Dear John Liccione,

This will acknowledge receipt of your public records request. We are reviewing our records to determine if there are any records responsive to your request. Once this has been determined, we will provide either the records, or for more extensive requests, an estimate of the cost to provide these records.

You requested the following records:

"A .csv file or excel spreadsheet report showing the source IP address of each and every individual who submitted an absentee ballot request to the Pinellas Supervisor of Elections over the Internet on June 23, 2024. The report need not provide any personally identifiable information, just the following 2 columns: (1) Date/Time of submission; (2) Source IP Address of submitter. It is noted that this type of metadata is typically available as a cybersecurity standard practice in web server logs, firewall logs, cloud service provider (e.g., Cloudflare) reports, and other off-the-shelf IT logging and reporting systems. It would typically take an IT person with proper access credentials less than 30 minutes to generate it and export it to a csv or Excel file."

To inquire about the status of your public records request, please call 727-464-8683.

Thank you,

Communications Department,
Pinellas County Supervisor of Elections Office

Hi Chris,

I just submitted this laser-focused record request on source IP addresses of 6/23 ballot-requesters to the SOE in my persona as CEO of my new media company, "[The Crabber](#)," which I just incorporated on 8/15/24.
