the phone extraction of Defendant Kosowski’s iPhone. On March 25, 2023 before returning to Tarpon Springs, Defendant Kosowski conducted an internet search for “largo police warrant,” “largo police warrants,” “largo police department,” “largo police warrent,” “largo police warrants,” “largo police department,” and “largo police department.” On March 25, 2023 your Affiant observed a VIGILANT LPR notification that Florida tag EMFK38 was observed in the area of US Highway 27 and SW 1st Avenue, South Bay, Florida, 33493, on March 25, 2023, at 11:22 hours. Florida tag EMFK38 was observed in the area of 5682 Duncan Road, Punta Gorda, Florida, 33982 on March 25, 2023, at 12:44 hours. On March 25, 2023, Your Affiant learned that an officer of the Tarpon Springs Police Department conducted a traffic stop on the red Toyota Corolla bearing

Florida tag EMFK38 at 1519hours. The traffic stop took place at 34 West Orange Street, Tarpon Springs, Pinellas County, Florida, 34689. The driver, and lone occupant of the vehicle was Defendant Kosowski. Defendant Kosowski's iPhone was seized during the search warrant of Defendant Kosowski's Corolla and person.

I declare under penalty of perjury that the foregoing is true and correct.

Respectfully submitted,

Bobby Lance Moore  
AFFIANT - Detective Bobby Lance Moore

201 Highland Ave. Largo, FL 33778  
AFFIANT'S ADDRESS
