**VERIFIED COMPLAINT FOR EMERGENCY INJUNCTIVE RELIEF TO ENFORCE
FLORIDA'S PUBLIC RECORDS ACT, FOR DECLARATORY JUDGMENT TO CEASE
ELECTION FRAUD, AND REQUEST FOR IMMEDIATE HEARING**

INTRODUCTION

1. This is an action for declaratory and injunctive relief to immediately halt the counting of illegal vote-by-mail ballots in the upcoming election on August 20, 2024. Plaintiff, a candidate for the office of Pinellas County Supervisor of Elections, seeks to prevent the Defendants from counting ballots that were ordered and sent out without the consent of voters, in violation of Florida election laws. Plaintiff also seeks a declaratory judgment to cease all election fraud and ensure compliance with lawful election procedures.

2. The Plaintiff contends that the actions of the Defendants constitute a direct and imminent threat to the integrity of the election process, warranting immediate judicial intervention to prevent irreparable harm to the Plaintiff, other candidates, and the electorate.

JURISDICTION AND VENUE

3. This Court has jurisdiction over this matter pursuant to Article V, Section 5 of the Florida Constitution and Chapter 26, Florida Statutes.

4. Venue is proper in this Court because the events giving rise to this action occurred in Pinellas County, Florida, where the Defendants hold their official positions and where the election at issue is to be conducted.

PARTIES

5. Plaintiff, Christopher Gleason, is a resident of Pinellas County, Florida, a registered voter, a taxpayer, and a candidate running for the office of Pinellas County Supervisor of Elections against the incumbent, Julie Marcus.

6. Defendant, Julie Marcus, is the incumbent Supervisor of Elections for Pinellas County and is sued in her official capacity.

7. Defendant, Dustin Chase, is the Deputy Supervisor of Elections for Pinellas County and is sued in his official capacity.

8. Defendant, Matt Smith, is the legal counsel for the Pinellas County Supervisor of Elections and is sued in his official capacity.

9. Defendants John Does 1-99 and Jane Does 1-99 are individuals whose identities are currently unknown, but who participated in the alleged unlawful acts described herein and are also sued in their individual and official capacities.

FACTUAL ALLEGATIONS

10. Upon information and belief on June 23, 2024, the Pinellas County Supervisor of Elections, under the direction of Defendant Julie Marcus and in coordination with Defendants Dustin Chase and Matt Smith, ordered 219,695 vote-by-mail ballots without obtaining the consent of the voters, in violation of Florida Statute § 101.62(1). The statute mandates that vote-by-mail ballot requests must be made by the voter or, if designated by the voter, an immediate family member or legal guardian.

11. The ordering of vote-by-mail ballots for Pinellas County voters without their consent also constitutes a violation of Florida Statute § 104.0616, which explicitly prohibits any person from ordering a vote-by-mail ballot on behalf of another individual who is not an immediate family member.

12. On July 16, 2024, the Pinellas County Supervisor of Elections Office, under the direction of Julie Marcus, sent out 234,733 vote-by-mail ballots to Pinellas County voters.

13. Of the approximately 234,733 vote-by-mail ballots sent out on 07/16/2024, approximately 35,756 ballots were sent to addresses where the registered voters no longer reside, to addresses that were classified as vacant or undeliverable as addressed by the USPS, deliverability database and the NCOA, National Change of Address Database, creating a significant risk of ballot harvesting and voter fraud. See Exhibit A

14. The United States deliverability database and the USPS NCOA, national change of address database is official government data. This is what the USPS uses in determining how to sort and deliver mail, to include vote by mail ballots. This is the United States Government data which is irrefutable evidence that these 35,756 voters were not possibly able to receive and cast these ballots.

15. All of these 35,756 vote by mail ballots that were sent out by the Pinellas County Supervisor of Elections would have been returned to the Pinellas County Supervisor of Elections Office as undeliverable.

16. Any of these 35,756 vote by mail ballots being shown as cast in the Statewide Vote By Mail Report would mean that someone in the Pinellas County Supervisor of Election Office or someone from the United States Postal Service cast the vote-by-mail ballots instead of the voters.

14. During Pinellas County Logic and Accuracy Testing for the August 20, 2024 election, Plaintiff verbally requested public records regarding the vote-by-mail ballots that had been sent out and returned as undeliverable as addressed.

15. Defendant Dustin Chase stated, “that information will be made available after the period to challenge the election has elapsed.” This statement constitutes a violation of the Florida Constitution, Article I, Section 24, Florida Statute § 119.07, and Florida Statute § 838.022.

16. Plaintiff witnessed, during Logic and Accuracy Testing, James Brown Jr., a concerned voter inquire with Defendant Dustin Chase about a vote-by-mail ballot being sent to him without it being requested. This voter requested a copy of the form that showed he had requested the vote-by-mail ballot and was unlawfully denied access to such records.

17. Defendant Matt Smith told the voter that he would investigate the matter and get back to him at a later date.

18. While canvassing potential voters, Plaintiff received multiple reports that many voters had received vote-by-mail ballots despite not having requested them.

19. Plaintiff then analyzed the Statewide Vote-By-Mail report and noticed an improbable anomaly: 219,695 vote-by-mail ballot requests were recorded as being made on June 23, 2024. This massive number comprised 93.59% of all the vote-by-mail ballots sent out on July 16, 2024.

20. No reasonably prudent person can deny the presence of massive election fraud if suddenly 219,695 Pinellas County voters all decided in unison to request a vote-by-mail ballot on the same day.

21. It is impossible for 219,695 Pinellas County voters to have all requested a vote-by-mail ballot on June 23, 2024, as it was a Sunday, and the Pinellas County Supervisor of Elections Office was closed on that day.

22. Even if the Pinellas County Supervisor of Elections Office had been open on Sunday, June 23, 2024, the Pinellas County Supervisor of Elections would not have had adequate staffing and resources to handle the influx of 219,695 people all deciding to request a vote-by-mail ballot.

23. Florida Statute § 101.62 and FAC 1S-2.055 are explicitly clear about how vote-by-mail ballots can be requested: they are submitted in person, in writing, by telephone, or through the Supervisor of Elections website.

24. If 219,695 Pinellas County voters had indeed requested vote-by-mail ballots as reported, there would be an electronic record, log, public record, or election record for each request made by each Pinellas County voter.

25. When requests for these records were made pursuant to Chapter 119, Florida Statutes, and Florida Statute § 101.62 by voters on August 17, 2024, no legitimate records were provided, in violation of the Florida Election Code, Chapter 119, Florida Statutes, and Florida Statute § 838.022.

26. Defendants conspired to and did willingly and knowingly unlawfully conceal and unlawfully delay providing official records and documents, in violation of Florida Statute § 838.022 (Official Misconduct).

27. Defendants' actions violated procedural safeguards established by Florida law, including Florida Statutes §§ 101.68 and 101.62, which mandate strict procedures for handling vote-by-mail ballots, including verification of voter signatures and ensuring that ballots are sent only to the address on record.

28. Defendants Marcus, Chase, Smith, and the John Does and Jane Does, in a conspiracy to corruptly influence the outcome of the August 20, 2024 election, intentionally bypassed the legal requirements for requesting vote-by-mail ballots to manipulate voter turnout and vote results in favor of the incumbent and their preferred candidates.

29. Numerous concerned voters have contacted Defendants about receiving vote-by-mail ballots without having requested them.

30. Defendants have refused to provide executed copies of the DS-DE 160 forms to voters and Plaintiff, which are legally required under Florida Statute § 101.62 for voters requesting vote-by-mail ballots after April 17, 2024.

31. Defendants have falsely claimed that these public records are exempt from disclosure under Florida Statute § 119.07(1), which is a willful and knowing violation of Florida Statute § 838.022.

32. Concerned voters who received vote-by-mail ballots without requesting them on June 23, 2024, completed sworn and notarized affidavits, which are attached to this complaint as Exhibit B.

33. Defendants have willfully and intentionally obstructed, delayed, and denied access to public records, including the electronic records related to the ordering of vote-by-mail ballots via telephone, through the Supervisor of Elections website, or in writing with the DS-DE 160 forms, necessary to verify the legitimacy of these requests.

34. In furtherance of their conspiracy to influence the election, Defendants have willfully and knowingly concealed, obstructed, and delayed the communication of information relating to the commission of election-related felonies, thereby violating Florida Statute § 838.022(c) (Official

Misconduct), creating a breach of public trust, and causing irreparable harm to the Plaintiff and the electorate.

35. The illegal distribution of these ballots presents a substantial risk of voter fraud, undermines the integrity of the election process, and violates the Plaintiff's rights under the Equal Protection Clause of the Florida Constitution.

36. The actions of the Defendants have caused and will continue to cause irreparable harm to the Plaintiff, other candidates, and the electorate by tainting the upcoming election with many thousands of potential illegal votes and disenfranchising voters who may try to vote on election day and are told that they had already voted by vote-by-mail ballot. A portion greater than 15% were undeliverable,

LEGAL CLAIMS

Count I: Violation of Equal Protection Clause (Florida Constitution, Article I, Section 2)

Elements:

1. State Action: The Defendants, acting in their official capacities, engaged in actions that constitute state action under the Equal Protection Clause of the Florida Constitution.
2. Disparate Treatment or Dilution of Votes: The Defendants' actions resulted in the unauthorized and unrequested distribution of vote-by-mail ballots, creating a situation where ballots could be cast illegally, diluting the lawful votes of the Plaintiff and other voters.
3. Causation and Harm: The Plaintiff, as a candidate, is directly harmed by the dilution of lawful votes and the potential for election fraud, which undermines the fairness of the election and could alter the election outcome.

Supporting Facts:

- State Action: Defendants Julie Marcus, Dustin Chase, and Matt Smith, acting in their official capacities, ordered and sent out 219,695 vote-by-mail ballots without proper authorization or voter consent (§10-12). These actions are official functions of their respective offices, constituting state action.

- Disparate Treatment or Dilution of Votes: Defendants sent 35,756 vote-by-mail ballots to incorrect addresses, risking illegal votes being cast (§13). This action dilutes the value of legally cast votes, violating the equal protection rights of the Plaintiff and other voters.
- Causation and Harm: The unlawful distribution of these ballots directly harms Plaintiff by tainting the election with potential illegal votes (§36).

Legal Authority: Article I, Section 2 of the Florida Constitution.

Count II: Violation of Florida Election Law (Florida Statutes §§ 101.62, 101.68, 101.69, 104.041, 104.047, 104.051, 104.0515, 104.0616)

Elements:

1. Violation of Ballot Request Procedures: Defendants violated Florida Statutes by ordering and distributing vote-by-mail ballots without obtaining voter consent as required by § 101.62.
2. Unlawful Distribution of Ballots: Defendants unlawfully distributed unauthorized ballots to unverified addresses, violating Florida Statutes §§ 101.68, 104.0515.
3. Improper Handling of Vote-by-Mail Ballots: Defendants failed to comply with the requirements for canvassing vote-by-mail ballots, including verifying signatures and ensuring that ballots were only sent to correct addresses, in violation of § 101.68.
4. Improper Return of Vote-by-Mail Ballots: Defendants mishandled the return and processing of unsolicited vote-by-mail ballots, violating § 101.69.
5. Fraud in Connection with Casting Vote: Defendants engaged in activities that constitute an attempt to cast fraudulent votes by sending vote-by-mail ballots to addresses where voters no longer reside, in violation of § 104.041.
6. Absentee Ballots and Voting Violations: Defendants violated § 104.047 by knowingly allowing or facilitating the casting of multiple votes or voting in someone else's name.
7. Neglect of Duty and Corrupt Practices: Defendants neglected their duties and engaged in corrupt practices by sending ballots to unverified addresses and refusing to comply with public records requests, in violation of § 104.051.
8. Deprivation of Voting Rights: The actions of the defendants effectively deprived voters of their voting rights by diluting lawful votes and facilitating fraud, in violation of § 104.0515.

9. Ordering Ballots for Non-Family Members: Defendants violated § 104.0616 by ordering vote-by-mail ballots on behalf of individuals who were not immediate family members.

Supporting Facts:

- Violation of Ballot Request Procedures: Defendants ordered 219,695 vote-by-mail ballots on June 23, 2024, without obtaining voter consent, violating the statutory requirements for requesting vote-by-mail ballots (§10, 23-24). Florida Statute § 101.62 mandates that requests must be made by the voter or a designated family member.
- Unlawful Distribution of Ballots: The distribution of 35,756 ballots to incorrect or undeliverable addresses violates § 101.68, which requires that ballots be sent only to the address on record (§13, 27). Additionally, this action violates § 104.0515, which prohibits interference with voter registration and ballot distribution processes.
- Improper Handling of Vote-by-Mail Ballots: Defendants failed to properly verify signatures and ensure that vote-by-mail ballots were sent only to correct addresses, violating the canvassing requirements under § 101.68 (§27).
- Improper Return of Vote-by-Mail Ballots: Voters who received unsolicited vote-by-mail ballots may have been discouraged or prevented from voting in person, or their ability to return the ballots was mishandled, in violation of § 101.69 (§36).
- Fraud in Connection with Casting Vote: The sending of ballots to addresses where voters no longer reside constitutes an attempt to cast fraudulent votes, violating § 104.041 (§13).
- Absentee Ballots and Voting Violations: The mishandling of vote-by-mail ballots, including potential multiple voting or voting in someone else's name, violates § 104.047 (§19-24).
- Neglect of Duty and Corrupt Practices: Defendants' actions in sending ballots to incorrect addresses and refusing to comply with public records requests constitute neglect of duty and corrupt practices, in violation of § 104.051 (§26, 31).
- Deprivation of Voting Rights: The defendants' actions have effectively deprived voters of their voting rights by diluting lawful votes and facilitating fraud, violating § 104.0515 (§34-36).
- Ordering Ballots for Non-Family Members: The ordering of 219,695 vote-by-mail ballots without proper authorization, especially for voters who had not requested them, directly violates § 104.0616, which prohibits ordering vote-by-mail ballots for another person who is not an immediate family member (§11).

Legal Authority: Florida Statutes §§ 101.62, 101.68, 101.69, 104.041, 104.047, 104.051, 104.0515, 104.0616.

Count III: Violation of Florida Statute § 838.022 (Official Misconduct)

Elements:

1. Falsification or Concealment of Public Records: Defendants falsified or concealed public records related to the vote-by-mail ballot requests.
2. Obstruction of Communication of Information: Defendants obstructed the communication of information relating to the commission of a felony or the public's right to access public records.

Supporting Facts:

- Falsification or Concealment of Public Records: Defendants failed to provide legitimate records of the 219,695 vote-by-mail ballot requests, despite lawful public records requests under Chapter 119 (¶25-26). Defendants falsely claimed that these records were exempt from disclosure (¶31).
- Obstruction of Communication of Information: Defendants conspired to delay and obstruct the release of information regarding the unlawful distribution of ballots, thereby violating Florida Statute § 838.022 (¶25, 34).

Legal Authority: Florida Statute § 838.022.

Count IV: Violation of Chapter 119, Florida Statutes (Public Records Act)

Elements:

1. Failure to Provide Access to Public Records: Defendants violated Chapter 119 by failing to provide access to public records related to vote-by-mail ballot requests and their distribution.

Supporting Facts:

- Failure to Provide Access to Public Records: Despite multiple requests, Defendants failed to provide public records of vote-by-mail ballot requests, violating Chapter 119, which mandates transparency and access to public records (¶25, 30). This refusal includes not providing executed DS-DE 160 forms, as required under Florida Statute § 101.62 (¶30).

Legal Authority: Chapter 119, Florida Statutes.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff respectfully requests that this Court:

- a. Declare that the actions of Julie Marcus, Dustin Chase, Matt Smith, John Does 1-99, and Jane Does 1-99 in ordering and sending vote-by-mail ballots without voter consent and to incorrect addresses violate the Plaintiff's rights under the Florida Constitution, Florida law, and Florida Statute § 838.022.
- b. Declare that the ordering of vote-by-mail ballots for individuals who are not immediate family members, as described in Florida Statute § 104.0616, constitutes a violation of Florida law.
- c. Declare that the mishandling of vote-by-mail ballots, including failing to verify signatures and sending ballots to incorrect addresses, constitutes a violation of Florida Statute § 101.68.
- d. Issue a temporary restraining order (TRO) and preliminary injunction prohibiting the Defendants from counting any vote-by-mail ballots sent without voter consent or sent to incorrect addresses in the upcoming August 20, 2024, election.
- e. Issue a permanent injunction prohibiting the Defendants from sending unauthorized vote-by-mail ballots in future elections.
- f. Order Defendants to immediately comply with Plaintiff's public records requests pursuant to Chapter 119, Florida Statutes, and provide all requested records.
- g. Award Plaintiff's attorneys' fees and costs pursuant to Chapter 119, Florida Statutes.

h. Grant such other and further relief as the Court deems just and proper.

i. Plaintiff reserves the right to amend this complaint as more evidence emerges through discovery and otherwise concerning the fraud, misconduct and corruption of Defendants as alleged herein.

CLERK OF CIRCUIT COURT

Re: DE 23-01 Vote-by-Mail Ballots – Public
Records – Political Purposes § 101.62(2),
Florida Statutes

Dear Supervisor Link:

This letter responds to your request for an advisory opinion concerning whether the statute prohibits you from providing certain vote-by-mail information prior to “8 a.m. of each day...beginning 60 days before the primary until 15 days after the general election” to the entities entitled to this information. See §101.62(2), Fla. Stat. (2023). Additionally, you ask whether it is the Division’s position that the term, found at the conclusion of section 101.62(2), “for political purposes only,” refers only to registered political committees. Because you are a supervisor of elections, are acting related to this statute, and have taken or propose to take action related to whether you must provide the vote-by-mail request information outside of the window specified in the statute, the Division of Elections is authorized to issue an opinion to you pursuant to section 106.23(2), Florida Statutes (2023).

FACTS

Your request for an advisory opinion asks whether under section 101.62(2), Florida Statutes, you are allowed to, or forbidden from, providing the confidential and exempt voter information submitted with the vote-by-mail request, to the entities entitled to this information as specified in the statute, prior to 60 days before the primary and/or later than 15 days after the general election. You also ask whether it is the Division’s position that the term “for political

purposes only,” which is at the end of section 101.62(2), refers only to registered political committees. See § 101.62(2), Fla. Stat.

ANALYSIS

Florida law requires that supervisors of elections record the following information when receiving a vote-by-mail request:

For each request for a vote-by-mail ballot received, the supervisor shall record the following information: the date the request was made; the identity of the voter’s designee making the request, if any; the Florida driver license number, Florida identification card number, or last four digits of the social security number of the voter provided with a written request; the date the vote-by-mail ballot was delivered to the voter or the voter’s designee or the date the vote-by-mail ballot was delivered to the post office or other carrier; the address to which the ballot was mailed or the identity of the voter’s designee to whom the ballot was delivered; the date the ballot was received by the supervisor; the absence of the voter’s signature on the voter’s certificate, if applicable; whether the voter’s certificate contains a signature that does not match the voter’s signature in the registration books or precinct register; and such other information he or she may deem necessary.

§ 101.62(2), Fla. Stat.

This same statute then explains that vote-by-mail information shall remain confidential and exempt except that “this information” is provided as follows:

1. This information must be provided in electronic format as provided by division rule. The information must be updated and made available no later than 8 a.m. of each day, including weekends, beginning 60 days before the primary until 15 days after the general election and shall be contemporaneously provided to the division.
2. This information is confidential and exempt from section 119.07(1) and shall be made available to or reproduced only for the voter requesting the ballot, a canvassing board, an election official, a political party or official thereof, a candidate who has filed qualification papers and is opposed in an upcoming election, and registered political committees for political purposes only.

Id.

In response to your first question, the statute states that “this information” is confidential and exempt and shall be “made available to or reproduced only for” the specific entities¹. The

1. For the purposes of this Advisory Opinion, “specific entities” means “the voter requesting the ballot, a canvassing board, an election official, a political party or official thereof,

statute explains that “[t]he information must be updated and made available no later than 8 a.m. of each day, including weekends, beginning 60 days before the primary until 15 days after the general election and shall be contemporaneously provided to the division.” The Division interprets this to mean that “this information” is confidential and exempt except during the window “beginning 60 days before the primary until 15 days after the general election.” During that window, the information “must be updated and made available,” to the six entities. “[M]ade available” is a constraint on when the supervisors may release this confidential and exempt information. Thus, under the statute, “this information” remains confidential and exempt except for 60 days before the primary until 15 days after the general election.” Moreover, only the six entities may request this information during that window.

Likewise, per this statute and Florida Administrative Code Rule 1S-2.043, you are required to provide this information to the Division during the same timeframe. See §101.62(2) (“This information must be provided in electronic format as provided by division rule.”). Rule 1S-2.043 states that any one of the six entities, “may access online daily county files of vote-by-mail ballot request information as directly received from the Supervisor and posted on the Division’s website.” However, consistent with the time constraint in section 101.62(2), the Division removes “this information” from access the day after the last file is transmitted on the 15th day after the election.²

Regarding your second question, the Division has previously stated that “for political purposes only,” as used at the end of section 101.62(2), refers only to the registered political committees. See DE 18-02 n.1 (“The phrase “for political purposes only” modifies only “registered political committees.”³ See § 101.62([2]), Fla. Stat.).

SUMMARY

The confidential and exempt information that you record can only be “[made] available” beginning 60 days before the primary until 15 days after the general election. As to the second question, at the conclusion of Florida Statute section 101.62(2), “for political purposes only” refers only to the registered political committees.

Respectfully,

Maria I. Matthews, Esq.
Director, Division of Elections

a candidate who has filed qualification papers and is opposed in an upcoming election, and registered political committees for political purposes only.

2. This timeline applies to the presidential preference primary election, primary election, general election, and special elections.

3. “Political committee” is defined in section 106.011(16), Florida Statutes (2023).

Dear Custodian of Records,

I am writing to submit an open records request under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes seeking access to public records, Florida State Election Records, and Federal Election Records related to the following:

- Copies of any and all Logs, List(s) and/or documents of the Pinellas County Voters who have requested a Vote by Mail Ballot be mailed to them for the August 20th Primary Election

I am requesting these public records in the electronic file format .PDF.

I understand that some of this information may already be publicly available, but I am seeking the official and comprehensive records directly from the county's election authorities to ensure accuracy and completeness.

Please consider this letter as a formal request for disclosure under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes.

Please provide these records in a format that is consistent with the requirements of the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes. If possible, We request that the records be provided electronically, via email or a secure file-sharing platform.

If portions of the requested records are exempt from disclosure under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes, please provide us with a written explanation of the specific legal basis for any redactions or withholdings.

We request that this public records request be processed promptly and in accordance with the statutory timelines for response and production of records under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes.

I hereby certify that I will not:

(A) Use any list of name(s) or addresses contained in or derived from the records or information for the purpose of selling or offering for sale any property or service to any person listed or to any person who resides at any address listed

(B) Sell, give, or otherwise make available to any person any list of name(s) or addresses contained in or derived from the records or information for the purpose of allowing that person to sell or offer for sale any property or service to any person listed or to any person who resides at any address listed.

As per Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes, we expect a prompt response to this request. If, for any reason, you cannot comply with this request within the specified timeframe, please provide a written explanation for the delay and indicate when we can expect the records to be made available.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records. To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner and that extraneous costs are not incurred.

By working together at the outset, The Justice Society and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or via a shared online drive.

Warmest Regards,

Christopher Gleason

From: "GleasonforPinellas@gmail.com" <gleasonforpinellas@gmail.com>, Charles Kelly <kellylitigation@gmail.com>

To: publicrecordsrequest <publicrecordsrequest@votepinellas.gov>

Dear Mr. Gleason,

As a candidate with opposition, you are entitled to the list of mail ballot requests after filing your oath of acquisition.

Additionally, please be advised that fulfilling your request as stated would require an estimated 18,000 hours to compile the logs and documents for each voter who requested a mail ballot. Given this substantial time requirement, there will be significant costs associated with the retrieval, review, and redaction of these records.

Under Florida law, we are permitted to charge a special service fee for the extensive use of information technology resources and/or clerical or supervisory assistance required to process your request. The estimated cost for fulfilling your request will be provided upon determining the exact scope and volume of records responsive to your request. Please note that these costs are based on actual labor and resources incurred by the Supervisor of Elections Office.

We are prepared to work with you to narrow the scope of your request to make it more manageable and cost-effective. For instance, if there are specific types of logs or subsets of information you are most interested in, please let us know so we can focus our efforts accordingly.

Furthermore, please be informed that any exempt or confidential information will be redacted in accordance with the applicable Florida Statutes.

To proceed, we invite you to either narrow the scope of your request to reduce the estimated time and resources required, or we can provide a full cost estimate for processing the entire request as currently stated. Please let us know your preference and any specific subsets of the requested information you are requesting. If a response is not received within 30 days of this correspondence, we will consider the request closed.

Sincerely,

Dustin Chase, Deputy Supervisor of Elections

- I have not authorized anyone to request a vote-by-mail ballot on my behalf on 06/23/2024.

- I have confirmed with that my name was included in the list of voters who were sent vote-by-mail ballots for the 2024 Primary Election.

- I did not sign a DS-DE 160 Form requesting a Vote-By-Mail Ballot a copy of attached.

3. Conclusion:

- To the best of my knowledge, this vote-by-mail ballot was sent to me without my request or authorization.

- I am concerned about the integrity of my voter registration information and request that this matter be investigated to prevent any potential voter fraud or errors.

I declare under penalty of perjury that the foregoing is true and correct.

FILED
ST. PETERSBURG BRANCH

In order to better understand state laws governing Federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. These answers will help EAC to better understand the quantitative data relating to the 2016 general election that we are collecting from all U.S. states and territories.

EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

DIRECTIONS AND EXAMPLE

As appropriate, please provide your state's legal citation for the responses to the questions beginning on the following page.

Please answer each question to the best of your ability. If a term or concept is ambiguous, please explain why. If a question is not applicable to your state, please explain why. If a definition or term lacks statutory reference in your state but is widely used in practice, please explain. If election procedures vary at the local level within your state, please explain these variations to the best of your ability.

The Statutory Overview data collection document has two columns below each question.

- On the left, we have provided you with the answer your state provided for the 2014 Statutory Overview. If there has not been a change in your state's laws or legal citation in the response to a question, please mark the box labeled **No Change since 2014** at the top of the left column.
- If the response has changed since 2014 – or your state has not answered this question previously for some reason— please mark the box labeled **Changed since 2014** at the top of the right column and then provide the new answer in the text box provided. If your response is too long to fit in the box, please make a note in the text box and place your response in the “Notes” page at the end of the document. Additionally, if a law was repealed in full, please answer “repealed in full” in the box.

If any of your state laws are currently enjoined or otherwise blocked from enforcement by a state or federal court or by executive decision, please specify.

Example:

A1. How does your state define the following terms related to votes and ballots? Please provide your state's legal citation defining these terms, where applicable.

a) Over-vote

☒ **No Change since 2014**

☐ **Changed since 2014**

State code 1.11 - An attempt to vote for a larger number of candidates than is allowed.

b) Under-vote

☐ **No Change since 2014**

☒ **Changed since 2014**

This term has no legal definition.

State code 1.12 - An attempt to vote for a smaller number of candidates than is allowed.

SECTION A: GENERAL

A1. How does your state define the following terms related to votes and ballots? Please provide your state's legal citation defining these terms, where applicable.

a) Over-vote

☐ No Change since 2014

☒ Changed since 2014

2014 Response:

Over-vote – When an elector marks or designates more names than there are persons to be elected to an office or designates more than one answer to a ballot question, and the tabulator records no vote for the office or question. (Sections 97.021(24); 101.5606(3), Florida Statutes)

2016 Response:

Citation updated to 97.021(25)

b) Under-vote

☐ No Change since 2014

☒ Changed since 2014

2014 Response:

Under-vote – When an elector does not properly designate any choice for an office or ballot question, and the tabulator records no vote for the office or question. (Section 97.021 (38), Florida Statutes)

2016 Response:

Citation updated to 97.021(39).

c) Blank ballot

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

2016 Response:

Blank ballot – A ballot where the tabulating equipment reads the ballot as a ballot with no votes cast. (Section 101.5606(3), Florida Statutes)

d) Void/Spoiled ballot

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

2016 Response:

Void/Spoiled ballot – A ballot on which the voter has made an error and may be given up to two more replacement ballots unless the person chooses to cast a spoiled ballot. (Section 101.5608(2)(b), Florida Statutes)

e) Provisional/Challenged ballot

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

Provisional/Challenged ballot – Provisional ballot is a conditional ballot voted by a person whose eligibility is in question. The ballot is placed in a provisional ballot envelope. The provisional ballot is to be counted unless the canvassing board determines by a preponderance of the evidence available that the person was not entitled to vote. (Sections 97.021(29) and 101.048, Florida Statutes)

Clarifications:

“Provisional ballot” means a conditional ballot, the validity of which is determined by the canvassing board. (Section 97.021(30), Fla. Stat.). Once voted, the provisional ballot is placed in a secrecy envelope, which is place in a provisional ballot envelope, and then placed in a ballot box. (Section 101.048, Fla. Stat.)

While no definition of "challenged ballot," exists, section 101.111, Fla. Stat., governs voter challenges. The challenged voter is then allowed to cast a provisional ballot in accordance with section 101.048, Fla. Stat.

2016 Response:

f) Absentee

☐ No Change since 2014

☒ Changed since 2014

2014 Response:

Absentee –Not defined in statute. An absentee ballot is a ballot voted by an absentee voter. (Section 97.021(1), Florida Statutes). The ballot is placed in an absentee voting envelope and delivered to the county Supervisor of Elections. The Supervisor is required to keep the ballot unopened and for safekeeping until presented to the canvassing board. The Supervisor may verify in advance that the voter is registered and that the signature matches. All ballots are later presented to the county canvassing board for determination in accordance with Section 101.68, Florida Statutes. An absentee ballot is deemed cast upon receipt by the Supervisor of Elections. However, effective January 2014, the Legislature gave absentee ballot voters the opportunity to “cure” ballots returned with unsigned envelopes/certificates. See response to D2c.

Clarification: “Absent elector” means any registered and qualified voter who casts a vote-by-mail ballot. (Section 97.021(1).

2016 Response:

Term "absentee ballot" changed to "vote-by-mail ballot."

g) Early voting

☒ No Change since 2014

☒ Changed since 2014

2014 Response:

Early voting – An early voting ballot is a ballot cast prior to election day at a location designated by the supervisor of elections and deposited in a tabulation system. (See Section 97.021(37), Florida Statutes).
In early voting, the ballot is put through a precinct tabulator at the early voting site by the voter. See discussion below for 2013 changes to early voting period in A2.

2016 Response:

Section 97.021(37) citation changed to 97.021(9).

h) Active Voter

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

Active Voter – Not defined in statute except that an active voter is the converse of an inactive voter as designated pursuant to the outcome of certain address list maintenance activities under Section 98.065, Florida Statutes.

2016 Response:

i) Inactive Voter

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

Inactive Voter – A registered voter who has been flagged in the statewide registration system as inactive because he or she did not respond to an address confirmation final notice within 30 days of receipt or because the address confirmation final notice was returned as undeliverable. The final notice is triggered by an undeliverable address change notice or address confirmation request or other undeliverable 1st class mail. (Section 98.065, Florida Statutes)

2016 Response:

j) Other terms (please specify) _____

☐ No Change since 2014

☐ Changed since 2014

2014 Response:

2016 Response:

A2. Please provide the legal citation for any *significant* changes to election laws or procedures that have been enacted or adopted since the previous Federal election. "Significant" does not include routine or technical changes (such as changes to election district boundaries or polling place changes). However, EAC would like to learn about any new identification requirements for voters or registrants; changes in eligibility for voting or registering; adoption of alternative voting methods; and other changes that you believe represent a significant change in the way your state runs its elections.

☐ No Change since 2014

☒ Changed since 2014

2014 Response:

See Appendix A

2016 Response:

The list of identifications that persons voting at the polls and first-time special applicants must show has been expanded to include a veteran health identification card issued by the United States Department of Veterans Affairs, a license to carry a concealed weapon or firearm issued pursuant to s. 790.06, and an employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality (sections 97.0535 and 101.043, Fla. Stat.).

In 2015, section 97.0525, Fla. Stat. was created to implement online voter registration in Florida. Beginning in October 1, 2017, an applicant will have the option to submit an online voter registration application, including a first-time registration application and updates to existing registration, through a secure Internet website.

When implemented, the online voter registration system will compare the Florida driver license number or Florida identification number with information maintained by the Department of Highway Safety and Motor Vehicles ("DHSMV") to confirm the name and date of birth are consistent with DHSMV records. If the records are consistent, the system will transmit, using the statewide voter registration system, the applicant's registration application, along with the digital signature of the applicant on file with DHSMV to the supervisor of elections. If not verifiable, or if the applicant indicates no Florida driver license or Florida identification card has been issued, the system shall populate the applicant's information into a printable application and direct the applicant to print, sign, and date the application and deliver the application to the supervisor.

Supervisors must process the online applications pursuant to section 97.053, Fla. Stat. A legal distinction may not be made between online voter registration and voter registration in person, by mail, or by other methods provided by general law.

SECTION B: VOTER REGISTRATION

B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

As first reported to the EAC in May 2005 in response to recommended guidelines for statewide voter registration systems, Florida registration system is considered a hybrid, incorporating features of a bottom-up system and a top-down system.

2016 Response:

If your state uses a bottom-up or hybrid system, how often do local jurisdictions transmit registration information to the state list?

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

Information from the counties is transmitted real-time to the statewide system.

2016 Response:

B2. Please describe the process used in your state to move voters from the active list to the inactive list, and from the inactive list to the active list. Is a different process used for UOCAVA voters?

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

If the supervisor of elections has information from a source other than the voter that the voter has moved to a location out of the state, the supervisor sends an address confirmation final notice to the voter. If the voter does not return the notice within 30 days or the notice is returned as undeliverable, the voter is flagged as inactive in the registration system. An inactive voter may be restored to active status upon affirmatively undertaking one of three activities: updating his or her voter registration information, requesting an absentee ballot, or voting. A voter who has not done any of these activities by the second general election after being flagged as inactive is removed from the statewide voter registration system per NVRA and state law. (Section 98.065(4)(c), Florida Statutes) The procedures are the same for UOCAVA voters.

2016 Response:

B3. Please describe your state's process for removing voters from the voter registration rolls (not merely moving them from active to inactive). Please include information regarding notices and confirmations. Are these procedures the same for UOCAVA voters?

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

See Appendix A

2016 Response:

B4. Can your state's voter registration database (or equivalent) share information electronically with your state's driver's license agency (for example, to match records or trace changes in address)? Can your voter registration database be similarly linked with databases in any other state or Federal agencies? Please describe these links, including any use of database matching to verify voter registration applications.

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

Currently voter registration information that includes a Florida driver's license number, Florida identification card number or social security number is forwarded to our state's driver's license agency or further to the Social Security Administration for verification of the personal identifying number. The outcome of that verification process is forwarded back to the Florida Voter Registration System. There is no real-time access to each other's database at this time. Registered voter records are forwarded daily and cross-matched to the Florida Department of Law Enforcement to assist in the identification of potentially ineligible registered voters who are convicted felons. Other than this scenario, data cannot be shared automatically with any other state or federal database.

2016 Response:

B5. Please describe how your state uses National Change of Address (NCOA). What has been your state's experience with NCOA?

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

The state does not use NCOA. County Supervisor of Elections are responsible for conducting address list maintenance activities. Some counties in Florida use NCOA as part of their programs. However, the state has no experience with it.

2016 Response:

B6. Please describe your state's voting eligibility requirements as they relate to individuals with a felony conviction. (For example, are convicted felons allowed to vote while in prison or while on parole or probation? Are voting rights automatically restored or does the individual have to apply for a pardon, certificate of eligibility or other similar certificate? Does an individual whose voting rights have been restored have to produce documentation of his/her status when registering to vote?)

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

A person convicted of a felony must have his or her civil rights restored in order to be eligible to vote. The individual simply attests to that on the voter registration application. No other written proof must be provided at that time of registration.

A person who is charged with a felony offense is still able to vote if in jail awaiting trial (assuming the person has no other felony conviction).

It is reported anecdotally that some Supervisors of Elections under authority in Section 98.045, Florida Statutes will reject an application received from a convicted felon who is reapplying after having been just removed from the rolls for a felony conviction if the person does not present evidence of clemency or rights restored.

The clemency must be granted under the terms for granting

2016 Response:

B7. Does your state currently use the Internet in any way to facilitate voter registration? If yes, please describe how your state allows voters to use the Internet in the registration process (e.g., entire registration completed online; completed online but then must be printed, signed, and mailed by voter, etc.).

☒ No Change since 2014

☒ Changed since 2014

2014 Response:

Downloadable registration forms are posted on the Division of Elections' web site. Most supervisors of elections' web sites allow the applicant to complete information online and then to print the form to sign and mail to a voter registration official.

2016 Response:

In 2015, section 97.0525, Fla. Stat. was created to implement online voter registration in Florida. Beginning in October 1, 2017, an applicant will have the option to submit an online voter registration application, including a first-time registration application and updates to existing registration, through a secure Internet website.

SECTION C: ELECTION ADMINISTRATION

C1. Please describe how all votes cast at a place other than the voter's precinct of registration are tabulated (for example, please include descriptions of such votes as absentee ballots, mail-in ballots, votes cast at vote centers, provisional ballots, early voting locations, etc.).

a. Are the votes counted centrally or at the precincts?

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

Ballots cast at the precinct on Election Day are tabulated on precinct scanners at the polling place.
Absentee ballots are tabulated at the central counting location.
Early voting ballots are tabulated on precinct scanners at the early voting site.
Provisional ballots are tabulated at the central counting location.

2016 Response:

b. If centrally tabulated, are the votes redirected to the appropriate precinct for reporting in the canvass?

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

All votes must be allocated back to the respective precinct by the 30th day after the certification of the presidential preference primary election, special election, primary election, or general election. Chapter 2011-40, Laws of Florida, reduced the precinct level election results reporting period from 45 days to 30 days. (Section 98.0981, Florida Statutes; R1S-2.043, Florida Administrative Code)

2016 Response:

c. Are the absentee, mail, etc., votes reported separately for each precinct, or are they added to the in-precinct results and reported as just a single number?

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

Chapter 2011-40, Laws of Florida, required the results to be reported with an aggregated total of all ballots cast for each candidate or nominee with subtotals for each candidate and ballot type UNLESS fewer than 10 voters voted a ballot type, in which the breakdown of ballot type is not required. (Section 98.0981(2), Florida Statutes; R1S-2.043, Florida Administrative Code)

2016 Response:

d. How are UOCAVA ballots counted and reported?

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

UOCAVA ballots are tabulated at the central counting location and reported the same as other absentees.

2016 Response:

C2. Does your state require a reason for voting absentee, or does your state allow no-excuse absentee voting? (If a reason is required, please provide the legal citation.)

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

In 2001, Florida eliminated no-excuse absentee voting. The law no longer limits the circumstances under which a person may request that the absentee ballot be sent to an address other than the mailing address on record. Previously, in order to obtain an absentee ballot, the voter had to attest that he or she would be: 1) absent from county on day of election, 2) temporarily unable to live in the home due to fire, tornado, hurricane or other emergency or natural disaster, or 3) in a

2016 Response:

C3. Does your state provide for in-person early voting? If so, how is early voting defined? When early voting is used, are the ballots counted at the precinct or at a central location? How are these votes reported?

☒ No Change since 2014

☐ Changed since 2014

2014 Response:

Early voting is defined as "casting a ballot prior to Election Day at a location designated by the Supervisor of Elections and depositing the voted ballot in the tabulation system. (Section 97.021(8), Florida Statutes) Ballots are put through a precinct tabulator at the early voting site by the voter. Those votes are eventually allocated back to the precincts of the voters. (Section 101.657, Florida Statutes) Refer to response A2 for 2013 legislative changes to early voting hours, days, and locations.

2016 Response:

C4. Do any jurisdictions in your state use a vote-by-mail system to replace (and not merely supplement) at-the-precinct voting in any elections?

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

No, with the exception of mail ballot elections under ss. 101.6101-101.6107, Florida Statutes, which can only be held for certain referendum issues.

2016 Response:

C5. Please list each of the situations that require a provisional ballot in your state. Please provide the relevant legal citation for each situation.

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

See Appendix A

2016 Response:

C6. Does your state count provisional ballots of voters who are registered in different precincts, or are those ballots automatically rejected? Please describe the process used by local election officials in determining whether to count a provisional ballot.

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

A voter must have voted in the proper precinct in order for the provisional ballot to count (Section 101.045, Florida Statutes). In determining whether to count a provisional ballot, the canvassing board determines if the person voted at the correct precinct and that he or she had not already cast a ballot in the election (Section 101.048, Florida Statutes) Any written evidence provided by the voter (which is due no later than 5 p.m. following the second day after the election) and any evidence presented by the supervisor of elections or any evidence presented by a challenger is considered and the ballot will count unless the canvassing board determines by a preponderance of the evidence that the person was not entitled to vote. If the person is determined to be entitled to vote, the canvassing board compares the signature on the Provisional Ballot Voter's Certificate with the signature on the voter's registration record and, if it matches, will count the ballot. (Section 101.048, Florida Statutes) In those cases in which the person has voted a provisional ballot solely because he or she failed to provide proper identification at the polls, the person need not provide further evidence of his or her eligibility. The canvassing board will compare the signature on the certificate with the signature on the voter's registration record. If the signatures match, the provisional ballot will count.

2016 Response:

C7. Please describe your state's laws regarding post-election audits, if any. A post-election audit refers to hand-counting votes on paper records and comparing those counts to the corresponding vote counts originally reported, as a check on the accuracy of election results, and resolving discrepancies using accurate hand counts of the paper records as the benchmark.

If your state has post-election auditing, consider including in your response information such as the unit being audited (e.g., precincts, machines); the sampling method (e.g., fixed percentages); whether there is a specific trigger for the audit; the location of the random selection (e.g., state, county); and the races that can be audited.

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

Immediately following certification of an election, the county canvassing board must conduct a post-certification audit of the voting system. As of January 2014, the board can select from two options instead of just the manual audit:

1. A manual audit of the voting system used in randomly selected precincts. The audit consists of a public manual tally of the votes in one randomly selected race in 2 percent of the precincts containing that race.
2. An automated, independent audit. The audit consists of a public tally of the votes cast across every race that appears on the ballot in at least 20 percent of randomly-chosen precincts. Any such system used must be approved beforehand by the Department of State. See Section 101.591(Florida Statutes; Section 10 of Chapter 2013-57, Laws of Florida.

The audit must be completed within 7 days after certification of the election by the county canvassing board. (Section 101.591, Florida Statutes and Rule 1S-5.026, Florida Administrative Code.)

2016 Response:

C8. Please describe any state requirements for poll worker training.

☒ **No Change since 2014**

☐ **Changed since 2014**

2014 Response:

Each clerk of election shall complete a minimum of 3 hours training prior to each election. Each inspector must complete 2 hours of training prior to each election. No person may serve as a poll worker unless the person has completed the required training, unless there is a vacancy and no person with training is available to fill the vacancy.

A clerk may not work at the polls unless he or she demonstrates a working knowledge of the laws and procedures relating to voter registration, voting system operation, balloting and polling place procedures, and problem-solving and conflict-resolution skills.

All poll workers must be able to read and write the English and be registered voters of the county in which they are serving as poll workers. In addition, each poll worker must complete a program on issues of etiquette and sensitivity with respect to voters having a disability. (Section 102.014, Florida Statutes)

By December 15 of each general election year, the supervisor of elections must report to the Department of State the total number of overvotes and undervotes in the Presidential or Governor's race that appears first on the ballot, or if neither appears, the first race appearing on the ballot. The report from the supervisor must include the likely reasons for the overvotes and undervotes and other information that may be useful in evaluating the performance of the voting system and identifying problems with ballot design and instructions which may have contributed to voter confusion. The Department uses the information submitted to prepare a public report on the performance of each type of voting system. The report is also provided to the Governor, the Florida Senate President and the Speaker of the Florida House of Representatives (Section 101.595, Florida Statutes)

☐ Changed since 2014

2014 Response:

No photo identification is required at the time of registering to vote. However, persons who are first-time voters registering by mail who have never been issued a driver's license or social security number are subject to specific identification requirements set out in Section 97.0535, Florida Statutes. These voters are referred to as MARG voters which stands for MAil-in ReGistration voters. They must provide a copy of an identification with their application or at some time before they vote. The law sets out what are acceptable forms of identification. If they wait until they go to the polls, they will end up satisfying the requirement when they present a photo ID as is required by law for all voters. If they wait until they vote an absentee ballot, they will have to provide a copy of their identification with the absentee ballot or it will not count. The only exception is if they swear or affirm on the absentee ballot that they are a UOCAVA voter, 65 or older, or temporarily or permanently disabled.

Military identification
Student identification
Retirement center identification
Neighborhood association identification
Public assistance identification

HEARING**

Plaintiff Christopher Gleason, is citizen of the state of Florida, resident of Pinellas
County, active registered Elector, candidate for the office of Pinellas County

Supervisor of Elections, and taxpayer filed an Emergency Motion for Injunctive Relief to Enforce Florida's Public Records Act, For Declaratory Judgement to Cease Election Fraud and Request For Immediate Hearing and submits this Memorandum in support of same and states as follows:

INTRODUCTION

Plaintiff, Christopher Gleason, respectfully submits this Memorandum in Support of his Emergency Motion for a Temporary Restraining Order ("TRO") and Preliminary Injunction against Defendants Julie Marcus, Dustin Chase, Matt Smith, and unnamed Defendants John Does 1-99 and Jane Does 1-99. This Memorandum is submitted to prevent the unlawful counting of improperly obtained and distributed vote-by-mail ballots in the August 20, 2024, election. Plaintiff seeks immediate judicial relief to safeguard the integrity of the election process and to protect the fundamental right to vote.

BACKGROUND

The Verified Complaint (attached as Exhibit 1) alleges significant violations of Florida election law by the Defendants. On or around June 23, 2024, Defendants ordered and distributed 219,695 vote-by-mail ballots without obtaining the required consent from voters, in direct violation of Florida Statutes §§ 101.62 and 104.0616. These actions were followed by the distribution of 234,733 vote-by-mail ballots on

July 16, 2024, of which 35,756 ballots were sent to incorrect or undeliverable addresses (Exhibit 2: USPS and NCOA Database Results).

Upon information and belief thousands of vote by mail ballots sent out to electors who no longer reside in Florida or Pinellas county and vote by mail ballots sent to undeliverable as addressed addresses are showing as being cast in the Statewide Vote By Mail Reports made available from the Florida Division of Elections website at <https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>

These acts constitute serious violations of Florida election law, present a substantial risk of voter fraud, and threaten the integrity of the August 20th election.

The lack of transparent and definitive information about the number of legitimate vote by mail ballots and votes cast by actual Electors disturbingly allows for the invention of new votes that were not validly cast by any actual Electors. Clearly only ballots for which **CHAIN OF CUSTODY** can be established from an actual Elector to the ballot as voted can qualify as a valid vote. Ballots without any chain of custody of its validity—is a nullity. It cannot be a ballot if no voter or Elector can be shown to have cast that ballot. The essence of a ballot is a vote cast by an Elector. A purported ballot separated from its supposed voter cannot constitute a vote or an actual ballot.

Per Fla St Sec. 101.015, F.S., and Florida Division of Elections Regulation 1S-2.015 requires that each county to develop security procedures for elections, which include the requirements that (emphasis added):

(k) Transport of Ballots and/or Election Materials. The security procedures shall describe the steps necessary to ensure a complete record of the chain of custody of ballots and/or election materials and shall include:

- 1. A description of the method and equipment used to transport all ballots and/or election materials;*
- 2. A method of recording the names of the individuals who transport the ballots and/or election materials from one site to another and the time they left the sending site; and*
- 3. A method of recording the time the individuals who transport the ballots and/or election materials arrived at the receiving site and the name of the individual at the receiving site who accepted the ballots and/or election materials.*

(l) Receiving and Preparing the Ballots for Central and Regional Counting. The security procedures shall describe the process of receiving and preparing voted ballots, election data and/or memory devices for counting to include, at a minimum, the following:

- 1. Verification that all of the ballot containers are properly secured and accounted for and that the seal numbers are correct;*
- 2. Verification that the ballot container(s) for each precinct contain voted ballots including provisional ballots, unused ballots, spoiled ballots and write-in ballots as shown to exist on the forms completed by each election board for that purpose;*
- 3. Inspection of the paper ballots to identify those that must be duplicated or upon which voter intent is unclear, thus requiring a determination by the Canvassing Board. A record shall be kept of which paper ballots are submitted to the Canvassing Board and the disposition of those paper ballots; and*
- 4. Description of the process for duplicating and recording the voted paper ballots which are damaged or defective.*

(m) Tabulation of Vote.

- 1. The security procedures for use with central and regional processing sites shall describe each step of a ballot tabulation to include, at a minimum, the following:*

- a. Counting and reconciliation of voted paper ballots;
 - b. Processing, tabulation and accumulation of voted ballots and election data;
 - c. Processing and recording of all write-in and provisional ballots;
 - d. The process for handling unreadable ballots and returning any duplicates to tabulation;
 - e. Backup and recovery of tabulated results and voting system programs for electronic or electromechanical voting systems; and
 - f. Describe the procedure for public viewing of the tabulation process and access to results.
2. Security procedures shall describe the steps necessary for vote tabulation in the precincts.
3. The security procedures for use in the precincts shall include procedures that describe each step of ballot tabulation to include, at a minimum, the following:
- a. Printing of precinct results and results from individual tabulating devices;
 - b. Processing and recording of write-in votes;
 - c. Endorsing a copy of the precinct results by the Election Board;
 - d. Posting of precinct results;
 - e. Transport of precinct results to central or regional site;
 - f. Consolidation of precinct and provisional ballot results; and
 - g. Describe the process for public viewing of the tabulation process and access to results.
4. The procedures for resolving discrepancies between the counted ballots and voted ballots and any other discrepancies found during the tabulation process shall be described.

Defendants Julie Marcus, Dustin Chase and Matt Smith knowingly and willingly have been unlawfully concealing, delaying and refusing to provide Plaintiff a candidate for the office of Supervisor of Elections and other Pinellas County Electors access to Public Records and Official Election records in order to prevent the discovery of their fraudulent activities and conspiracy to deprive voters of their voice, their right to cast a ballot and have their votes accurately counted in elections.

LEGAL STANDARD

To obtain a temporary restraining order or preliminary injunction, the Plaintiff must establish the following four elements:

1. **A substantial likelihood of success on the merits;**
2. **A substantial threat of irreparable injury if the injunction is not granted;**
3. **That the threatened injury to the plaintiff outweighs any potential harm to the defendant; and**
4. **That the injunction will not disserve the public interest.**

“[A] party seeking injunctive relief must show (1) irreparable harm, (2) an adequate legal remedy, and (3) the existence of a clear legal right.” *Murtagh v. Hurley*, 40 So. 3d 62, 66 (Fla. 2nd DCA 2010) (citing *Zimmerman v D.C.A. at Welleby, Inc.*, 505 So. 2d 1371, 1372-73 (Fla. 4th DCA 1987)).

ARGUMENT

I. PLAINTIFF HAS A SUBSTANTIAL LIKELIHOOD OF SUCCESS ON THE MERITS

The Plaintiff is likely to succeed on the merits of his claims due to the clear violations of Florida election law by the Defendants. The Defendants' actions constitute breaches of the following statutes:

- **Florida Statute § 101.62:** The Defendants violated this statute by ordering and distributing vote-by-mail ballots without proper voter consent, which is required by law.
- **Florida Statute § 101.68:** The improper verification of signatures and the sending of ballots to incorrect addresses violate the statutory requirements for canvassing vote-by-mail ballots.
- **Florida Statute § 104.041:** Sending vote by mail ballots to addresses where voters no longer reside, and thus potentially facilitating fraudulent voting, constitutes a violation of this statute.
- **Florida Statute § 104.0616:** The Defendants ordered vote-by-mail ballots on behalf of individuals who were not immediate family members, which is explicitly prohibited by this statute.
- **Florida Statute § 838.022:** The Defendants willfully and knowingly obtained a benefit for themselves and others, harmed the Plaintiff, other candidates for offices on the ballot and all the electors of Pinellas County by willingly and knowingly Obstructing, delaying, and preventing the communication of

information relating to the commission of a felony that directly involves or affects the government entity served by the public servant or public contractor.

The evidence presented in the Verified Complaint (Exhibit 1), the USPS and NCOA Database Results (Exhibit 2), and the sworn affidavits from affected voters (Exhibit 3) demonstrate a strong likelihood of success on the merits of these claims.

II. PLAINTIFF FACES A SUBSTANTIAL THREAT OF IRREPARABLE INJURY

The Plaintiff, other candidates and the electorate face a substantial threat of irreparable injury if the TRO and preliminary injunction are not granted. The unlawful counting of improperly obtained vote-by-mail ballots will dilute lawful votes and potentially alter the outcome of the election. The right to vote is a fundamental right protected under both the Florida and United States Constitutions. Any infringement upon this right constitutes irreparable harm. Courts have consistently recognized that the denial or dilution of the right to vote constitutes irreparable injury. See *Reynolds v. Sims*, 377 U.S. 533, 555 (1964); *Elrod v. Burns*, 427 U.S. 347, 373 (1976).

III. THE THREATENED INJURY TO PLAINTIFF OUTWEIGHS ANY HARM TO DEFENDANTS

The harm to the Plaintiff, other candidates, Pinellas County Electors, citizens and taxpayers from the denial of injunctive relief far outweighs any potential harm to the Defendants. Plaintiff and other candidates stand to have their electoral chances

compromised by the Defendants knowing and willing illegal actions, which will result in an unfair and fraudulent election outcome. Conversely, the Defendants will suffer no undue harm from being required to adhere to the lawful procedures for handling and counting vote-by-mail ballots, as required by Florida law, and be held accountable for any fraudulent activity connected to the disenfranchisement of Pinellas County candidates, electors and citizens.

IV. THE INJUNCTION WILL SERVE THE PUBLIC INTEREST

Granting the requested injunctive relief serves the public interest by ensuring the integrity of the election process. The public has the highest and most important compelling interest in maintaining the legitimacy of elections, which is foundational to a functioning democracy. Ensuring that all ballots and votes counted are lawful and that the election process is free from fraud is essential to preserving public confidence in the electoral system. The Florida Supreme Court has emphasized the importance of election integrity, stating, “The integrity of the electoral process is a paramount concern in our democratic system.” *Becker v. King*, 307 So. 2d 855, 859 (Fla. 1975).

Defendants Julie Marcus, Dustin Chase and Matt Smith are knowingly and intentionally violating numerous Florida Statute § 101.62, Florida Statute § 104.0616, Florida Statute § 101.68, Florida Statute § 838.022 by continuing refusal or inability to comply with Florida election law or conduct elections with an

acceptable level of transparency and professionalism undermines public trust in the election process. Provisions like Florida Statute § 101.62, Florida Statute § 104.0616, and Rule 1S-2.055, F.A.C. are designed to ensure an orderly and transparent process for conducting elections that include the requesting vote by mail ballot, the sending of vote by mail ballots to voters, and ensuring that there is no vote by mail fraud to include ballot harvesting and the illegal casting of vote by mail ballots as was seen in the 2020 and 2022 elections. These statutes are designed to avoid fraud and the appearance of fraud. Whether through malfeasance or incompetence, Defendants Julie Marcus, Dustin Chase and Matt Smith knowingly and intentionally have demonstrated that the public cannot rely on the Pinellas County Supervisor of Elections to comply with these laws. Injunctive relief is necessary to maintain public trust in Florida's election process, to prevent fraud or the appearance of fraud, and to prevent Plaintiff, other candidates and the public from suffering irreparable harm through the de-legitimization of Florida's election process and the irrecoverable Constitutional crisis this creates.

I. Plaintiff will suffer irreparable harm absent a temporary mandatory injunction.

Plaintiff, other candidates for offices, citizens, taxpayers and electors suffer a continuing and ongoing harm from Defendants Julie Marcus, Dustin Chase and Matt Smith's knowing and intentional misconduct because it damages public confidence that Plaintiff's election was conducted lawfully and free from vote by mail fraud, the

fraudulent casting of vote by mail ballots and the counting of fraudulent vote by mail ballots. Every day that Defendants Julie Marcus, Dustin Chase and Matt Smith's knowingly and intentionally suspect activities and unlawful processing of vote by mail ballots, that were not actually requested by voters on Sunday June 23, 2024 continues, suspicions continue to grow and the irreparable injury to the Plaintiff, to other candidates and to voters festers. The harm caused by the knowing and intentional behavior of Defendants Julie Marcus, Dustin Chase and Matt Smith increases every minute the Pinellas County Supervisor of Elections Office is allowed to continue processing and counting unlawfully requested vote by mail ballots, processing and counting unlawfully requested vote by mail ballots sent to undeliverable mailing addresses and the non-transparent processes that were taken throughout every step of administering this election and others under false claims of elections security redactions, that were previously utilized and are currently utilized to conceal widespread election fraud, misfeasance, malfeasance, neglect of duty and official misconduct on the part of the Defendants. As long as Defendants Julie Marcus, Dustin Chase and Matt Smith retains unsupervised, unaccountable, and unfettered access to ballots, election records, public records, they will be able to destroy evidence of any errors, accidents, or unlawful conduct, making it nearly impossible for an aggrieved party to prosecute their claims or discover later what has actually occurred. Plaintiff's interests, the interest of other candidates and the

interests of voters – in halting ongoing election fraud will be irreparably harmed absent an immediate injunction. See *Harbaugh v. Greslin*, No. 03-61674-CIV, 2004 WL 5599932, at *2 (S.D. Fla. Dec 14, 2004) (finding irreparable injury where plaintiff demonstrated “the existence of an inference of fraud” in ongoing transfers of technology).

No adequate legal remedy exists apart from a temporary mandatory injunction to protect the ballots, voting systems and the process.

II. Plaintiff has a clear legal right to a fair election, public records requested and election records that show the conduct of election was administered lawfully.

A. Plaintiff has a legal right to have the requested public records under the Florida Constitution, Florida Statutes and Federal Statutes.

Plaintiff, other candidates, citizens, taxpayers and electors have a clear right to the lawful, transparent administration of elections. Article I, Section 24 of the Florida Constitution provides: “Every person has the right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or person acting on their behalf,” which “specifically included...counties, municipalities, and districts; and each constitutional officer, board, and commission, or entity created pursuant to law or this Constitution.” This constitutional right is accompanied by a statutory duty on

Defendants Julie Marcus, Dustin Chase and Matt Smith's part to permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records." Fla Stat. Ann 119.07(1)(a). A citizens right to inspect public records includes the right to inspect ballots, which are subject to section 119.07(1) inspect election records, inspect public records related to requests made by voters for vote by mail ballots 101.62(1), right to inspect Electronic Voting System, manuals/operators guides that were used to administer elections Fla. Att'y Gen. Op AGO 2003-26

Likewise, federal law requires that" [e]very officer of elections shall retain and preserve for a period of twenty-two months from the date of any general, special or primary election of which candidates for the office of...Member of the Senate...[is] voted for...." 52 U.S.C. ss 20701.

B. Plaintiff, other candidates and voters of Florida have a clear and legal right to the fair conduct of elections.

Further, as the Florida Supreme Court has frequently reiterated, the voters "are possessed of the ultimate interest...in the process of that government, which for the most of our citizens means participation via the election process." *Boardman v. Esteva*, 323 So. 2d 259, 263 (Fla. 1975). Defendant's knowing and intentional ongoing violation of the United States Constitution, the Florida Constitution, Florida

Election code and Federal Election code jeopardize the integrity of the 2024 primary election and the 2024 general election. The very purpose of these statutes is to prevent election fraud, and the appearance of election fraud, by allowing interested parties, including campaigns, to track and observe the processing of requesting vote by mail ballots, the processing of ballots, the tallying of votes, and the administration of elections using electronic voting systems.

CONCLUSION

Plaintiff respectfully moves the court to grant, Emergency Motion for Injunctive Relief to Enforce Florida's Public Records Act, For Declaratory Judgement to Cease Election Fraud, and Request for Immediate Evidentiary Hearing.

As the Florida Supreme Court has recognized: "News delayed is news denied." *State ex Rel. Miami Herald Pub'g Co v McIntosh*, 340 So 2d 904,910 (Fla. 1976).

Although these addresses remain eligible for postal automation rate discounts, significant number of Highrise default/rural route default matches increases the costs and reduces the efficient delivery of this mail. Mailers should research to obtain secondary unit designator address information or highrise addresses and specific box number information for rural route addresses which are coded to default records on the National ZIP + 4 File.

Highrise Default/RR Default

Entries in this box show the number of addresses that were default matched. Defaults are matches made to addresses that contain invalid/missing secondary address or box information. A highrise default contains the building street address in the primary range field and spaces in the secondary range field. A rural route default contains the route number in the primary name but also has spaces in the primary address range.

LACS^{Link} System

Entries in this box show the number of addresses which have been converted through the LACS^{Link} process. LACS^{Link} is a data product provided by the Postal Service to allow addresses that have been converted due to addresses that have been renamed or renumbered, or for 911 emergency systems to be linked with their new address.

Early Warning System (EWS)

Entries in this box show the number of addresses on the processed address list that are new addresses not in the current U.S. Postal Service® ZIP + 4 File. These addresses are, however, valid addresses as formatted and should not be changed in any way since the U.S. Postal Service will assign ZIP + 4's to these addresses on the next monthly ZIP + 4 File.

Suite^{Link} System

Entries in this box show the number of ZIP+4/DPV confirmed addresses that matched to a highrise default, and the Suite^{Link} process returned the appropriate suite number. Only Suite^{Link} enabled software will return a value in this box (Check with your software vendor for obtaining this option). These address records are valid delivery points by the U.S. Postal Service. Addresses that are not confirmed by DPV are either new addresses not available on the current Delivery Sequence File, or are not valid and the list holder should further investigate to determine the accuracy of these addresses. Mailers should make every effort to ensure the quality of their address list(s).

MOTION FOR RECONSIDERATION

COMES NOW the Plaintiff, Christopher Gleason, and respectfully moves this

Court to reconsider its Order dated August 22, 2024, denying the Plaintiff's request

for a Temporary Injunction without Notice. In support of this Motion, Plaintiff states the following:

1. Introduction

On August 20, 2024, the Plaintiff filed a Verified Complaint seeking emergency injunctive relief to prevent the unlawful counting of improperly obtained vote-by-mail ballots in the upcoming August 20, 2024, election. The Court denied the request for a temporary injunction, citing a lack of verification and insufficient demonstration of immediate and irreparable harm.

2. Grounds for Reconsideration

The Plaintiff respectfully asserts that the Court did not fully appreciate the significant and irreversible constitutional crisis that will result from certifying an election tainted by over 219,695 illegally requested vote-by-mail ballots, which lack any verifiable chain of custody. In addition to the fact that there was clear evidence of a significant cyber breach when VR Systems the service provider for the Pinellas County Website, The Vote By Mail Ballot request system and election night reporting was 100% compromised via it's unlawful transmission of election data via modems transmitting election results via the internet. This situation

presents a grave threat not only to the integrity of the election in Pinellas County but to the nation security of the United States of America, but also to the millions of Florida, voters who have irrefutably been disenfranchised. .

A. Immediate and Irreparable Harm

The Plaintiff contends that the certification of the election, prior to resolving the substantial issues surrounding the illegal vote-by-mail ballots, will lead to the intermingling of lawful and unlawful ballots. Once these ballots are counted and intermingled, it will be impossible to distinguish between them, effectively nullifying any potential judicial remedy and causing irreparable harm. The constitutional right to vote, and the integrity of the electoral process, will be irrevocably compromised if unlawful ballots are allowed to dilute the legitimate votes of citizens.

Moreover, the lack of a verifiable chain of custody for these 219,695 ballots raises serious questions about the legitimacy of the election results. The fact that 219,695 vote by mail ballots were illegally requested by Defendants Julie Marcus, Dustin Chase and Matt Smith are irrefutable. and This not only undermines public confidence in the electoral process but also poses a significant risk of legal

challenges that has created a Constitutional crisis the like of which could plunge the United States into a state of civil war and unrest, and destabilize the governance of Pinellas County, the State of Florida and the United States of America as a whole.

B. The Dire Constitutional Crisis at Hand

The potential certification of an election marred by such a significant degree of alleged fraud constitutes a dire constitutional crisis. The foundation of our democracy rests on the principle that each citizen's vote is counted fairly and without dilution by unlawful ballots. Allowing this election to proceed without first addressing these critical issues could set a dangerous precedent, inviting further erosion of public trust in the electoral system.

Certifying the election without first ensuring the legality of all ballots would not only disenfranchise lawful voters but also irreparably harm the democratic process. The consequences of such an action extend beyond this single election, threatening the core values of electoral integrity and public confidence that underpin our entire system of government.

3. Legal Standards and Public Interest

The standard for granting a temporary injunction includes a substantial likelihood of success on the merits, the presence of immediate and irreparable harm, the balance of harms, and the consideration of the public interest. Here, the Plaintiff contends that all these factors weigh decisively in favor of granting the requested injunction.

Substantial Likelihood of Success: The Plaintiff's claims are supported by substantial evidence indicating that over 219,695 vote-by-mail ballots were requested and distributed illegally, without proper verification or chain of custody. This evidence strongly suggests that the election could be compromised by the inclusion of these unlawful ballots.

Immediate and Irreparable Harm: As discussed, the harm posed by certifying the election under these circumstances is both immediate and irreparable. Once unlawful ballots are intermingled with lawful ones, it will be impossible to rectify the situation, leading to a permanent dilution of lawful votes.

Balance of Harms: The harm to the Plaintiff and the electorate from denying this injunction far outweighs any inconvenience to the Defendants. Ensuring the integrity of the election is paramount, and any delay in certification is justified by the need to resolve these serious legal issues.

Public Interest: The public interest is unequivocally served by maintaining the integrity of the electoral process. Allowing the certification of an election tainted by massive vote-by-mail fraud would undermine public confidence in the democratic system and set a dangerous precedent for future elections.

4. Request for Relief

For the reasons stated above, the Plaintiff respectfully requests that this Court reconsider its Order dated August 22, 2024, and grant the Plaintiff's request for a Temporary Injunction to prevent the certification of the election until the issues regarding the vote-by-mail ballots are fully adjudicated.

WHEREFORE, Plaintiff respectfully requests that this Court:

1. Reconsider its previous Order and grant the requested Temporary Injunction.

2. Halt the certification of the August 20, 2024, election until the Court has had an opportunity to fully consider the legality of the vote-by-mail ballots and the total lack of chain of custody that the Defendants have willfully, knowingly and maliciously concealed, delayed refused to in question.
3. Grant any other relief this Court deems just and proper.

DATED: August 22, 2024

Respectfully submitted,

/s/ Christopher Gleason

**ORDER DENYING TEMPORARY INJUNCTION WITHOUT NOTICE AND
CERTIFYING PUBLIC RECORDS ACT CLAIM FOR ACCELERATED HEARING**

THIS MATTER is before the Court on Plaintiff's Verified Complaint for Emergency Injunctive Relief to Enforce Florida's Public Records Act, for Declaratory Judgment to Cease Election Fraud, and Request for Immediate Hearing ("Complaint"). Having considered the Complaint, the case file, the applicable law, and being otherwise fully advised in the premises, the Court hereby **FINDS AND ORDERS:**

1. Plaintiff filed his Complaint on August 20, 2024, seeking declaratory and injunctive relief for matters of election law. The Complaint also alleges a Public Records Act violation and seeks a temporary injunction without notice to the adverse parties.

2. "A temporary injunction without notice is an extraordinary remedy and should be granted sparingly." *State v. Beeler*, 530 So. 2d 932, 933 (Fla. 1988).

3. Florida Rule of Civil Procedure 1.610(a)(1) allows a temporary injunction to be granted without written or oral notice to the adverse party in limited circumstances. This process "may only be utilized if the facts shown in an affidavit or verified pleading reflect that immediate

and irreparable injury, loss or damage would result before the adverse party could be heard in opposition.” *Seminole Cty. Sch. Bd. v. Downey*, 59 So. 3d 1156, 1159 (Fla. 5th DCA 2011).

4. “The requirement that a document be verified means that the document must be signed or executed by a person and that the person must state under oath or affirm that the facts or matters stated or recited in the document are true, or words of that import or effect.” § 92.525(4)(c), Fla. Stat. (2023).

5. Although Plaintiff signed the Complaint, the Complaint otherwise fails to affirm that the facts or matters asserted within the Complaint are true. Accordingly, the Complaint has not been verified.

6. Additionally, none of the third party affidavits attached to the Complaint establish that Plaintiff will suffer immediate and irreparable injury, loss or damage before the adverse party could be heard in opposition.

7. Accordingly, Plaintiff has failed to abide by the procedure prescribed by Rule 1.610(a) necessary to obtain a temporary injunction.

8. On a separate note, the Complaint avers that Defendants violated the Public Records Act. Claims made under the Public Records Act are entitled to an accelerated hearing. *See* § 119.11(1), Fla. Stat. (2023) (“Whenever an action is filed to enforce the provisions of this chapter, the court shall set an immediate hearing, giving the case priority over other pending cases”).

Accordingly, it is

ORDERED and ADJUDGED:

1. Plaintiff’s request for a temporary injunction without hearing is **DENIED**.

2. The Complaint does not qualify as an emergency filing and will not be treated as such.

3. Plaintiff's Public Records Act claim is subject to an accelerated hearing and will be given priority over other pending cases. A hearing on this cause of action will be scheduled as soon as practicable.

DONE and ORDERED in Chambers, in St. Petersburg, Pinellas County, Florida this ____ day of August, 2024.

**MEMORANDUM IN SUPPORT OF PLAINTIFF'S EMERGENCY
MOTION FOR INJUNCTIVE RELIEF TO ENFORCE FLORIDA'S
PUBLIC RECORDS ACT, FOR DECLARATORY JUDGEMENT TO
CEASE ELECTION FRAUD AND REQUEST FOR IMMEDIATE
HEARING**

Plaintiff Christopher Gleason, is citizen of the state of Florida, resident of Pinellas
County, active registered Elector, candidate for the office of Pinellas County

Supervisor of Elections, and taxpayer filed an Emergency Motion for Injunctive Relief to Enforce Florida's Public Records Act, For Declaratory Judgement to Cease Election Fraud and Request For Immediate Hearing and submits this Memorandum in support of same and states as follows:

INTRODUCTION

Plaintiff, Christopher Gleason, respectfully submits this Memorandum in Support of his Emergency Motion for a Temporary Restraining Order ("TRO") and Preliminary Injunction against Defendants Julie Marcus, Dustin Chase, Matt Smith, and unnamed Defendants John Does 1-99 and Jane Does 1-99. This Memorandum is submitted to prevent the unlawful counting of improperly obtained and distributed vote-by-mail ballots in the August 20, 2024, election. Plaintiff seeks immediate judicial relief to safeguard the integrity of the election process and to protect the fundamental right to vote.

BACKGROUND

The Verified Complaint (attached as Exhibit 1) alleges significant violations of Florida election law by the Defendants. On or around June 23, 2024, Defendants ordered and distributed 219,695 vote-by-mail ballots without obtaining the required consent from voters, in direct violation of Florida Statutes §§ 101.62 and 104.0616. These actions were followed by the distribution of 234,733 vote-by-mail ballots on

July 16, 2024, of which 35,756 ballots were sent to incorrect or undeliverable addresses (Exhibit 2: USPS and NCOA Database Results).

Upon information and belief thousands of vote by mail ballots sent out to electors who no longer reside in Florida or Pinellas county and vote by mail ballots sent to undeliverable as addressed addresses are showing as being cast in the Statewide Vote By Mail Reports made available from the Florida Division of Elections website at <https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>

These acts constitute serious violations of Florida election law, present a substantial risk of voter fraud, and threaten the integrity of the August 20th election.

The lack of transparent and definitive information about the number of legitimate vote by mail ballots and votes cast by actual Electors disturbingly allows for the invention of new votes that were not validly cast by any actual Electors. Clearly only ballots for which **CHAIN OF CUSTODY** can be established from an actual Elector to the ballot as voted can qualify as a valid vote. Ballots without any chain of custody of its validity—is a nullity. It cannot be a ballot if no voter or Elector can be shown to have cast that ballot. The essence of a ballot is a vote cast by an Elector. A purported ballot separated from its supposed voter cannot constitute a vote or an actual ballot.

Per Fla St Sec. 101.015, F.S., and Florida Division of Elections Regulation 1S-2.015

requires that each county to develop security procedures for elections, which include the requirements that (emphasis added):

(k) Transport of Ballots and/or Election Materials. The security procedures shall describe the steps necessary to ensure a complete record of the chain of custody of ballots and/or election materials and shall include:

- 1. A description of the method and equipment used to transport all ballots and/or election materials;*
- 2. A method of recording the names of the individuals who transport the ballots and/or election materials from one site to another and the time they left the sending site; and*
- 3. A method of recording the time the individuals who transport the ballots and/or election materials arrived at the receiving site and the name of the individual at the receiving site who accepted the ballots and/or election materials.*

(l) Receiving and Preparing the Ballots for Central and Regional Counting. The security procedures shall describe the process of receiving and preparing voted ballots, election data and/or memory devices for counting to include, at a minimum, the following:

- 1. Verification that all of the ballot containers are properly secured and accounted for and that the seal numbers are correct;*
- 2. Verification that the ballot container(s) for each precinct contain voted ballots including provisional ballots, unused ballots, spoiled ballots and write-in ballots as shown to exist on the forms completed by each election board for that purpose;*
- 3. Inspection of the paper ballots to identify those that must be duplicated or upon which voter intent is unclear, thus requiring a determination by the Canvassing Board. A record shall be kept of which paper ballots are submitted to the Canvassing Board and the disposition of those paper ballots; and*
- 4. Description of the process for duplicating and recording the voted paper ballots which are damaged or defective.*

(m) Tabulation of Vote.

- 1. The security procedures for use with central and regional processing sites shall describe each step of a ballot tabulation to include, at a minimum, the following:*

- a. Counting and reconciliation of voted paper ballots;*
 - b. Processing, tabulation and accumulation of voted ballots and election data;*
 - c. Processing and recording of all write-in and provisional ballots;*
 - d. The process for handling unreadable ballots and returning any duplicates to tabulation;*
 - e. Backup and recovery of tabulated results and voting system programs for electronic or electromechanical voting systems; and*
 - f. Describe the procedure for public viewing of the tabulation process and access to results.*
- 2. Security procedures shall describe the steps necessary for vote tabulation in the precincts.*
- 3. The security procedures for use in the precincts shall include procedures that describe each step of ballot tabulation to include, at a minimum, the following:*
- a. Printing of precinct results and results from individual tabulating devices;*
 - b. Processing and recording of write-in votes;*
 - c. Endorsing a copy of the precinct results by the Election Board;*
 - d. Posting of precinct results;*
 - e. Transport of precinct results to central or regional site;*
 - f. Consolidation of precinct and provisional ballot results; and*
 - g. Describe the process for public viewing of the tabulation process and access to results.*
- 4. The procedures for resolving discrepancies between the counted ballots and voted ballots and any other discrepancies found during the tabulation process shall be described.*

Defendants Julie Marcus, Dustin Chase and Matt Smith knowingly and willingly have been unlawfully concealing, delaying and refusing to provide Plaintiff a candidate for the office of Supervisor of Elections and other Pinellas County Electors access to Public Records and Official Election records in order to prevent the discovery of their fraudulent activities and conspiracy to deprive voters of their voice, their right to cast a ballot and have their votes accurately counted in elections.

LEGAL STANDARD

To obtain a temporary restraining order or preliminary injunction, the Plaintiff must establish the following four elements:

1. **A substantial likelihood of success on the merits;**
2. **A substantial threat of irreparable injury if the injunction is not granted;**
3. **That the threatened injury to the plaintiff outweighs any potential harm to the defendant; and**
4. **That the injunction will not disserve the public interest.**

“[A] party seeking injunctive relief must show (1) irreparable harm, (2) an adequate legal remedy, and (3) the existence of a clear legal right.” *Murtagh v. Hurley*, 40 So. 3d 62, 66 (Fla. 2nd DCA 2010) (citing *Zimmerman v D.C.A. at Welleby, Inc.*, 505 So. 2d 1371, 1372-73 (Fla. 4th DCA 1987)).

ARGUMENT

I. PLAINTIFF HAS A SUBSTANTIAL LIKELIHOOD OF SUCCESS ON THE MERITS

The Plaintiff is likely to succeed on the merits of his claims due to the clear violations of Florida election law by the Defendants. The Defendants' actions constitute breaches of the following statutes:

- **Florida Statute § 101.62:** The Defendants violated this statute by ordering and distributing vote-by-mail ballots without proper voter consent, which is required by law.
- **Florida Statute § 101.68:** The improper verification of signatures and the sending of ballots to incorrect addresses violate the statutory requirements for canvassing vote-by-mail ballots.
- **Florida Statute § 104.041:** Sending vote by mail ballots to addresses where voters no longer reside, and thus potentially facilitating fraudulent voting, constitutes a violation of this statute.
- **Florida Statute § 104.0616:** The Defendants ordered vote-by-mail ballots on behalf of individuals who were not immediate family members, which is explicitly prohibited by this statute.
- **Florida Statute § 838.022:** The Defendants willfully and knowingly obtained a benefit for themselves and others, harmed the Plaintiff, other candidates for offices on the ballot and all the electors of Pinellas County by willingly and knowingly Obstructing, delaying, and preventing the communication of

information relating to the commission of a felony that directly involves or affects the government entity served by the public servant or public contractor.

The evidence presented in the Verified Complaint (Exhibit 1), the USPS and NCOA Database Results (Exhibit 2), and the sworn affidavits from affected voters (Exhibit 3) demonstrate a strong likelihood of success on the merits of these claims.

II. PLAINTIFF FACES A SUBSTANTIAL THREAT OF IRREPARABLE INJURY

The Plaintiff, other candidates and the electorate face a substantial threat of irreparable injury if the TRO and preliminary injunction are not granted. The unlawful counting of improperly obtained vote-by-mail ballots will dilute lawful votes and potentially alter the outcome of the election. The right to vote is a fundamental right protected under both the Florida and United States Constitutions. Any infringement upon this right constitutes irreparable harm. Courts have consistently recognized that the denial or dilution of the right to vote constitutes irreparable injury. See *Reynolds v. Sims*, 377 U.S. 533, 555 (1964); *Elrod v. Burns*, 427 U.S. 347, 373 (1976).

III. THE THREATENED INJURY TO PLAINTIFF OUTWEIGHS ANY HARM TO DEFENDANTS

The harm to the Plaintiff, other candidates, Pinellas County Electors, citizens and taxpayers from the denial of injunctive relief far outweighs any potential harm to the Defendants. Plaintiff and other candidates stand to have their electoral chances

compromised by the Defendants knowing and willing illegal actions, which will result in an unfair and fraudulent election outcome. Conversely, the Defendants will suffer no undue harm from being required to adhere to the lawful procedures for handling and counting vote-by-mail ballots, as required by Florida law, and be held accountable for any fraudulent activity connected to the disenfranchisement of Pinellas County candidates, electors and citizens.

IV. THE INJUNCTION WILL SERVE THE PUBLIC INTEREST

Granting the requested injunctive relief serves the public interest by ensuring the integrity of the election process. The public has the highest and most important compelling interest in maintaining the legitimacy of elections, which is foundational to a functioning democracy. Ensuring that all ballots and votes counted are lawful and that the election process is free from fraud is essential to preserving public confidence in the electoral system. The Florida Supreme Court has emphasized the importance of election integrity, stating, “The integrity of the electoral process is a paramount concern in our democratic system.” *Becker v. King*, 307 So. 2d 855, 859 (Fla. 1975).

Defendants Julie Marcus, Dustin Chase and Matt Smith are knowingly and intentionally violating numerous Florida Statute § 101.62, Florida Statute § 104.0616, Florida Statute § 101.68, Florida Statute § 838.022 by continuing refusal or inability to comply with Florida election law or conduct elections with an

acceptable level of transparency and professionalism undermines public trust in the election process. Provisions like Florida Statute § 101.62, Florida Statute § 104.0616, and Rule 1S-2.055, F.A.C. are designed to ensure an orderly and transparent process for conducting elections that include the requesting vote by mail ballot, the sending of vote by mail ballots to voters, and ensuring that there is no vote by mail fraud to include ballot harvesting and the illegal casting of vote by mail ballots as was seen in the 2020 and 2022 elections. These statutes are designed to avoid fraud and the appearance of fraud. Whether through malfeasance or incompetence, Defendants Julie Marcus, Dustin Chase and Matt Smith knowingly and intentionally have demonstrated that the public cannot rely on the Pinellas County Supervisor of Elections to comply with these laws. Injunctive relief is necessary to maintain public trust in Florida's election process, to prevent fraud or the appearance of fraud, and to prevent Plaintiff, other candidates and the public from suffering irreparable harm through the de-legitimization of Florida's election process and the irrecoverable Constitutional crisis this creates.

I. Plaintiff will suffer irreparable harm absent a temporary mandatory injunction.

Plaintiff, other candidates for offices, citizens, taxpayers and electors suffer a continuing and ongoing harm from Defendants Julie Marcus, Dustin Chase and Matt Smith's knowing and intentional misconduct because it damages public confidence that Plaintiff's election was conducted lawfully and free from vote by mail fraud, the

fraudulent casting of vote by mail ballots and the counting of fraudulent vote by mail ballots. Every day that Defendants Julie Marcus, Dustin Chase and Matt Smith's knowingly and intentionally suspect activities and unlawful processing of vote by mail ballots, that were not actually requested by voters on Sunday June 23, 2024 continues, suspicions continue to grow and the irreparable injury to the Plaintiff, to other candidates and to voters festers. The harm caused by the knowing and intentional behavior of Defendants Julie Marcus, Dustin Chase and Matt Smith increases every minute the Pinellas County Supervisor of Elections Office is allowed to continue processing and counting unlawfully requested vote by mail ballots, processing and counting unlawfully requested vote by mail ballots sent to undeliverable mailing addresses and the non-transparent processes that were taken throughout every step of administering this election and others under false claims of elections security redactions, that were previously utilized and are currently utilized to conceal widespread election fraud, misfeasance, malfeasance, neglect of duty and official misconduct on the part of the Defendants. As long as Defendants Julie Marcus, Dustin Chase and Matt Smith retains unsupervised, unaccountable, and unfettered access to ballots, election records, public records, they will be able to destroy evidence of any errors, accidents, or unlawful conduct, making it nearly impossible for an aggrieved party to prosecute their claims or discover later what has actually occurred. Plaintiff's interests, the interest of other candidates and the

interests of voters – in halting ongoing election fraud will be irreparably harmed absent an immediate injunction. See *Harbaugh v. Greslin*, No. 03-61674-CIV, 2004 WL 5599932, at *2 (S.D. Fla. Dec 14, 2004) (finding irreparable injury where plaintiff demonstrated “the existence of an inference of fraud” in ongoing transfers of technology).

No adequate legal remedy exists apart from a temporary mandatory injunction to protect the ballots, voting systems and the process.

II. Plaintiff has a clear legal right to a fair election, public records requested and election records that show the conduct of election was administered lawfully.

A. Plaintiff has a legal right to have the requested public records under the Florida Constitution, Florida Statutes and Federal Statutes.

Plaintiff, other candidates, citizens, taxpayers and electors have a clear right to the lawful, transparent administration of elections. Article I, Section 24 of the Florida Constitution provides: “Every person has the right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or person acting on their behalf,” which “specifically included...counties, municipalities, and districts; and each constitutional officer, board, and commission, or entity created pursuant to law or this Constitution.” This constitutional right is accompanied by a statutory duty on

Defendants Julie Marcus, Dustin Chase and Matt Smith's part to permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records." Fla Stat. Ann 119.07(1)(a). A citizens right to inspect public records includes the right to inspect ballots, which are subject to section 119.07(1) inspect election records, inspect public records related to requests made by voters for vote by mail ballots 101.62(1), right to inspect Electronic Voting System, manuals/operators guides that were used to administer elections Fla. Att'y Gen. Op AGO 2003-26

Likewise, federal law requires that" [e]very officer of elections shall retain and preserve for a period of twenty-two months from the date of any general, special or primary election of which candidates for the office of...Member of the Senate...[is] voted for...." 52 U.S.C. ss 20701.

B. Plaintiff, other candidates and voters of Florida have a clear and legal right to the fair conduct of elections.

Further, as the Florida Supreme Court has frequently reiterated, the voters "are possessed of the ultimate interest...in the process of that government, which for the most of our citizens means participation via the election process." *Boardman v. Esteve*, 323 So. 2d 259, 263 (Fla. 1975). Defendant's knowing and intentional ongoing violation of the United States Constitution, the Florida Constitution, Florida

Election code and Federal Election code jeopardize the integrity of the 2024 primary election and the 2024 general election. The very purpose of these statutes is to prevent election fraud, and the appearance of election fraud, by allowing interested parties, including campaigns, to track and observe the processing of requesting vote by mail ballots, the processing of ballots, the tallying of votes, and the administration of elections using electronic voting systems.

CONCLUSION

Plaintiff respectfully moves the court to grant, Emergency Motion for Injunctive Relief to Enforce Florida's Public Records Act, For Declaratory Judgement to Cease Election Fraud, and Request for Immediate Evidentiary Hearing.

As the Florida Supreme Court has recognized: "News delayed is news denied." *State ex Rel. Miami Herald Pub'g Co v McIntosh*, 340 So 2d 904,910 (Fla. 1976).

Plaintiff Christopher Gleason, is citizen of the state of Florida, resident of Pinellas
County, active registered Elector, candidate for the office of Pinellas County

Supervisor of Elections, and taxpayer filed an Emergency Motion for Injunctive Relief to Enforce Florida's Public Records Act, For Declaratory Judgement to Cease Election Fraud and Request For Immediate Hearing and submits this Memorandum in support of same and states as follows:

INTRODUCTION

Plaintiff, Christopher Gleason, respectfully submits this Memorandum in Support of his Emergency Motion for a Temporary Restraining Order ("TRO") and Preliminary Injunction against Defendants Julie Marcus, Dustin Chase, Matt Smith, and unnamed Defendants John Does 1-99 and Jane Does 1-99. This Memorandum is submitted to prevent the unlawful counting of improperly obtained and distributed vote-by-mail ballots in the August 20, 2024, election. Plaintiff seeks immediate judicial relief to safeguard the integrity of the election process and to protect the fundamental right to vote.

BACKGROUND

The Verified Complaint (attached as Exhibit 1) alleges significant violations of Florida election law by the Defendants. On or around June 23, 2024, Defendants ordered and distributed 219,695 vote-by-mail ballots without obtaining the required consent from voters, in direct violation of Florida Statutes §§ 101.62 and 104.0616. These actions were followed by the distribution of 234,733 vote-by-mail ballots on

July 16, 2024, of which 35,756 ballots were sent to incorrect or undeliverable addresses (Exhibit 2: USPS and NCOA Database Results).

Upon information and belief thousands of vote by mail ballots sent out to electors who no longer reside in Florida or Pinellas county and vote by mail ballots sent to undeliverable as addressed addresses are showing as being cast in the Statewide Vote By Mail Reports made available from the Florida Division of Elections website at <https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>

These acts constitute serious violations of Florida election law, present a substantial risk of voter fraud, and threaten the integrity of the August 20th election.

The lack of transparent and definitive information about the number of legitimate vote by mail ballots and votes cast by actual Electors disturbingly allows for the invention of new votes that were not validly cast by any actual Electors. Clearly only ballots for which **CHAIN OF CUSTODY** can be established from an actual Elector to the ballot as voted can qualify as a valid vote. Ballots without any chain of custody of its validity—is a nullity. It cannot be a ballot if no voter or Elector can be shown to have cast that ballot. The essence of a ballot is a vote cast by an Elector. A purported ballot separated from its supposed voter cannot constitute a vote or an actual ballot.

Per Fla St Sec. 101.015, F.S., and Florida Division of Elections Regulation 1S-2.015

requires that each county to develop security procedures for elections, which include the requirements that (emphasis added):

(k) Transport of Ballots and/or Election Materials. The security procedures shall describe the steps necessary to ensure a complete record of the chain of custody of ballots and/or election materials and shall include:

- 1. A description of the method and equipment used to transport all ballots and/or election materials;*
- 2. A method of recording the names of the individuals who transport the ballots and/or election materials from one site to another and the time they left the sending site; and*
- 3. A method of recording the time the individuals who transport the ballots and/or election materials arrived at the receiving site and the name of the individual at the receiving site who accepted the ballots and/or election materials.*

(l) Receiving and Preparing the Ballots for Central and Regional Counting. The security procedures shall describe the process of receiving and preparing voted ballots, election data and/or memory devices for counting to include, at a minimum, the following:

- 1. Verification that all of the ballot containers are properly secured and accounted for and that the seal numbers are correct;*
- 2. Verification that the ballot container(s) for each precinct contain voted ballots including provisional ballots, unused ballots, spoiled ballots and write-in ballots as shown to exist on the forms completed by each election board for that purpose;*
- 3. Inspection of the paper ballots to identify those that must be duplicated or upon which voter intent is unclear, thus requiring a determination by the Canvassing Board. A record shall be kept of which paper ballots are submitted to the Canvassing Board and the disposition of those paper ballots; and*
- 4. Description of the process for duplicating and recording the voted paper ballots which are damaged or defective.*

(m) Tabulation of Vote.

- 1. The security procedures for use with central and regional processing sites shall describe each step of a ballot tabulation to include, at a minimum, the following:*

- a. Counting and reconciliation of voted paper ballots;*
 - b. Processing, tabulation and accumulation of voted ballots and election data;*
 - c. Processing and recording of all write-in and provisional ballots;*
 - d. The process for handling unreadable ballots and returning any duplicates to tabulation;*
 - e. Backup and recovery of tabulated results and voting system programs for electronic or electromechanical voting systems; and*
 - f. Describe the procedure for public viewing of the tabulation process and access to results.*
- 2. Security procedures shall describe the steps necessary for vote tabulation in the precincts.*
- 3. The security procedures for use in the precincts shall include procedures that describe each step of ballot tabulation to include, at a minimum, the following:*
- a. Printing of precinct results and results from individual tabulating devices;*
 - b. Processing and recording of write-in votes;*
 - c. Endorsing a copy of the precinct results by the Election Board;*
 - d. Posting of precinct results;*
 - e. Transport of precinct results to central or regional site;*
 - f. Consolidation of precinct and provisional ballot results; and*
 - g. Describe the process for public viewing of the tabulation process and access to results.*
- 4. The procedures for resolving discrepancies between the counted ballots and voted ballots and any other discrepancies found during the tabulation process shall be described.*

Defendants Julie Marcus, Dustin Chase and Matt Smith knowingly and willingly have been unlawfully concealing, delaying and refusing to provide Plaintiff a candidate for the office of Supervisor of Elections and other Pinellas County Electors access to Public Records and Official Election records in order to prevent the discovery of their fraudulent activities and conspiracy to deprive voters of their voice, their right to cast a ballot and have their votes accurately counted in elections.

LEGAL STANDARD

To obtain a temporary restraining order or preliminary injunction, the Plaintiff must establish the following four elements:

1. **A substantial likelihood of success on the merits;**
2. **A substantial threat of irreparable injury if the injunction is not granted;**
3. **That the threatened injury to the plaintiff outweighs any potential harm to the defendant; and**
4. **That the injunction will not disserve the public interest.**

“[A] party seeking injunctive relief must show (1) irreparable harm, (2) an adequate legal remedy, and (3) the existence of a clear legal right.” *Murtagh v. Hurley*, 40 So. 3d 62, 66 (Fla. 2nd DCA 2010) (citing *Zimmerman v D.C.A. at Welleby, Inc.*, 505 So. 2d 1371, 1372-73 (Fla. 4th DCA 1987)).

ARGUMENT

I. PLAINTIFF HAS A SUBSTANTIAL LIKELIHOOD OF SUCCESS ON THE MERITS

The Plaintiff is likely to succeed on the merits of his claims due to the clear violations of Florida election law by the Defendants. The Defendants' actions constitute breaches of the following statutes:

- **Florida Statute § 101.62:** The Defendants violated this statute by ordering and distributing vote-by-mail ballots without proper voter consent, which is required by law.
- **Florida Statute § 101.68:** The improper verification of signatures and the sending of ballots to incorrect addresses violate the statutory requirements for canvassing vote-by-mail ballots.
- **Florida Statute § 104.041:** Sending vote by mail ballots to addresses where voters no longer reside, and thus potentially facilitating fraudulent voting, constitutes a violation of this statute.
- **Florida Statute § 104.0616:** The Defendants ordered vote-by-mail ballots on behalf of individuals who were not immediate family members, which is explicitly prohibited by this statute.
- **Florida Statute § 838.022:** The Defendants willfully and knowingly obtained a benefit for themselves and others, harmed the Plaintiff, other candidates for offices on the ballot and all the electors of Pinellas County by willingly and knowingly Obstructing, delaying, and preventing the communication of

information relating to the commission of a felony that directly involves or affects the government entity served by the public servant or public contractor.

The evidence presented in the Verified Complaint (Exhibit 1), the USPS and NCOA Database Results (Exhibit 2), and the sworn affidavits from affected voters (Exhibit 3) demonstrate a strong likelihood of success on the merits of these claims.

II. PLAINTIFF FACES A SUBSTANTIAL THREAT OF IRREPARABLE INJURY

The Plaintiff, other candidates and the electorate face a substantial threat of irreparable injury if the TRO and preliminary injunction are not granted. The unlawful counting of improperly obtained vote-by-mail ballots will dilute lawful votes and potentially alter the outcome of the election. The right to vote is a fundamental right protected under both the Florida and United States Constitutions. Any infringement upon this right constitutes irreparable harm. Courts have consistently recognized that the denial or dilution of the right to vote constitutes irreparable injury. See *Reynolds v. Sims*, 377 U.S. 533, 555 (1964); *Elrod v. Burns*, 427 U.S. 347, 373 (1976).

III. THE THREATENED INJURY TO PLAINTIFF OUTWEIGHS ANY HARM TO DEFENDANTS

The harm to the Plaintiff, other candidates, Pinellas County Electors, citizens and taxpayers from the denial of injunctive relief far outweighs any potential harm to the Defendants. Plaintiff and other candidates stand to have their electoral chances

compromised by the Defendants knowing and willing illegal actions, which will result in an unfair and fraudulent election outcome. Conversely, the Defendants will suffer no undue harm from being required to adhere to the lawful procedures for handling and counting vote-by-mail ballots, as required by Florida law, and be held accountable for any fraudulent activity connected to the disenfranchisement of Pinellas County candidates, electors and citizens.

IV. THE INJUNCTION WILL SERVE THE PUBLIC INTEREST

Granting the requested injunctive relief serves the public interest by ensuring the integrity of the election process. The public has the highest and most important compelling interest in maintaining the legitimacy of elections, which is foundational to a functioning democracy. Ensuring that all ballots and votes counted are lawful and that the election process is free from fraud is essential to preserving public confidence in the electoral system. The Florida Supreme Court has emphasized the importance of election integrity, stating, “The integrity of the electoral process is a paramount concern in our democratic system.” *Becker v. King*, 307 So. 2d 855, 859 (Fla. 1975).

Defendants Julie Marcus, Dustin Chase and Matt Smith are knowingly and intentionally violating numerous Florida Statute § 101.62, Florida Statute § 104.0616, Florida Statute § 101.68, Florida Statute § 838.022 by continuing refusal or inability to comply with Florida election law or conduct elections with an

acceptable level of transparency and professionalism undermines public trust in the election process. Provisions like Florida Statute § 101.62, Florida Statute § 104.0616, and Rule 1S-2.055, F.A.C. are designed to ensure an orderly and transparent process for conducting elections that include the requesting vote by mail ballot, the sending of vote by mail ballots to voters, and ensuring that there is no vote by mail fraud to include ballot harvesting and the illegal casting of vote by mail ballots as was seen in the 2020 and 2022 elections. These statutes are designed to avoid fraud and the appearance of fraud. Whether through malfeasance or incompetence, Defendants Julie Marcus, Dustin Chase and Matt Smith knowingly and intentionally have demonstrated that the public cannot rely on the Pinellas County Supervisor of Elections to comply with these laws. Injunctive relief is necessary to maintain public trust in Florida's election process, to prevent fraud or the appearance of fraud, and to prevent Plaintiff, other candidates and the public from suffering irreparable harm through the de-legitimization of Florida's election process and the irrecoverable Constitutional crisis this creates.

I. Plaintiff will suffer irreparable harm absent a temporary mandatory injunction.

Plaintiff, other candidates for offices, citizens, taxpayers and electors suffer a continuing and ongoing harm from Defendants Julie Marcus, Dustin Chase and Matt Smith's knowing and intentional misconduct because it damages public confidence that Plaintiff's election was conducted lawfully and free from vote by mail fraud, the

fraudulent casting of vote by mail ballots and the counting of fraudulent vote by mail ballots. Every day that Defendants Julie Marcus, Dustin Chase and Matt Smith's knowingly and intentionally suspect activities and unlawful processing of vote by mail ballots, that were not actually requested by voters on Sunday June 23, 2024 continues, suspicions continue to grow and the irreparable injury to the Plaintiff, to other candidates and to voters festers. The harm caused by the knowing and intentional behavior of Defendants Julie Marcus, Dustin Chase and Matt Smith increases every minute the Pinellas County Supervisor of Elections Office is allowed to continue processing and counting unlawfully requested vote by mail ballots, processing and counting unlawfully requested vote by mail ballots sent to undeliverable mailing addresses and the non-transparent processes that were taken throughout every step of administering this election and others under false claims of elections security redactions, that were previously utilized and are currently utilized to conceal widespread election fraud, misfeasance, malfeasance, neglect of duty and official misconduct on the part of the Defendants. As long as Defendants Julie Marcus, Dustin Chase and Matt Smith retains unsupervised, unaccountable, and unfettered access to ballots, election records, public records, they will be able to destroy evidence of any errors, accidents, or unlawful conduct, making it nearly impossible for an aggrieved party to prosecute their claims or discover later what has actually occurred. Plaintiff's interests, the interest of other candidates and the

interests of voters – in halting ongoing election fraud will be irreparably harmed absent an immediate injunction. See *Harbaugh v. Greslin*, No. 03-61674-CIV, 2004 WL 5599932, at *2 (S.D. Fla. Dec 14, 2004) (finding irreparable injury where plaintiff demonstrated “the existence of an inference of fraud” in ongoing transfers of technology).

No adequate legal remedy exists apart from a temporary mandatory injunction to protect the ballots, voting systems and the process.

II. Plaintiff has a clear legal right to a fair election, public records requested and election records that show the conduct of election was administered lawfully.

A. Plaintiff has a legal right to have the requested public records under the Florida Constitution, Florida Statutes and Federal Statutes.

Plaintiff, other candidates, citizens, taxpayers and electors have a clear right to the lawful, transparent administration of elections. Article I, Section 24 of the Florida Constitution provides: “Every person has the right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or person acting on their behalf,” which “specifically included...counties, municipalities, and districts; and each constitutional officer, board, and commission, or entity created pursuant to law or this Constitution.” This constitutional right is accompanied by a statutory duty on

Defendants Julie Marcus, Dustin Chase and Matt Smith's part to permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records." Fla Stat. Ann 119.07(1)(a). A citizens right to inspect public records includes the right to inspect ballots, which are subject to section 119.07(1) inspect election records, inspect public records related to requests made by voters for vote by mail ballots 101.62(1), right to inspect Electronic Voting System, manuals/operators guides that were used to administer elections Fla. Att'y Gen. Op AGO 2003-26

Likewise, federal law requires that" [e]very officer of elections shall retain and preserve for a period of twenty-two months from the date of any general, special or primary election of which candidates for the office of...Member of the Senate...[is] voted for...." 52 U.S.C. ss 20701.

B. Plaintiff, other candidates and voters of Florida have a clear and legal right to the fair conduct of elections.

Further, as the Florida Supreme Court has frequently reiterated, the voters "are possessed of the ultimate interest...in the process of that government, which for the most of our citizens means participation via the election process." *Boardman v. Esteve*, 323 So. 2d 259, 263 (Fla. 1975). Defendant's knowing and intentional ongoing violation of the United States Constitution, the Florida Constitution, Florida

Election code and Federal Election code jeopardize the integrity of the 2024 primary election and the 2024 general election. The very purpose of these statutes is to prevent election fraud, and the appearance of election fraud, by allowing interested parties, including campaigns, to track and observe the processing of requesting vote by mail ballots, the processing of ballots, the tallying of votes, and the administration of elections using electronic voting systems.

CONCLUSION

Plaintiff respectfully moves the court to grant, Emergency Motion for Injunctive Relief to Enforce Florida's Public Records Act, For Declaratory Judgement to Cease Election Fraud, and Request for Immediate Evidentiary Hearing.

As the Florida Supreme Court has recognized: "News delayed is news denied." *State ex Rel. Miami Herald Pub'g Co v McIntosh*, 340 So 2d 904,910 (Fla. 1976).

Instructions

A. Software

- A1.1, 1.4, 1.7, & A2.1 – Company Name:** Enter the name for *each kind of software* as it appears on the CASS™/MASS™ certificate.
A1.2, 1.5, 1.8, & A2.2 – Software Name and Version: Enter name and version for *each kind of software* as it appears on the CASS/MASS certificate.
A1.3, 1.6, 1.9, & A2.3 – Configuration: Enter the specific software configuration parameter settings as it appears on the CASS/MASS certificate.
A2.4 – MLOCR: Enter the MLOCR Serial Number as it appears on the MASS Certificate.

NOTE: If information entered in this section represents the list processing of more than one certified company, attach a list of company names, software names and versions, as well as the configuration to code the address information used in the mailing.

B. List

- 1. List Processor's Name:** Enter the company name that coded the address list(s) and/or performed ZIP + 4®/DPV® confirmation using CASS Certified™ software. Attach a list if additional space is required.
2. Date List Processed: Enter the processing date for each list. If multiple lists, enter the oldest date from the list.
3. Date of Database Product Used: Enter the version date of each database package used for processing. If multiple lists, enter the oldest version date from the lists.
4. List Name or ID No.: Print the name or identification number of the address list. If more than one list is used, leave blank. If the identification number is used, the number MUST be preceded by "ID#".
5. Number of Lists: Enter the number of lists used to produce the mailing.
6. Total Records Submitted for Processing: Enter the total number of address records (from all lists in item B5) submitted at the time the list(s) was coded.

C. Output

- 1. Total Coded:** Enter the total number coded.
2. Validation Period: Coding must be done using a product release that is within the USPS Product Cycle, as provided in the table below:

Product Name	From Date	To Date
ZIP + 4 / DPV Confirmed	The date the file was processed, which is 10 - 15 days before the Product (Publish) Date and no later than the file Expiration Date (last permissible use date).	Last day of the month following the Expiration Date (last permissible use date) of the Date of Database Product used (identified in Section B.3).
Five-Digit Coded	The date the file was processed, which is 10 - 15 days before the $\pm 3 + 4$, Carrier Route Product Publish Date and no later than the $\pm 3 + 4$, Carrier Route Product Expiration Date (last permissible use date) or 180 days before the Five-Digit ZIP product file date.	180 days after the Expiration Date (last permissible use date) of the Product Date used. NOTE: This is different than the other dates. This one is calculated, not hard-coded.
Total Carrier Route Coded	The date the file was processed, which is 10 - 15 days before the Product (Publish) Date and no later than the file Expiration Date (last permissible use date).	Last day of the month following the Expiration Date (last permissible use date) of the Product Date used.
eLOT® Sequence No. Assigned	The date the file was processed, which is 10 - 15 days before the Product (Publish) Date and no later than the file Expiration Date (last permissible use date).	Last day of the month following the Expiration Date (last permissible use date) of the Product Date used.

Entries in this box show the number of ZIP+4/DPV confirmed addresses that matched to a highrise default, and the 6XLWFF process returned the appropriate suite QXPEHU Only 6XLWFF enabled software will return a value in this box (Check with your software vendor for obtaining this option). These address records are valid delivery points by the U.S. Postal Service. Addresses that are not confirmed by DPV are either new addresses not available on the current Delivery Sequence File, or are not valid and the list KROG should further investigate to determine the accuracy of these addresses. Mailers should make every effort to ensure the quality of their address list(s).

CHRISTOPHER GLEASON,

Plaintiff,

vs.

Case No.: 24-003717-CI

JULIE MARCUS, in her official capacity
as Pinellas County Supervisor of Elections;
et. al.,

Defendants.

**ORDER DENYING TEMPORARY INJUNCTION WITHOUT NOTICE AND
CERTIFYING PUBLIC RECORDS ACT CLAIM FOR ACCELERATED HEARING**

THIS MATTER is before the Court on Plaintiff's Verified Complaint for Emergency Injunctive Relief to Enforce Florida's Public Records Act, for Declaratory Judgment to Cease Election Fraud, and Request for Immediate Hearing ("Complaint"). Having considered the Complaint, the case file, the applicable law, and being otherwise fully advised in the premises, the Court hereby **FINDS AND ORDERS:**

1. Plaintiff filed his Complaint on August 20, 2024, seeking declaratory and injunctive relief for matters of election law. The Complaint also alleges a Public Records Act violation and seeks a temporary injunction without notice to the adverse parties.
2. "A temporary injunction without notice is an extraordinary remedy and should be granted sparingly." *State v. Beeler*, 530 So. 2d 932, 933 (Fla. 1988).
3. Florida Rule of Civil Procedure 1.610(a)(1) allows a temporary injunction to be granted without written or oral notice to the adverse party in limited circumstances. This process "may only be utilized if the facts shown in an affidavit or verified pleading reflect that immediate

and irreparable injury, loss or damage would result before the adverse party could be heard in opposition.” *Seminole Cty. Sch. Bd. v. Downey*, 59 So. 3d 1156, 1159 (Fla. 5th DCA 2011).

4. “The requirement that a document be verified means that the document must be signed or executed by a person and that the person must state under oath or affirm that the facts or matters stated or recited in the document are true, or words of that import or effect.” § 92.525(4)(c), Fla. Stat. (2023).

5. Although Plaintiff signed the Complaint, the Complaint otherwise fails to affirm that the facts or matters asserted within the Complaint are true. Accordingly, the Complaint has not been verified.

6. Additionally, none of the third party affidavits attached to the Complaint establish that Plaintiff will suffer immediate and irreparable injury, loss or damage before the adverse party could be heard in opposition.

7. Accordingly, Plaintiff has failed to abide by the procedure prescribed by Rule 1.610(a) necessary to obtain a temporary injunction.

8. On a separate note, the Complaint avers that Defendants violated the Public Records Act. Claims made under the Public Records Act are entitled to an accelerated hearing. *See* § 119.11(1), Fla. Stat. (2023) (“Whenever an action is filed to enforce the provisions of this chapter, the court shall set an immediate hearing, giving the case priority over other pending cases”).

Accordingly, it is

ORDERED and ADJUDGED:

1. Plaintiff’s request for a temporary injunction without hearing is **DENIED**.

2. The Complaint does not qualify as an emergency filing and will not be treated as such.

3. Plaintiff's Public Records Act claim is subject to an accelerated hearing and will be given priority over other pending cases. A hearing on this cause of action will be scheduled as soon as practicable.

DONE and ORDERED in Chambers, in St. Petersburg, Pinellas County, Florida this ____ day of August, 2024.

MOTION FOR RECONSIDERATION

Plaintiff Christopher Gleason, respectfully moves this Honorable Court to reconsider
its ruling requiring the Plaintiff to complete a form that is not specified in Florida

Statutes Chapter 101.62 or Chapter 119 as a condition for obtaining public records.

In support of this Motion, Plaintiff states as follows:

I. Introduction

The Court's ruling requiring the Plaintiff to complete a form before accessing public records is not supported by the statutory framework governing public records in Florida. Furthermore, the County Attorney's representation to the Court that such a form was required constitutes a material misrepresentation of both facts and law. The records requested in their original, unaltered format as generated, transmitted and stored format would take less than 10 minutes to provide. The false assertion that providing electronic records would take 18,000 hours to produce further supports allegations of official misconduct under Florida Statutes § 838.022. The time-sensitive nature of the requested public records, which directly relate to the administration of the August 20, 2024, election contest between Plaintiff Christopher Gleason and Defendant Julie Marcus, constitutes a significant willful, knowing and intentional delay in the communication of information related to the commission of felonies by public officials within the Pinellas County government and the Supervisor of Elections Office. These misrepresentations and delays violate the Florida Constitution, the Florida Public Records Act, and other relevant statutes.

II. Legal Framework

1. Florida Constitution

Article I, Section 24 of the Florida Constitution provides a right of access to public records, stating that "every person has the right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or persons acting on their behalf, except with respect to records exempted pursuant to this section or specifically made confidential by this Constitution." The actions of the Defendants, in delaying and obstructing access to these public records, directly contravene this constitutional right.

2. Public Records Act (Chapter 119, Florida Statutes)

Florida Statutes § 119.07(1)(a) mandates that every person who has custody of a public record must allow the record to be inspected and copied by any person desiring to do so, without imposing additional requirements unless specifically authorized by law. There is no provision in this statute or in Chapter 101.62 requiring the completion of any specific form as a prerequisite to obtaining public records related to the actual requesting of vote-by-mail ballots.

Right to Access Public Records Without Unreasonable Barriers

In *Wells v. Aramark Food Service Corp.*, 888 So. 2d 134 (Fla. 4th DCA 2004), the court reversed a dismissal where unreasonable barriers were imposed on accessing public records. The court emphasized that such barriers violate the public's right to access records, which is protected under Chapter 119.

Similarly, in *New York Times Co. v. PHH Mental Health Services, Inc.*, 616 So. 2d 27 (Fla. 1993), the Florida Supreme Court ruled that private entities acting on behalf of public agencies are subject to the Public Records Act and must comply without imposing unnecessary procedural requirements.

- **Attorney General Opinion (AGO 2003-26):** This opinion reinforces the requirement that public records must be made available without unreasonable delay and that any requirements imposed on access must have a clear statutory basis. The Attorney General emphasized that any delay in providing records, particularly when they are readily accessible, constitutes a violation of the Florida Public Records Act.
- **Attorney General Opinion (AGO 99-41):** This opinion highlights that public agencies cannot impose additional conditions or require forms that are not explicitly required by law. The opinion underscores the principle that the right to access public records should not be obstructed by administrative hurdles that lack statutory support.

- **Attorney General Opinion (AGO 2013-03):** This opinion further clarifies that public records custodians cannot impose barriers, such as excessive fees or procedural requirements, unless expressly authorized by law. The opinion also supports the argument that any unnecessary delay in providing public records is contrary to the intent of the Public Records Act.
- **Attorney General Opinion (AGO 2002-53):** The Florida Attorney General has opined that public agencies cannot impose additional procedural barriers, such as requiring the completion of a specific form, unless explicitly authorized by statute. This principle aligns with the Court's ruling in *Schwab, Twitty & Hanser Architectural Group, Inc., 596 So. 2d 1029 (Fla. 1992)*, where the imposition of unreasonable conditions on access to public records was deemed unlawful.

3. Specificity of Requested Records

The Oath of Acquisition For List of Voters Requesting Vote-By-Mail Ballots pertains only to requesting the list of voters who have requested vote-by-mail ballots. This list is publicly available from the Florida Secretary of State's website at the following URL:

<https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>).

However, this is not what the Plaintiff requested. The Plaintiff specifically requested electronic records maintained by the Supervisor of Elections Office, including:

- The log and public records of telephone requests for vote-by-mail ballots.
- The log and public records of in-person requests made in writing, particularly those made after 04/17/2024, which should include a DS-DE160 form.
- The log and public records of requests made via the Supervisor of Elections website through the VR Systems Inc software called VoterFocus.

See Exhibit A for the detailed requests made by the Plaintiff.

III. Grounds for Reconsideration

1. Material Misrepresentation of Law and Facts

The County Attorney's assertion that the Plaintiff was required to complete a specific form to access public records was a material misrepresentation. This form was neither required under Florida Statutes Chapter 119 nor under Chapter 101.62. The misrepresentation of such facts and law to the Court is a serious violation of ethical standards and professional conduct.

- **Attorney General Opinion (AGO 2002-53):** Supports the assertion that additional procedural requirements, such as completing a form, cannot be imposed unless explicitly authorized by law. The imposition of such a requirement by the County Attorney, without statutory basis, constitutes a clear misrepresentation.

- **Attorney General Opinion (AGO 2003-26):** Supports the assertion that additional procedural requirements cannot be imposed unless explicitly authorized by law. The imposition of such a requirement by the County Attorney, without statutory basis, constitutes a clear misrepresentation.
- **Attorney General Opinion (AGO 99-41):** Further supports the argument that the imposition of unnecessary procedural requirements is unlawful and a violation of the Florida Public Records Act.

2. False Assertion Regarding Time Estimate to Produce Records

The County Attorney's claim that providing electronic records stored on a computer in the custody of the Supervisor of Elections Office would take 18,000 hours to produce is patently false and unreasonable. The records requested in their original, unaltered format as generated, transmitted and stored format would take less than 10 minutes to provide. This assertion serves as prima facie evidence of a violation of Florida Statutes § 838.022, which addresses "Official Misconduct." Such an exaggerated estimate suggests an intent to obstruct access to public records, conceal information, or mislead the Court and the public.

- **Case Law - Gadd v. News-Press Publishing Co., 412 So. 2d 894 (Fla. 2d DCA 1982):** This case underscores that intentional misrepresentations to

obstruct access to public records constitute unlawful concealment and misconduct. The misrepresentation of the time required to produce records in this case aligns with the misconduct identified in Gadd.

3. Time-Sensitive Nature of the Requested Records

The requested records are not merely administrative in nature but are critically time-sensitive as they pertain to the administration of the August 20, 2024, election contest between Plaintiff Christopher Gleason and Defendant Julie Marcus. The Plaintiff's requests for records were directly related to verifying the legality and integrity of the election process, specifically concerning the potential illegal casting of ballots. The willful and knowing delay in providing these records has effectively obstructed the Plaintiff's ability to timely address potential election fraud and other felonies committed by public officials within the Pinellas County government and the Supervisor of Elections Office.

- **Florida Constitution, Article I, Section 24:** The delays and obstructions violate the Plaintiff's constitutional right to timely access public records, which is essential for ensuring transparency and accountability in the electoral process.
- **Florida Statutes § 838.022:** The knowingly, willful, intentional delays made by the Defendants, Julie Marcus, Dustin Chase, Matt Smith and misrepresentation by the County Attorney in this case constitute official

misconduct, as these actions have willfully concealed, delayed and obstructed information crucial to the integrity of the election. Their conspiracy to knowingly and intentionally obtain a benefit for themselves, and cause unlawful harm to Plaintiff, as a candidate for office, other candidates for office, all Pinellas County electors and Pinellas County taxpayers by Concealing, covering up, destroying, mutilating, or altering any official record or official document, and Obstructing, delaying, or preventing the communication of information relating to the commission of a felony that directly involves or affects the government entity served by the public servant or public contractor.

- **Attorney General Opinion (AGO 2013-03):** Reinforces that delays in providing public records, particularly when those records are essential for the timely administration of justice, are contrary to both the letter and spirit of the Public Records Act.

4. Timeliness of Motion

The Plaintiff acknowledges that the defense may argue that this Motion for Reconsideration is untimely or that there has been no new evidence or change in the law to justify reconsideration. However, this Motion is based on correcting a material misrepresentation that was not fully addressed or realized in the initial ruling. The

seriousness of the misrepresentation directly impacts the integrity of the judicial proceedings, thereby reinforcing the timeliness and necessity of this Motion.

- **Case Law - Anderson v. Liberty Lobby, Inc., 477 U.S. 242, 247-48 (1986):**

The importance of maintaining the integrity of judicial proceedings and ensuring that decisions are based on accurate information supports the need for reconsideration in this case.

5. No Misrepresentation Defense

The defense might contend that the County Attorney's actions were based on a reasonable interpretation of the law or that any misstatement was unintentional and did not impact the ruling. However, the intentional nature of the misrepresentation, as evidenced by the clear statutory language and the disregarded Attorney General opinions, indicates that the misrepresentation was deliberate.

- **Case Law - Parsons & Whittemore, Inc. v. Metropolitan Dade County, 429 So. 2d 343 (Fla. 3d DCA 1983):** The court emphasized the importance of transparency and truthfulness in legal proceedings. This case supports the argument that the misrepresentation was not a mere error but a deliberate attempt to mislead the Court, warranting reconsideration and sanctions.

IV. Conclusion

For the reasons stated, Plaintiff respectfully requests that this Honorable Court reconsider its previous ruling and grant immediate access to the requested public records without requiring the completion of any form not specified in the relevant Florida statutes. The time-sensitive nature of these records and the intentional delays imposed by the Defendants have caused significant harm to the Plaintiff and undermined the integrity of the election process. The knowing, willful and intentional misrepresentation by the County Attorney is a serious breach that requires correction to maintain the integrity of these proceedings.

Pinellas County Custodian of Records,

I find it deeply troubling that the Pinellas County Supervisor of Elections and its public official and election officials willfully and knowingly have been intentionally concealing and delaying public records in an effort to convey a benefit for Julie Macus and her co-conspirators.

This ongoing pattern of corruption and official misconduct, has robbed the electors, candidates for office, the taxpayers and the citizens of Pinellas County of their voice in government, their voters intent, for far too long.

As per Florida Statute 101.572

Candidates, PC's and Parties shall have reasonable access to Election Materials & Public Inspection of Election Materials at no cost.

- 2024 Primary Election - Logic and Accuracy Tests - PRE ELECTION & POST ELECTION
- 2024 Presidential Primary Election - Logic and Accuracy Tests
- 2022 November General Election - Logic and Accuracy Tests

 - i.) All Video Security Footage and Facility Access Logs from June 23, 2024

j.) .pdf Copies of the operator and administrator manuals for ES&S, Clear Ballot, Runbeck, SOE Software aka Scytl, VR Systems Inc and the EVID machines that were used to administer the 2024, 2022 elections in Pinellas County Florida

k.) USPS CASS Certification Documents for the Vote By Mail Ballots sent out for the 2024 Primary Election and the 2022 General Election.

As concerned citizens, we believe it is essential to promote transparency and ensure the integrity of our electoral process.

We understand that some of this information may already be publicly available, but we are seeking the official and comprehensive records directly from the county's election authorities to ensure accuracy and completeness.

- (1)(a) Every person who has custody of a public record shall permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records.
- (b) A custodian of public records or a person having custody of public records may designate another officer or employee of the agency to permit the inspection and copying of public records, but must disclose the identity of the designee to the person requesting to inspect or copy public records.

(c) A custodian of public records and his or her designee must acknowledge requests to inspect or copy records promptly and respond to such requests in good faith. A good faith response includes making reasonable efforts to determine from other officers or employees within the agency whether such a record exists and, if so, the location at which the record can be accessed.

(d) A person who has custody of a public record who asserts that an exemption applies to a part of such record shall redact that portion of the record to which an exemption has been asserted and validly applies, and such person shall produce the remainder of such record for inspection and copying.

(e) If the person who has custody of a public record contends that all or part of the record is exempt from inspection and copying, he or she shall state the basis of the exemption that he or she contends is applicable to the record, including the statutory citation to an exemption created or afforded by statute.

(f) If requested by the person seeking to inspect or copy the record, the custodian of public records shall state in writing and with particularity the reasons for the conclusion that the record is exempt or confidential.

Once again, kindly provide the requested documents as they are generated, transmitted and stored.

To proceed with your public records request, please remit payment in cash or check to Julie Marcus, Pinellas County Supervisor of Elections, 13001 Starkey Rd., Largo, FL 33773. If payment is not received within 30 days of this response, we will consider the request closed.

As per Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes, the campaign expects a prompt response to this request. If, for any reason, the SOE office cannot comply with this request within the specified timeframe, please provide a written explanation for the delay and indicate when we can expect the records to be made available.

Please consider this letter as a formal request for disclosure under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes. Please provide these records in a format that is consistent with the requirements of the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records. To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner and that extraneous costs are not incurred.

By working together at the outset, we can decrease the likelihood of costly and time-consuming litigation in the future. Where possible, please provide responsive material in electronic format by email or via a shared online drive.

Again, thank you beforehand for your time and attention to this request.

Kind Regards,

Christopher Gleason

Subject: PUBLIC RECORDS REQUEST - BLANK BALLOTS - EAC STATUTORY SURVEY - TAMPA BAY TIMES

Dear Custodian of Records,

I am writing to submit an open records request under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes seeking access to public records, Florida State Election Records, and Federal Election Records related to the following:

- Electronic Copies of any and all EAC Statutory Surveys completed by Maria Matthews and her predecessor for the years 2010, 2012, 2014, 2016 in which the definition of BLANK BALLOT and UNDER VOTE is clearly defined under Florida Statute. See attached document.

- Electronic Copies of any and all communications, text messages, group chats or emails related to the EAC Surveys completed by Maria Matthews and or the legal definitions of "BLANK BALLOT" and "UNDER VOTE"
- Any and all Electronic Copies of ES&S Operator Manuals showing the definition of a "BLANK BALLOT" and an "UNDER-VOTE" as defined in the EAC Statutory Surveys completed by Maria Matthews the Director of the Florida Division of Elections in 2010, 2012, 2014 and 2016.
- Electronic Copies of Clear Ballot Audit System Operators Manual showing the definition of a "BLANK BALLOT" and an "UNDER VOTE".
- Electronic Copies of any and all correspondence related to altering the information about "BLANK BALLOTS" , "DUPLICATED BALLOTS" and other changes made to the DS-DE 40 Form to conceal, and no longer report the number of "BLANK BALLOTS" and "DUPLICATED BALLOTS" and "UNDER VOTES"

I am requesting these public records in the electronic file format .PDF.

I understand that some of this information may already be publicly available, but I are seeking the official and comprehensive records directly from the county's election authorities to ensure accuracy and completeness.

Please consider this letter as a formal request for disclosure under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes.

Please provide these records in a format that is consistent with the requirements of the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes If possible, We request that the records be provided electronically, via email or a secure file-sharing platform.

If portions of the requested records are exempt from disclosure under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes, please provide us with a written explanation of the specific legal basis for any redactions or withholdings.

We request that this public records request be processed promptly and in accordance with the statutory timelines for response and production of records under the Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes.

I hereby certify that I will not:

(A) Use any list of name(s) or addresses contained in or derived from the records or information for the purpose of selling or offering for sale any property or service to any person listed or to any person who resides at any address listed

(B) Sell, give, or otherwise make available to any person any list of name(s) or addresses contained in or derived from the records or information for the purpose of allowing that person to sell or offer for sale any property or service to any person listed or to any person who resides at any address listed.

As per Article I, section 24 of the Florida Constitution, and Chapter 119, Florida Statutes, we expect a prompt response to this request. If, for any reason, you cannot comply with this request within the specified timeframe, please provide a written explanation for the delay and indicate when we can expect the records to be made available.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records. To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner and that extraneous costs are not incurred.

By working together at the outset, The Justice Society and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or via a shared online drive.

Warmest Regards,

Christopher Gleason

Bcc: [REDACTED]

As per Florida Statute 101.572

Candidates, PC's and Parties shall have reasonable access to Election Materials & Public Inspection of Election Materials at no cost.

I Christopher Gleason am requesting:

1. The scanned image of ALL mail ballot envelopes processed at the Pinellas County SOE offices. From the very first ballot received on August 18, 2024 11:59pm through August 19, 2024 11:59pm (24 hours)
From the August 20, 2024 Primary Election

2. A scanned image of all ballots (original and duplicate) opened from that specific date —even if they were opened at a later date.

3. Include all scanned images of Chain of Custody logs/forms pertaining to the above materials.

4. Chain of Custody Documents for Vote By Mail Ballots

- Completed ballot chain of custody forms used for transfer of completed ballots from the Post Office to the counting center
- Completed ballot chain of custody forms used for transfer of completed ballots from drop boxes to the counting center
- Completed ballot chain of custody forms used for transfer of completed ballots from election offices to the counting center
- UOCAVA facsimile logs
- Post Office billing records, if return ballot postage is paid for by the Supervisor of Election
- BallotTrax reports on the number of ballots returned, if BallotTrax is used by the Supervisor of Election
- Absentee Totals report

5. Machine Logs/Machine Configuration Reports for ES&S DS300 and DS950 Tabulators

6. ES&S Event Service Logs

7.

We kindly request access to the following ES&S (Election Systems & Software) election reports and audit logs for the specified election years: **November 2020 & November 2022**

- EL68
- EL68A
- Machine Configuration Reports
- Tabulators - System Audit Logs
- Electionware EMS System Audit Logs
- Election Reporting Manager Audit Logs

ES&S RESPONSE

The EMS network environment is hardened with specific roles for different users to protect from potential intentional and unintentional alterations. Each product in the system maintains its own log and has its own security. These are detailed below.

DS200

The removable media where the audit log is stored is in a sealed, locked compartment. In addition, the audit log files are signed to detect any unauthorized alteration.

DS850

The audit logs for the DS850 are stored on the hard disk drive and are available only through the application. When exported, the file is still maintained on the machine and is the exported log is digitally signed and verified on export into the EMS.

AutoMARK

The records in the AutoMARK log files are encoded and not in textual form. A program must interpret the codes to convert it to user meaningful format.

ExpressVote

The removable media where the audit log is stored is in a sealed, locked compartment. In addition, the audit log files are signed to detect any unauthorized alteration.

Electionware

The EMS runs on a closed network and should be housed in a secure environment with the recommended user roles and access controls in place. In addition to physical security, Electionware is a secure system which allows the user access to the data only through the application to ensure data integrity and security.

The tables in the Electionware database are not directly accessible by the Electionware user accounts. All access to the audit tables are done through stored procedures which execute as the database administrator. The only stored procedures to access the audit tables are an insert procedure to add to the audit tables and a select procedure to read from the table. It is also recommended that the password for the system administrator and the database administrator are split between two individuals to ensure additional protection against intentional alteration.

Election Reporting Manager

The records in the ERM audit log file are encoded in a proprietary format. All ERM log entries are also written to the unalterable Windows event log and only accessible by the system administrator. They are in a relative file which has a propriety format. Any manual modification will render the file unusable.

ES&S RESPONSE

Each product in the system maintains its own log and has its own method of access. These are detailed below.

DS200

The signed audit logs are written to the log directory on the removable media. The audit log events can be accessed on the DS200 onscreen or through a printed report. When the media is read back into the EMS the audit logs are also retrievable from the EMS through a machine audit log report or exported in a comma separated format.

DS850

The audit logs for the DS850 are stored on the hard disk drive and are available only through the application. When the media is read back into the EMS the audit logs are also retrievable from the EMS through a machine audit log report or exported in a comma separated format.

AutoMARK

The AutoMARK has three log files located in the root directory of the CF card containing the election definition. These are the OP.ELF, SCN.ELF and SERVICE.ELF. The logs are accessed

through the service menu and can either be displayed or printed on ballot card stock. The logs are encoded and must use the AutoMARK firmware to translate them into displayable or printable form.

ExpressVote

The ExpressVote generates two audit logs during normal operation, Operations Log and System Log. The Operations Log resides on the USB media device. The systems log resides internally but can be easily exported and saved onto the USB media device. Both the Operations and Systems log can be viewed on the display screen. To navigate to the logs, switch the ExpressVote to Official mode. Press the button at the top right titled "Operations / System Log". Each log can be displayed newest entry first or oldest entry first. Press **Page Up** and **Page Down** to view all pages. Press **Export** to save the log to the USB media device. Exporting the Operations Log will overwrite the log already on the USB device.

Both logs can also be printed on 19 inch card stock directly from the ExpressVote. Both logs can be imported from the USB device into Electionware where they can be digitally verified as unaltered and decrypted for viewing, printing, or saved as text format.

Election Reporting Manager

Each election has an election specific log file, <electionname>.ALN, which is located in the \ELEC\DATA folder that is in the root directory of the drive being used as the server drive for the election files. This file is an encoded file and cannot be opened with an editor. An ERM menu selection is used to display or print the file content. The log report can be saved as a report image which can then be opened or printed by a text editor.

Electionware

ElectionWare has four different log handlers that log the audit events under different circumstances. The main audit repository for an election is the election audit log in the Electionware database. Until a connection is established to the Electionware database (mainly user login attempt events), the audit events are logged to the Windows Event Log. Once a connection is established to the database, there are two audit repositories, one in the admin database and one in the election database. Whenever an election is open, the events are logged into the election database. When an election is not open, the audit events are logged into the admin audit repository.

The audit repository is an audit schema in the Electionware admin database and each election's database. There is also an output window, where the audit events during that session of Electionware are logged to. This can be exported to a text file.

Otherwise the audit log is only accessible to the Electionware administrator user who can run the audit log report with a filter for a date and time window and event type. The audit tables are otherwise only accessible to the database administrator.

We are requesting these public records in their original unaltered unredacted electronic file format, this might be .LST, .txt or .CSV as generated via the ES&S ELECTION REPORTING MANAGER currently in use.

We are also requesting .pdf copies of the user/operator/administrator manuals for the ES&S Components currently being used to administer elections in your county. To include the following components:

- Tabulators any in use
- Electionware
- Election Reporting Manager (ERM)
- ES&S Event Log Service

These manuals/guides are currently either in your possession or available to you from ES&S in .PDF format. Kindly provide to use in that format.

We understand that some of this information may already be publicly available, but we are seeking the official and comprehensive records directly from the county's election authorities to ensure accuracy and completeness.

Mr. Gleason – nowhere in Section 101.572 does it say “at no cost” or anything arguably close. Please refrain from editorializing Florida Statutes. Your public records request is acknowledged and you will receive a cost estimate in a timely manner.

Matt,

In your professional legal opinion, as the legal counsel for the Pinellas County Supervisor of Elections Office does providing public records after the canvassing and certification by the canvassing board, that were requested many weeks ago, fall under reasonable?

As we all know Florida Statute 838.022(c) is CRYSTAL CLEAR...

Fla. Stat. § 838.022 (“(c) Obstructing, delaying, or preventing the communication of information relating to the commission of a felony that directly involves or affects the government entity served by the public servant or public contractor.”)

Your continuous wilful, malicious, and knowingly obstructing my public records requests made under Chapter 119, Chapter 98, Chapter 101, Chapter 102, to include 101.62 FS have benefited Julie Marcus, and her numerous co-conspirators, to include yourself, Dustin Chase and the other as of yet unnamed individuals, this unlawful activity on the part you, as a member of the Florida BAR is unconscionable, your unlawful activities have harmed every single candidate for office in Pinellas County and has actually disenfranchised every single Pinellas County Voter.

Mr. Smith,

This is the last time I will tolerate your harassment. I do not now, nor have I ever, represented Mr. Gleason. I have known Mr. Gleason since before I was an attorney. I have had "those conversations" with Mr. Gleason, but as he is a friend I put up with his indiscretions. You are not my friend, so please stop harassing me by emailing or cc'ing me on your correspondence with Mr. Gleason.

You are mistaken if you think I assisted Mr. Gleason with his current case against you and the Pinellas SOE, I did not. The Lanz v. Valdez case was from 2022, and had nothing to do with Mr. Gleason.

Mr. Gleason says I am the reason that he does what he does in local Florida elections because I take the time to listen to him, like any friend should. Most people discount what he has to say, but from an election integrity standpoint his perspective is invaluable, which is why there are several Attorneys General and Secretaries of State around the country investigating ActBlue based on Mr. Gleason's investigations, information, and analysis into systemic, institutionalized corruption.

When all you can do is fight him without listening to what he has to say, what am I to think? (Rhetorical)

Do not email me directly again unless I am counsel of record in a case where you are also counsel of record.

Do not CC or BCC me again on any email sent to or from Mr. Gleason.

Do I make myself clear? (Rhetorical)

(My attorney is BCC'd on this email.)

Good day.

Mr. Gleason:

In the email sent on June 29, 2024, you assert that "there should be no cost for a candidate or member of the public to come into the office and physically inspect these manuals as they are 'Official Public Records.'" As you are aware, the court ruled against you on this point in "CHRISTOPHER GLEASON Vs. PINELLAS COUNTY SUPERVISOR OF ELECTIONS OFFICE, et al.," Case No. 23-006698-CI, Sixth Judicial Circuit, Pinellas County, Florida ("Doc. 20," attached).

Chapter 119, Florida Statutes, commonly referred to as Florida's Public Records Act, requires a records custodian to determine if the requested records exist, locate them, and review each one to determine if any are exempt from production. The agency may charge the special service charge authorized under s. 119.071(4)(d), F.S., for the cost of reviewing voluminous requested records for exempt material. (*City of St. Petersburg v. Dorchester Holdings, LLC*, 331 So. 3d 799, Fla. 2d DCA 2021).

The Public Records Act does not distinguish between a 'candidate,' a 'member of the public,' or someone requesting to review, inspect, and copy records, whether in person, via email, or any other method. The agency is obligated to protect statutorily designated confidential information, such as information related to cybersecurity, and is entitled to recover the actual labor costs incurred to do so (see page 184, [2024 Sunshine Manual](#) "Part II, Public Records, Section G., Fees for Inspecting and Copying Public Records").

The Pinellas County Supervisor of Elections, in conjunction with the Pinellas County Attorney's Office, has a longstanding public records policy, including a policy to collect the special service charge for extensive public records requests. Our public records policy should be recognizable as it was part of the lawsuit referenced above in which the Judge affirmed the special service charge for another voluminous public records request (see "Exhibit A," attached).

Based on your written clarification as to the records you are currently seeking, these are the responsive documents we have located, along with the special service charge estimate for each record:

"ES&S Operators Manual for the Event Logs Services"

- Event Log Service User Guide -EVS (22 pages) \$171.64
- ES&S asserts that this document contains proprietary product information and/or proprietary procedures that are confidential or sensitive to ES&S, pursuant to §§815.045 and 812.081, Florida Statutes. Therefore, once we have received payment, the record will be sent to ES&S for review.
- Once ES&S has completed their review, the document will be reviewed by our office for confidential information pursuant to §119.0725, Florida Statutes.

"ES&S Operators Manual for the Election Management System"

- Electionware® Vol. I: Administrator Guide (116 pages) \$904.99
- Electionware® Vol. II: Define User Guide (184 pages) \$1,435.51
- Electionware® Vol. III: Design User Guide (302 pages) \$2,356.10
- Electionware® Vol. IV: Deliver User Guide (80 pages) \$624.13
- Electionware® Vol. V: Results User Guide (146 pages) \$1,139.04
- Electionware® Vol. VI: Appendices (315 pages) \$2,457.53

- ES&S asserts that these documents contain proprietary product information and/or proprietary procedures that are confidential or sensitive to ES&S, pursuant to §§815.045 and 812.081, Florida Statutes. Therefore, once we have received payment, the record(s) will be sent to ES&S for review.
- Once ES&S has completed their review, the documents will be reviewed by our office for confidential information pursuant to §119.0725, Florida Statutes.

“Event or audit logs from all election equipment for the 2024 Presidential Preference Primary”

- There are at least 7,875 pages responsive to your request. Pursuant to §119.0725, Florida Statutes, we are required to review and redact each page for confidential and/or exempt information. We estimate it will take approximately 131.25 hours to gather and redact the records we have that are responsive to your request, at a cost of \$7,562.63.

Please note, these are only estimates. The special service charge is based on the actual labor costs incurred by the Supervisor of Elections Office. Should further time and resources be required to fulfill this request, additional payment will be requested. Reimbursement will be provided should the task take less time and/or resources to complete than estimated. If you would like us to process your public records request, you must remit payment in cash or check to the Pinellas County Supervisor of Elections Office, [13001 Starkey Rd., Largo, FL 33773](#). If, after 30 days of this response you fail to remit payment, we will consider these public records requests closed.

Custodian Public Records,

Pursuant to Article I, section 24 of the Florida Constitution, and Chapter 119, F.S., I am requesting the following: copies of **PUBLIC RECORDS** within the Pinellas Supervisor of Elections (SoE) office:

- **Invoices and receipt of payment for advertising expenditures for the following advertisement. That prominently features the VOTE Logo next to a picture of Julie Marcus, a candidate for Pinellas County Supervisor of Elections.**

The advertisement above that clearly says VOTE: Julie Marcus Pinellas County Supervisor of Elections it was featured in the SeniorVoiceAmerica.org newsletter.

What did the Julie Marcus Campaign pay for this ADVERTISEMENT?

Or did the Pinellas County taxpayers pay for this VOTE: Julie Marcus Advertisement?

- **Any other advertisements, copy of advertisements or printings that have been paid for with taxpayer funds that prominently feature the logo VOTE next to the image of Julie Marcus Pinellas County Supervisor of Elections.**
- **Any and all invoices and receipt of payment for the advertisements/printing of the above referenced electioneering materials.**

The paid advertisement above particularly would appear to be violating the following:

1. Florida Statutes 104.31(2) and (3):

- **104.31(2)** prohibits public employees from participating in political campaigns while on duty.

- 104.31(3) prohibits the use of public resources or the authority of one's position to influence an election.

2. Florida Statutes 106.113(1):

- Prohibits the use of public funds for political advertisements or electioneering communications.

The image below would also appear another instance of the use of public funds for political advertisements or electioneering communications.

1. Cost per piece for the design and printing of the following mailer sent out to all pinellas county registered voters.
2. Invoice and Receipt for payment of mailer below.

3. Postage Costs paid for the above mailer.
4. Invoice and receipt for payment for postage costs paid.
5. CASS Certificate for mailer sent out.

I look forward to your prompt compliance with my Public Records Request as any intentional delay and concealment of these Public Records would constitute a violation of 838.022(c).

When can I reasonably expect a response?

Warmest regards,

Christopher Gleason

MOTION FOR SANCTIONS AGAINST COUNTY ATTORNEY

Plaintiff Christopher Gleason, by and through undersigned counsel, respectfully
moves this Honorable Court for sanctions against the County Attorney for the
material misrepresentation of facts and law to the Court. The actions of the County

Attorney in this matter have significantly harmed the Plaintiff, obstructed the legal process, and undermined the integrity of the election process. In support of this Motion, Plaintiff states as follows:

I. Introduction

The County Attorney's actions in representing to the Court that the Plaintiff was required to complete a form not specified by law and falsely asserting that providing electronic records would take 18,000 hours to produce, constitute a serious breach of ethical standards and legal obligations. The records requested, in their original, unaltered format as generated, transmitted, and stored, would take less than 10 minutes to provide. These actions have caused significant harm to the Plaintiff and obstructed the Plaintiff's right to access public records in a timely manner. The time-sensitive nature of the requested records, which are critical to the integrity of the August 20, 2024, election contest between Plaintiff Christopher Gleason and Defendant Julie Marcus, exacerbates the severity of this misconduct. The County Attorney's actions warrant sanctions under Florida law, ethical rules governing attorney conduct, and well-established case law.

II. Legal Framework for Sanctions

1. Florida Rules of Professional Conduct

- **Rule 4-3.3(a)(1):** Prohibits lawyers from knowingly making false statements of fact or law to a tribunal. The County Attorney's representation that the Plaintiff was required to complete a specific form constitutes a clear violation of this rule.
- **Rule 4-8.4(c):** States that it is professional misconduct for a lawyer to engage in conduct involving dishonesty, fraud, deceit, or misrepresentation. The County Attorney's false assertion that providing the requested electronic records, public records, election records would take 18,000 hours is a prime example of conduct involving dishonesty and misrepresentation. In light of the fact that to provide these records, in their original electronic format, as they are generated, and stored would only take ten minutes and cost nothing to provide via email or shared online drive or transfer service.

2. Case Law Supporting Sanctions

- **Parsons & Whittemore, Inc. v. Metropolitan Dade County, 429 So. 2d 343 (Fla. 3d DCA 1983):** The court emphasized the importance of transparency

and truthfulness in legal proceedings. Misrepresentations that affect the administration of justice are grounds for sanctions.

- **Florida Bar v. Feinberg, 760 So. 2d 933 (Fla. 2000):** The Florida Supreme Court upheld significant disciplinary actions against an attorney for making false statements to a tribunal, underscoring the seriousness of such conduct.
- **Gadd v. News-Press Publishing Co., 412 So. 2d 894 (Fla. 2d DCA 1982):** This case underscores that intentional misrepresentations to obstruct access to public records constitute unlawful concealment and misconduct, warranting sanctions.

3. Attorney General Opinions

- **AGO 2003-26:** Reinforces that public records must be made available without unreasonable delay and that any requirements imposed on access must have a clear statutory basis. The County Attorney's actions in imposing unnecessary procedural barriers and delaying access to records are contrary to this opinion and the Florida Public Records Act.
- **AGO 99-41:** Highlights that public agencies cannot impose additional conditions or require forms that are not explicitly required by law. The County

Attorney's misrepresentation that a specific form was required is directly in conflict with this opinion.

- **AGO 2013-03:** Clarifies that public records custodians cannot impose barriers, such as excessive fees or procedural requirements, unless expressly authorized by law. The County Attorney's actions in this case violate the principles established in this opinion.

III. Basis for Sanctions

1. Material Misrepresentation of Law and Facts

The County Attorney's assertion that the Plaintiff was required to complete a specific form to access public records was a material misrepresentation. This form was neither required under Florida Statutes Chapter 119 nor under Chapter 101.62. The misrepresentation of such facts and law to the Court is a serious violation of ethical standards and professional conduct.

- **AGO 2003-26 and AGO 99-41:** Both opinions support the assertion that the imposition of unnecessary procedural requirements is unlawful. The County

Attorney's misrepresentation directly contradicts these well-established guidelines.

2. False Assertion Regarding Time Estimate to Produce Records

The County Attorney's claim that providing electronic records stored on a computer in the custody of the Supervisor of Elections Office would take 18,000 hours to produce is patently false and unreasonable. The records requested, in their original, unaltered format as generated, transmitted, and stored, would take less than 10 minutes to provide. This assertion serves as prima facie evidence of a violation of Florida Statutes § 838.022, which addresses "Official Misconduct." Such an exaggerated estimate suggests an intent to obstruct access to public records, conceal information, or mislead the Court and the public.

- **Gadd v. News-Press Publishing Co., 412 So. 2d 894 (Fla. 2d DCA 1982):**

Supports the argument that the County Attorney's intentional misrepresentation to obstruct access to public records constitutes unlawful concealment and misconduct, warranting sanctions.

3. Time-Sensitive Nature of the Requested Records

The requested records are critically time-sensitive as they pertain to the administration of the August 20, 2024, election contest between Plaintiff Christopher Gleason and Defendant Julie Marcus. The Plaintiff's requests for records were directly related to verifying the legality and integrity of the election process, specifically concerning the potential illegal casting of ballots. The willful and knowing delay in providing these records has effectively obstructed the Plaintiff's ability to timely address potential election fraud and other felonies committed by public officials within the Pinellas County government and the Supervisor of Elections Office.

- **Florida Constitution, Article I, Section 24:** The delays and obstructions violate the Plaintiff's constitutional right to timely access public records, which is essential for ensuring transparency and accountability in the electoral process.
- **Florida Statutes § 838.022:** The knowing, willful, and intentional delays and misrepresentation by the County Attorney in this case constitute official misconduct, as these actions have willfully concealed, delayed, and obstructed information crucial to the integrity of the election.

- **AGO 2013-03:** Reinforces that delays in providing public records, particularly when those records are essential for the timely administration of justice, are contrary to both the letter and spirit of the Public Records Act.

IV. Anticipated Defenses and Rebuttals

1. Defense of Good Faith

The defense may argue that the County Attorney acted in good faith, relying on a reasonable interpretation of the law, and that any errors were unintentional.

Rebuttal: The intentional nature of the misrepresentation is evidenced by the clear statutory language, the disregarded Attorney General opinions, and the unreasonable and exaggerated time estimate provided. These actions go beyond mere error and demonstrate a deliberate attempt to delay, obstruct justice and mislead the Court.

- **Parsons & Whittemore, Inc. v. Metropolitan Dade County, 429 So. 2d 343 (Fla. 3d DCA 1983):** Emphasizes the importance of transparency and truthfulness in legal proceedings, supporting the argument that the

misrepresentation was not a mere error but a deliberate attempt to mislead the Court, warranting sanctions.

2. Proportionality of Sanctions

The defense may argue that the sanctions sought are disproportionate to the alleged misconduct.

Rebuttal: The seriousness of the misconduct, including the impact on the Plaintiff's rights and the integrity of the judicial process, warrants significant sanctions. The intentional delays and misrepresentations have caused substantial harm, undermining the Plaintiff's ability to ensure a fair and transparent election process. Significant sanctions are necessary to deter such behavior in the future and to uphold the rule of law.

Florida Bar v. Feinberg, 760 So. 2d 933 (Fla. 2000): Supports the imposition of significant disciplinary actions for making false statements to a tribunal, underscoring the need for proportionate sanctions in this case.

3. Legal Precedent

The defense might attempt to distinguish the cases cited by the Plaintiff, arguing that the circumstances in those cases differ from the present situation.

Rebuttal: The principles established in the cited cases are directly applicable to the present situation. The factual differences do not undermine the relevance of the legal precedent. The intentional, willful and knowing nature of the misrepresentation and the significant harm caused to the Plaintiff make these cases directly relevant and supportive of the sanctions sought.

V. Conclusion

For the reasons stated, Plaintiff respectfully requests that this Honorable Court impose appropriate sanctions against the County Attorney for the material misrepresentation of facts and law to the Court. The County Attorney's actions have caused significant harm to the Plaintiff, obstructed the legal process, and undermined the integrity of the election process. Sanctions should include, but not be limited to, the awarding of attorney's fees, costs, and any other relief the Court deems just and proper.

Respectfully submitted this 30th day of August 2024.

DEFENDANT'S MOTION TO DISMISS PLAINTIFF'S [UN]VERIFIED COMPLAINT

All defendants sued in their official capacities as the Supervisor of Elections or employees thereof ("hereinafter Supervisor Defendants") move to dismiss Plaintiff's Complaint, by and through undersigned counsel, pursuant to Rule 1.140, Florida Rules of Civil Procedure, and in support thereof state as follows:

PRELIMINARY CONSIDERATIONS

August 20, 2024, was the day of the primary election in the state of Florida, and hence, Pinellas County. See, Fla. Stat. § 100.061 ("In each year in which a general election is held, a primary election for nomination of candidates of political parties shall be held on the Tuesday 11 weeks prior to the general election."); Fla. Const. Art. VI § 5 ("A general election shall be held in each county on the first Tuesday after the first Monday in November of each even-numbered year..."). At 2:34 PM on the day of the primary election, Plaintiff filed an unverified¹ Complaint

¹ Although Plaintiff asserts that the Complaint is verified, it lacks any oath, affirmation, or verification statement sworn under penalty of perjury as required by Fla. Stat. § 92.525(2) (2004).

for emergency injunctive relief seeking, in relevant part, to enjoin the Pinellas County Supervisor of Elections and certain members of her staff from completing their duty to count vote-by-mail ballots. The eleventh-hour Complaint is a web of vague, speculative, unsupported allegations aiming to attack his electoral opponent with outlandish inferences of wrongdoing based upon a complete misrepresentation of reality coupled with a grave misunderstanding of the Florida Election Code. On August 22, 2024, this Court entered an Order Denying Temporary Injunction Without Notice and Certifying Public Records Act Claim for Accelerated Hearing. (Doc. #18). The injunction was denied because Plaintiff failed to establish he would suffer immediate and irreparable injury, loss or damage before the adverse party could be heard in opposition; and because the Complaint was not verified, i.e., Plaintiff failed to affirm the facts or matters asserted within the Complaint were true. (Doc. #18). Plaintiff filed a Motion for Reconsideration of the Order the same date it was issued. (Doc. # 9). An accelerated hearing on Plaintiff's Chapter 119 Public Records Act claim was scheduled, noticed, and occurred on August 29, 2024. (Doc. #19). The Court did *not* find a violation of Chapter 119 at the hearing on August 29, 2024.

It is the Canvassing Board (an indispensable non-party), not the Supervisor Defendants, who canvass, or count ballots. The ballots for the August 20, 2024, election have been counted and Pinellas County election results certified.

MEMORANDUM OF LAW

I. Plaintiff's request for a temporary or preliminary injunction should be denied.

In the Complaint, Plaintiff seeks as a remedy, a temporary or preliminary injunction prohibit the Defendants from counting any vote-by-mail ballots sent without voter consent or sent to incorrect addresses in the upcoming August 20, 2024, election. As stated *supra.*, it is the Canvassing Board (an indispensable non-party), not the Supervisor Defendants who canvass

ballots. All valid ballots for the August 20, 2024, election have already been counted and results certified. “[B]arring fraud, unfairness, disenfranchisement of voters, etc., it is too late to attack the validity of an election after the people have voted.” *Levey v. Dijols*, 990 So. 2d 688, 692 (Fla. 4th DCA 2008). Plaintiff’s Complaint sets forth no ultimate facts upon which fraud, unfairness and disenfranchisement of voters can be found on the part of the Supervisor of Elections Defendants. Moreover, Plaintiff has failed to plead acts of fraud with particularity. Accordingly, the requested relief is not an available remedy. The sole statutory mechanism to bring an election contest after an election has taken place is enumerated in Fla. Stat. § 102.168. *Burns v. Tondreau*, 139 So. 3d 481, 486 (Fla. 3d DCA 2014).

Furthermore, to prove entitlement to a temporary injunction, Plaintiff is required to plead and prove the following elements: 1) a likelihood of irreparable harm; (2) unavailability of an adequate legal remedy; (3) a substantial likelihood of succeeding on the merits; and (4) considerations of the public interest support the entry of the injunction. *Salazar v. Hometeam Pest Def., Inc.*, 230 So. 3d 619, 621 (Fla. 2d DCA 2017). Moreover, “[t]he issuance of a temporary injunction remains an extraordinary remedy, granted sparingly.” *Id.*

Plaintiff seeks to enjoin the counting of ballots which have been cast. Plaintiff has failed to establish a likelihood of irreparable harm or the unavailability of an adequate legal remedy. A contest of election may be brought in conformity with Fla. Stat. § 102.168.

Plaintiff does not have a substantial likelihood of success on the merits of his claim and has failed to establish proof that any ballots were cast by persons not entitled to vote. Moreover, the Plaintiff had an ample opportunity to review mail ballots as provided in § 101.572(2) and § 101.6104, Fla. Stat. Specifically, § 101.572(2), Fla. Stat., allows for the public inspection of ballots under the supervision of the Supervisor of Elections, enabling political parties, candidates,

and authorized designees to inspect voter certificates and challenge signatures. Indeed, Plaintiff had authorized designees attending four of the six opportunities to review signatures on mail ballots. Additionally, pursuant to § 101.6104, Fla. Stat.:

If any elector present for the canvass of votes believes that any ballot is illegal due to any defect apparent on the voter's certificate, the elector may, at any time before the ballot is removed from the envelope, file with the canvassing board a protest against the canvass of such ballot, specifying the reason he or she believes the ballot to be illegal. No challenge based upon any defect on the voter's certificate shall be accepted after the ballot has been removed from the return mailing envelope.

Given this framework, the Plaintiff's claims are without merit and based on a misunderstanding and misapplication of Florida law. The opportunity for review and challenge of mail ballot signatures and defects has been clearly established, and no credible evidence has been presented to suggest that the canvassing board acted outside its discretion. As such, the Plaintiff is unlikely to succeed on the merits, and his complaints amount to mere speculation. Moreover, the primary election includes federal congressional primaries and Article I, Section 5 of the United States Constitution provides: "Each House shall be the Judge of the Elections, Returns and Qualifications of its own Members." Pursuant to this clause, any contest regarding a congressional election can only be brought to the House of Representatives. *See, Morgan v. U.S.*, 801 F.2d 445 (U.S. App. D.C. 1986).

Finally, the public interest in this case is honoring the will of the voters and protecting the integrity of the elections. The interest of the public will not be served by the granting of a temporary injunction. As the Florida Supreme Court has recognized, it is the voters to whom the court "must give primary consideration." *Beckstrom v. Volusia County Canvassing Bd.*, 707 So. 2d 720, 724 (Fla. 1998).

The contestants have direct interests certainly, but the office they seek is one of high public service and utmost importance to the people, thus subordinating their interests to that of the people. Ours is a government of, by and for the people. Our federal and state constitutions guarantee the right of the people to take an active part in the process of that government, which for most of our citizens means participation via the election process. The right to vote is the right to participate; it is also the right to speak, but more importantly the right to be heard. We must tread carefully on that right or we risk the unnecessary and unjustified muting of the public voice. By refusing to recognize an otherwise valid exercise of the right of a citizen to vote for the sake of sacred, unyielding adherence to statutory scripture, we would in effect nullify that right.

Beckstrom v. Volusia County Canvassing Bd., 707 So. 2d 720, 724 (Fla. 1998), citing *Boardman v. Esteve*, 323 So. 2d 259, 263 (Fla. 1975). “Since there is no common law right to contest elections, any statutory grant must necessarily be construed to grant only such rights as are explicitly set out.” *McPherson v. Flynn*, 397 So. 2d 665, 668 (Fla. 1981), citing *Pearson v. Taylor*, 159 Fla. 775, 32 So.2d 826 (1947). The statutory right is found in Fla. Stat. §102.168 (2024).

As a result, the public interest supports the dismissal of the injunction. For the reasons set forth herein, Plaintiff’s request for a temporary injunction should be denied. The request for an injunction was not properly plead as a separate claim for relief, rather included in Plaintiff’s prayer for relief. Notwithstanding the error in pleading, the requested relief is moot.

II. Plaintiff’s Complaint should be dismissed because it fails to comply with basic rules of pleading.

Rule 1.110(b), Fla. R. Civ. P., provides that to set forth a claim for relief a complaint must contain “a short and plain statement of the ultimate facts showing that the pleader is entitled to relief” “Whether a complaint is sufficient to state a cause of action is an issue of law.” *Doe v. Baptist Primary Care, Inc.*, 177 So. 3d 669, 674 (Fla. 1st DCA 2015). In determining whether a plaintiff has met his burden to survive a motion to dismiss, the court is limited to the specific allegations stated on the face of the operative complaint and its attachments. *Santiago v. Mauna Loa Invs., LLC*, 189 So. 3d 752, 755 (Fla. 2016). While “courts must liberally construe, and accept

as true, factual allegations in a complaint and reasonably deductible inferences therefrom,” they need not accept ... conclusory allegations, unwarranted deductions, or mere legal conclusions made by a party.” *W.R. Townsend Contracting, Inc. v. Jensen Civil Construction, Inc.*, 728 So. 2d 297, 300 (Fla. 1st DCA 1999). “Legal conclusions presented as allegations of fact . . . are not deemed true.” *Point Conversions, LLC v. Omkar Hotels, Inc.*, 321 So. 3d 326, 328 (Fla. 1st DCA 2021).

Plaintiff filed a four-count complaint containing a single prayer for relief. Count I alleges a violation of the Florida Equal Protection Clause against all Defendants. Count II asserts an alleged violation of (multiple) Florida Election Laws against all Defendants. Count III alleges a violation of Florida Statutes, § 838.022, against all Defendants. Count IV asserts an alleged violation of the Public Records Act against all Defendants.

Instead of setting forth “a short and plain statement of the ultimate facts” as required by Rule 1.110(b), Fla. R. Civ. P., Plaintiff’s Complaint is filled with supposition and legal conclusions. Additionally, Plaintiff fails to set forth his averments of claim in consecutively numbered paragraphs as required by Rule 1.110(f), Fla. R. Civ. P. Moreover, Plaintiff improperly joins claims regarding the primary election and vote-by-mail ballots and ballot requests and separate and distinct public records claims in violation of Rule 1.110(g), Fla. R. Civ. P.

Under Florida law, “[l]itigants at the outset of a suit must be compelled to state their pleadings with sufficient particularity for a defense to be prepared.” *Arky, Freed, Stearns, Watson, Greer, Weaver & Harris, P.A. v. Bowmar Instrument Corp.*, 537 So. 2d 561, 563 (Fla. 1988). Moreover, conclusory allegations are insufficient. *Stein v. BBX Cap. Corp.*, 241 So. 3d 874, 876 (Fla. 4th DCA 2018). “Florida is a fact-pleading jurisdiction, not a notice-pleading jurisdiction.” *Deloitte & Touche v. Gencor Indus. Inc.*, 929 So. 2d 678 (Fla 5th DCA 2006). A complaint “must set forth factual assertions that can be supported by evidence which gives rise to legal liability.”

Barrett v. City of Margate, 743 So. 2d 1160, 1162-1163 (Fl. 4th DCA 1999). The “complaint must allege ultimate facts establishing each and every essential element of a cause of action in order to entitle the pleader to the relief sought.” *Sanderson v. Eckerd Corp.*, 780 So. 2d 930, 933 (Fla. 5th DCA 2001).

Moreover, the Complaint improperly commingles the allegations against all Defendants. See, *Aspsoft, Inc. v. WebClay*, 983 So. 2d 761, 768 (Fla. 5th DCA 2008). In *Veltmann v. Walpole Pharmacy, Inc.*, 928 F. Supp. 1161, 1163-64 (M.D. Fla. 1996), the court dismissed a complaint explaining that plaintiff’s failure to separate each alleged act by each defendant into individually numbered paragraphs made it “virtually impossible to ascertain from the [c]omplaint which defendant committed which alleged act.” *Id.* at 164. Although dismissed on other grounds, the court noted that plaintiff’s general allegations against all the named defendants would have been sufficient grounds for dismissal as well. *Id.* Plaintiff’s Complaint should similarly be dismissed.

III. Plaintiff’s Complaint should be dismissed to the extent he fails to plead fraud with specificity.

“It is well established that ‘[t]he plaintiff must raise a prima facie case of fraud, rather than ‘nibble at the edges of the concept’ through speculation and supposition.” *Tikhomirov v. Bank of N.Y. Mellon*, 223 So. 3d 1112, 1116 (Fla. 3d DCA 2017). Moreover, pursuant to Rule 1.120, Fla. R. Civ. P., “in all averments of fraud or mistake, the circumstances constituting fraud or mistake shall be stated with such particularity as the circumstances may permit.” Plaintiff’s Complaint is based entirely on speculation and supposition and fails to meet the pleading threshold necessary to assert fraud.

IV. Plaintiff’s Complaint should be dismissed because he failed to name numerous indispensable parties including but not limited to the Canvassing Board.

Plaintiff asks this court to “[i]ssue a temporary restraining order (TRO) and preliminary injunction prohibiting the Defendants from counting any vote-by-mail ballots sent without voter consent or sent to incorrect addresses in the upcoming August 20, 2024, election.” (Doc. #1, pg. 11 ¶d). The county canvassing board, not the Supervisor of Elections or staff thereof, is charged with the canvassing of vote-by-mail ballots. Fla. Stat. §§ 101.68, 102.141(2)(a)(2024). Accordingly, Plaintiff has failed to name the Canvassing Board as a party.

V. **Plaintiff lacks standing to bring any of his claims, except to the extent he claims a violation of Florida Statutes Chapter 119 as it relates to a request that Plaintiff, not third parties, made.**

“Generally, in order to have standing to bring an action the plaintiff must allege that he has suffered or will suffer a special injury.” *Alachua County v. Sharps*, 855 So. 2d 195, 198 (Fla. 1st DCA 2003). Plaintiff asserts standing based on his status as “a registered voter, a taxpayer, and a candidate running for the office of Pinellas County Supervisor of Elections against the incumbent, Julie Marcus.” (Doc. #1, ¶5). While the Plaintiff’s status as a candidate, registered voter, and taxpayer may grant him standing to bring a contest of election under § 102.168, Fla. Stat., he brought no such action within the required timeframe. See Fla. Stat. § 102.168(2). Furthermore, Plaintiff does not allege that he received a vote-by-mail ballot without requesting one. As a result, he makes no allegations related to him personally as a registered voter, and, therefore, fails to establish standing to bring suit as such.

Plaintiff’s status as a taxpayer is similarly insufficient to confer standing. The special injury requirement has an exception “where there is an attack upon constitutional grounds based directly upon the Legislature’s taxing and spending power.” *Id.* at 198-199. As a taxpayer, Plaintiff alleges no special injury conferring standing. Plaintiff’s status as a former candidate similarly does not confer standing for the claims brought in the instant Complaint.

Wherefore, Plaintiff's Complaint, except the now moot Chapter 119 Public Records Act challenge, should be dismissed for lack of standing.

VI. Plaintiff's Complaint is based, largely, if not wholly, upon a misunderstanding and misapplication of the law.

a. As recognized by the Plaintiff, §101.62, Florida Statutes, governs request for vote-by-mail ballots.

Plaintiff's Complaint asserts, without factual basis, that the Pinellas County Supervisor of Elections, or her employees under her direction violated election laws. (Doc. #1, ¶10). Pursuant to § 101.62(a), Fla. Stat.:

1. The supervisor shall accept a request for a vote-by mail ballot only from a voter or, if directly instructed by the voter, a member of the voter's immediate family or the voter's legal guardian.
2. A request may be made in person, in writing, by telephone, or through the supervisor's website.
3. One request is deemed sufficient to receive a vote-by-mail ballot for all elections through the end of the calendar year of the next regularly scheduled general election, unless the voter or the voter's designee indicates at the time the request is made the elections within such period for which the voter desires to receive a vote-by-mail ballot.
4. The supervisor must cancel a request for a vote-by-mail ballot when any first-class mail or nonforwardable mail sent by the supervisor to the voter is returned as undeliverable. If the voter requests a vote-by mail ballot thereafter, the voter must provide or confirm his or her current residential address.

Fla. Stat. § 101.62(a) (2004).

"If a ballot is requested to be mailed to an address other than the voter's address on file in the Florida Voter Registration System, the request must be made in writing." Fla. Stat. § 101.62(b). The only exception is for absent uniformed services voters or overseas voters who are "not required to submit a signed, written request for a vote-by-mail ballot that is being mailed to an address other than the voter's address on file in the Florida Voter Registration System." *Id.*

The Supervisor has neither the luxury nor obligation to cross-reference the voter's address on file in the Florida Voter registration System with nongovernmental third-party databases as

Plaintiff suggests. (Doc. #1, ¶13). Rather, the Supervisor must comply with address list maintenance as provided for in Fla. Stat. § 98.065. Moreover, the timing of the mailing of vote-by-mail ballots is governed by State law. “No later than 45 days before each ... primary election... the supervisor of elections shall send a vote by mail ballot... to each absent uniformed services voter and to each overseas voter who has requested a vote-by-mail ballot. Fla. Stat. § 101.62(3)(a) (2024). For all other vote-by-mail ballot requests, the supervisor shall mail such ballot “between the 40th and 33rd days before the ... primary election” or thereafter “within 2 business days after receiving a request for such a ballot, but no later than the 12th day before election day.” Fla. Stat. § 101.62(3)(b), (c) (2024). These statutory timelines evidence Plaintiff’s ability to raise his claims prior to election day and his calculated failure to do so.

Plaintiff’s absolute reliance on the requirement of Florida Administrative Code Rule 1S-2.055 is misplaced. Section 101.62(a), Fla. Stat., states, “[t]he department shall prescribe by rule by October 1, 2023, a uniform statewide application to make a written request for a vote-by-mail ballot which includes fields for all information required in this subsection.” The department complied and promulgated Rule 1S-2.055. Notably, however, the Rule did not become effective until April 17, 2024. As of the effective date of the Rule, written requests for vote-by-mail ballots “must be made using Form DS-DE 160.” (emphasis added). The DS-DE 160 form was not effective until April 17, 2024, and, therefore, vote-by-mail ballot requests submitted prior to April 17, 2024, would not have a DS-DE 160. However, in accord with Florida Statutes, the rule recognizes that requests may also be submitted in person, by telephone, or through a supervisor’s website. Rule 1S-2.055(3), F.A.C. (2024).

The promulgation of § 101.62, Fla. Stat., did not invalidate written vote-by-mail ballot requests which were made prior April 17, 2024, in accordance with Florida law.

It is axiomatic that an administrative rule cannot enlarge, modify or contravene the provisions of a statute. As a result, when an administrative rule conflicts with the enabling statute, the statute will control. *See, e.g., Fla. Dep't of Revenue v. A. Duda & Sons, Inc.*, 608 So. 2d 881, 884 (Fla. 5th DCA 1992) ("In the event of a conflict between a statute and an administrative regulation on the same subject, the statute governs.

Phillips v. Leon Cty. Public Works, 277 So. 3d 1076, 1079-1080 (Fla. 1st DCA 2019).

Therefore, the requirement of the DS-DE 160 for written requests only impacts vote-by-mail ballot requests made after April 17, 2024. As a result, written vote-by-mail requests submitted prior to April 17, 2024 which, therefore, could not have been made on a DS-DE 160 are still valid requests for vote-by-mail ballots for all elections occurring “through the end of the calendar year of the next regularly scheduled general election” unless the request indicates a shorter period for which the voter desires to receive a vote-by-mail ballot, or otherwise canceled. Fla. Stat. § 101.62 (2024).

In ruling on a motion to dismiss, trial courts should interpret applicable statutes in conjunction with facts pled. *Woozly v. Gov't Emp. Ins. Co.*, 360 So. 2d 1153, 1154 (Fla. 3d DCA 1978). In this case, Plaintiff has failed to state a cause of action based on the current state of Florida Law and the speculative allegations contained with the Complaint.

VII. Plaintiff fails to allege ultimate facts conferring jurisdiction upon this Court to issue a declaratory judgment as sought by the Plaintiff.

While Plaintiff's Complaint fails to contain a count pleading for declaratory relief, Plaintiff requests three separate declarations in his prayer for relief. In *May v. Holley*, the Florida Supreme Court set forth the standard for determining the sufficiency of a declaratory judgment complaint.

Before any proceeding for declaratory relief should be entertained it should be clearly made to appear that there is a bona fide, actual, present practical need for the declaration; that the declaration should deal with a present, ascertained or ascertainable state of facts or present controversy as to a state of facts; that some immunity, power, privilege or right of the complaining party is dependent upon the

facts or the law applicable to the facts; that there is some person or persons who have, or reasonably may have an actual, present, adverse and antagonistic interest in the subject matter, either in fact or law; that the antagonistic and adverse interests are all before the court by proper process or class representation and that the relief sought is not merely the giving of legal advice by the courts or the answer to questions propounded from curiosity.

May v. Holley, 59 So. 2d 636, 639 (Fla. 1952). “[A]bsent a bona fide need for a declaration based on present, ascertainable facts, the circuit court lacks jurisdiction to render declaratory relief.”

Santa Rosa County v. Admin. Comm’n, Div. of Admin. Hearings, 661 So. 2d 1190, 1193 (Fla. 1995).

There are no present, ascertained, or ascertainable facts from which it can be found that the Supervisor Defendants violated any election laws. Therefore, Plaintiff’s request for declaratory relief should be denied.

VIII. Count I should be dismissed because Plaintiff failed to state a claim upon which relief can be granted for violations of Equal Protection.

Plaintiff asserts in Count I that the disparate treatment he suffered was the “unauthorized and unrequested distribution of vote-by-mail ballots, creating a situation where ballots could be cast illegally, diluting the lawful votes of the Plaintiff and of others.” (Count I, §2). Assuming for a moment that the Plaintiff’s allegations were anchored in reality for the purpose of this motion to dismiss, it is evident that the Plaintiff is being treated the same as all similarly situated voters. Furthermore, Plaintiff alleges no facts from which it can be found that any harm to Plaintiff as a candidate for office is different than any harm to other candidates for office. In addition to failing to state ultimate facts from which it can be found that Plaintiff was treated differently, for purposes of standing, there are no facts from which it can be found that Plaintiff suffered any different harm than similarly situated people. “It is well settled under Florida law that all similarly situated persons are equal under the law and must be treated alike.” *Ocala Breeders’ Sales Co. v. Fla. Gaming Ctrs.*, 793 So. 2d 899, 901 (Fla. 2001). Plaintiff’s Complaint is devoid of any factual

allegation by which he can be found to be treated differently from similarly situated people and, therefore dismissal is warranted.

IX. Count II requires dismissal because Plaintiff failed to state a claim upon which relief can be granted for violations of the Florida Elections Law.

While failing to set forth ultimate facts in Count II, Plaintiff sets forth conclusions that the Defendants engaged in violations of (1) ballot request procedures, (2) unlawful distribution of ballots (3) improper handling of vote-by-mail ballots, (4) improper handling of returned vote-by-mail ballots, (5) attempting to cast fraudulent votes by sending ballots to addresses where voters no longer reside; (6) by “knowingly allowing or facilitating the casting of multiple votes or voting in someone else’s name;” (7) by sending ballots to unverified addresses and refusing to comply with the public records law; (8) by diluting lawful votes and facilitating fraud; and (9) by ordering vote-by-mail ballots on behalf of individuals who were not immediate family members. In addition to setting forth no ultimate facts to support these salacious and defamatory allegations, Plaintiff fails to set forth any grounds from which it can be found that citizens double voted or cast votes for other individuals. Plaintiff’s allegations as to the effect of these alleged activities is highly speculative and conjectural. Moreover, there is no authority suggesting that the proper resolution would be to throw out votes, as sought by the Plaintiff. See, *McLean v Bellamy*, 437 So. 2d 737, 743-744 (Fla. 1st DCA 1983) (finding that the statutory provisions setting forth the criteria for the issuance of absentee ballots were directory, but failing to “glean from the provisions of that section a legislative intent that the failure to follow the letter of its provisions should result in the invalidation of absentee ballots cast by qualified electors who are also qualified to vote absentee.”) As noted in *Mclean*, there is no legislative declaration in applicable Florida Statutes from which it can be found that “strict compliance with the provision of law is essential to the validity of the

ballot or that the failure to strictly follow any of its provisions will cause the ballot not to be counted.” *Id.*, at 744.

X. Count III demands dismissal because Section 838.022, Florida Statutes, is a criminal statute and provides no civil cause of action.

Section 838.022, Fla. Stat., is a criminal statute that contains no private cause of action in civil lawsuits. Plaintiff’s attempt to invoke this statute is not just legally baseless but a clear stunt to misuse the judicial process. The mere pleading of a violation of this statute is immaterial, impertinent, and scandalous and should be stricken per Rule 1.140(f), Fla. R. Civ. P.

XI. Count IV should be dismissed for failure to state a cause of action on which relief may be granted or in the alternative, is moot.

Section 119.07(1), Fla. Stat., requires that “[e]very person who has custody of a public record...permit the record to be inspected and copied...at any reasonable time. The right to access, however, must be balanced with the public agency’s obligation to protect exempt or confidential records. See §119.01(2)(a) (2024) (“As each agency increases its use of and dependence on electronic recordkeeping, each agency must provide reasonable public access to records electronically maintained and must ensure that exempt or confidential records are not disclosed except as otherwise permitted by law.” (Emphasis added).

The Exhibits attached to Plaintiff’s complaint establish that he was not denied public records. The exhibits attached to a complaint “are encompassed within the four corners of the complaint and must be considered therewith” on a motion to dismiss.” *Abele v. Sawyer*, 750 So. 2d 70, 74 (Fla. 4th DCA 1999); see also Fla. R. Civ. P. 1.130(b) (“Any exhibit attached to a pleading shall be considered a part thereof for all purposes.”).

Plaintiff’s exhibits show that on Wednesday, July 17, 2024, Plaintiff, as a candidate for office, e-mailed a public record’s request to the “Custodian of Records” at the Pinellas County

Supervisor of Elections (votepinellas.gov), and the Department of state (dos.myflorida.com). Specifically, Plaintiff requested “[c]opies of any and all Logs, List(s) and/or documents of the Pinellas County Voters who have requested a vote by mail ballot be mailed to them for the August 20th Primary Election.” Even more specific, Plaintiff sought “the official and comprehensive records” from the “county’s election authorities”, which would be the information the Supervisor is required to compile pursuant to Fla. Stat. § 101.62(2).

Upon receipt of a public records request, an agency may:

If the nature or volume of public records requested to be inspected or copied pursuant to this subsection is such as to require extensive use of information technology resources or extensive clerical or supervisory assistance by personnel of the agency involved, or both, the agency may charge, in addition to the actual cost of duplication, a special service charge, which shall be reasonable and shall be based on the cost incurred for such extensive use of information technology resources or the labor cost of the personnel providing the service that is actually incurred by the agency or attributable to the agency for the clerical and supervisory assistance required, or both

Fla. Stat. § 119.07(4)(d) (2024). The agency also may require an advance deposit of fees associated with the production of the records. As the Second District Court of Appeals has recognized, a “policy of requiring an advance deposit seems prudent given the legislature’s determination that taxpayers should not shoulder the entire expense of responding to an extensive request for public records.” “[T]he reasonableness of a policy and its application — based on the facts in a particular case — guides whether an abuse of discretion is shown.” *Board of County Commissioners of Highlands County v. Colby*, 976 So. 2d 31, 37 (Fla. 2d DCA 2008). As a result, in *Colby*, the court held that the agency could collect an advance deposit of the special service charge before conducting the search for the public records, so long as the estimate was reasonable and based on the labor costs actually incurred by or attributed to the agency. *Id.*; see, Fla. Stat.

§119.07(4) (“The custodian of public records shall furnish a copy...of the record upon payment of the fee prescribed by law.”).

The Exhibits to Plaintiff’s Complaint prove Plaintiff received a good faith response promptly, or no later than a reasonable time, eight days later. See, Fla. Stat. § 119.0701(4) (2024) (providing that “[a] contractor who complies with a public records request within 8 business days after [a written notice to a public agency and its contractor of a public requests with a statement that the contractor has not complied with the request] is sent is not liable for the reasonable costs of enforcement [of the public records law].”) The response advised how he could receive the list of mail ballot requests and sought clarification of the broader request for “any and all documents.” On Thursday, July 25, 2024, a response was sent advising Plaintiff as follows

(a) “as a candidate with opposition” he was “entitled to the list of mail ballot requests after filing [his] oath of acquisition.”

(b) that it would “require an estimated 18,000 hours to compile the logs and documents for each voter who requested a mail ballot” (documents Plaintiff was requesting beyond those he was entitled to as a candidate pursuant to Florida Statute 101.62(2));

(c) of the agency’s right to charge a special service charge for the extensive effort;

(d) that “[t]he estimated cost for fulfilling [his] request will be provided upon determining the exact scope and volume of records responsive to [his] request;”

(e) offering to “work with [Plaintiff] to narrow the scope of [his] request to make it more manageable and cost-effective;”

(f) requesting Plaintiff advises his “preference” regarding narrowing the scope of his request to reduce the cost, or receiving a “full cost estimate for processing the entire request as currently stated;” and

(g) advising that if a response was not received within 30 days...the Supervisor of Elections [would] consider the request closed.”

In accordance with § 101.62(2), Fla. Stat., supervisors of elections are required to compile information on vote-by-mail ballot requests that must be updated and made available each day beginning 60 days before the primary, and contemporaneously provided to the Division of Elections.

Plaintiff would have fallen within the limited types of entities able to access this confidential and exempt information upon filing qualification papers for election, and while he remained a candidate with opposition in an upcoming election. Fla. Stat. § 101.62(2). However, pursuant to Administrative Rule 1S-2.043(2), those statutorily allowed access to this confidential and exempt information may obtain the list from the State, only after they submit an online request application, Form DS-DE 146. Similarly, in Pinellas County, to receive the list, those authorized by law must submit an Oath of Acquisition Form, which substantially mirrors the DS-DE 146.

Plaintiff’s Complaint contains no facts from which it can be found (a) that he was entitled to the requested records or (b) responded to the Supervisor of Elections in response to their reply to him of July 25, 2024. There was no refusal to provide the requested records or unjustified delay.

The filing of an oath of acquisition post-election does not cure this defect because Plaintiff is no longer statutorily authorized to this confidential and exempt information pursuant to Fla. Stat. § 101.62(2). Plaintiff is not “a candidate who has filed qualification papers and is opposed in an upcoming election.” He is not entitled the specific confidential and exempt information identified in Fla. Stat. § 101.62. Pursuant to Administrative Rule 1S-2.043(3)(d)(1)(a), “Authorization for access is only valid through the earlier of the end of the general election year in which authorization was initially granted or until the person or entity is no longer statutorily entitled to the information,

whichever is applicable.” (Emphasis added). Accordingly, Plaintiff’s Chapter 119 Public Records Act claim, to the extent it sought confidential and exempt information, is moot.

Count IV is similarly moot based on the Court finding no violation of Chapter 119 at the expedited hearing on August 29, 2024.

XII. As a *pro se* litigant, Plaintiff is not entitled to attorney’s fees.

Pro se litigants are not entitled to an award of attorney's fees.” *Kay v. Ehrler*, 499 U.S. 432, 435, 111 S. Ct. 1435, 113 L. Ed. 2d 486 (1991); see, *Massengale v. Attorneys for Defendants, JULIE MARCUS, in her official capacity as Pinellas County Supervisor of Elections; and Pinellas County Supervisor of Elections employees acting in their Official capacity.

IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT
IN AND FOR PINELLAS COUNTY, FLORIDA
CIVIL DIVISION

CHRISTOPHER GLEASON, a Florida Citizen, Elector
and Candidate for Supervisor of Elections, Pinellas County

Plaintiff,

v.

Case No.: 24-003717-CI
UCN: 522024CA003717XXCICI

JULIE MARCUS, in her official capacity
as Pinellas County Supervisor of Elections, et al.,

Defendants.

**SUPERVISOR DEFENDANTS' RESPONSE IN OPPOSITION TO MOTION FOR
RECONSIDERATION**

All defendants sued in their official capacities as the Supervisor of Elections or employees thereof ("hereinafter Supervisor Defendants"), by and through the undersigned counsel, file this Response in Opposition to Plaintiff's Motion for Reconsideration dated August 30, 2024, as follows:

1. Plaintiff falsely alleges the Court required him to "complete a form that is not specified in Florida Statutes Chapter 101.62 or Chapter 119 as a condition for obtaining public records."

2. In fact, Plaintiff voluntarily stated he would complete the form, has already completed a substantially similar form to obtain records from the State of Florida, and there was no order from the Court requiring him to do so. The pertinent parts of the Transcript of Hearing, attached hereto as Exhibit "A," read as follows:

THE COURT: Is it your intention to provide and Oath of Acquisition back?

MR. GLEASON: I mean, I'll do it. I have no problem with that.

Tr. 18:6-9., 08/29/2024.

MR. GLEASON: So this form that they are referring to, I believe, is a form to get the Vote by Mail Ballot list that shows certain information in it. I already have that. I obtained that vote – statewide Vote By Mail Early Voting list directly from the State of Florida.

Tr. 16:22-17:3.

THE COURT: Defendants are willing to extend that 30 days they put in that email to give you 30 days to respond back with an email. Does that work for you at this point?

MR. GLEASON: I'll have it to them today.

THE COURT: Okay, but within 30 days. So is that an agreement?

MR. GLEASON: That's fine your honor.

Tr. 25:23-26:5.

Despite telling the Court "I'll have it to them today," and acknowledging that Plaintiff is still within the 30 days to respond to Defendants' email, to date he has not done so.

3. Plaintiff did not challenge the form at the hearing and should be barred from bringing forth new arguments in a Motion for Reconsideration. "A trial court does not abuse its discretion in denying a motion for reconsideration or rehearing which raises an issue that could have been, but wasn't, raised in the initial motion or at the initial hearing." *Chris Thompson, P.A. v. GEICO Indemnity Co.*, 349 So. 3d 447 (Fla. 4th DCA 2022).

4. Notwithstanding the foregoing, the requirement for a form, to be submitted by those entities and individuals who are statutorily entitled to confidential and exempt information, is found in Florida Administrative Code Rule 1S-2.043(3)(d)(1).

5. Pursuant to Rule 1S-2.043(3)(d)(1), any person or entity authorized under Section 101.62, F.S., may access online daily county files of vote-by-mail ballot request information as directly received from the Supervisor and posted on the Division's website. In order to access the information, the person or entitled authorized under Section 101.62, F.S., must first submit an online request application – Form DS-DE 146.

6. Authorized persons or entities are required to provide the same identifying information on the form utilized by the Pinellas County Supervisor of Elections.

7. Regardless, the form is now moot because Plaintiff is no longer statutorily authorized to this confidential and exempt information pursuant to Fla. Stat. § 101.62(2). Plaintiff is not “a candidate who has filed qualification papers and is opposed in an upcoming election.” He is not entitled the specific confidential and exempt information identified in Fla. Stat. § 101.62. Pursuant to Administrative Rule 1S-2.043(3)(d)(1)(a), “Authorization for access is only valid through the earlier of the end of the general election year in which authorization was initially granted or until the person or entity is no longer statutorily entitled to the information, whichever is applicable.”

8. As he did in the hearing, Plaintiff in his Motion for Reconsideration asks this Court to “grant immediate access to the requested public records,” stating *without any basis* in his Motion that “[t]he records requested in their original, unaltered format as generated, transmitted and stored format would take less than 10 minutes to provide.”

9. Plaintiff presented no evidence at the hearing to substantiate his time estimate nor made any issue of how long he believes it should take Defendants to produce public records. This Court should decline to “reconsider” an issue that was never brought up at the hearing. *Chris Thompson, P.A. v. GEICO Indemnity Co.*, 349 So. 3d 447 (Fla. 4th DCA 2022).

10. In fact, the legitimate position of the Supervisor Defendants that it would take approximately 18,000 hours to provide the records was presented by the undersigned to the Court by reference to Plaintiff's own Exhibits attached to the [un]Verified Complaint at the expedited non-evidentiary Chapter 119 hearing on August 29, 2024.

11. The Supervisor Defendants have not had the opportunity to, nor been required to, present evidence in support of the time estimate and form to date. See, however, Fla. Stat. § 101.62(2) and Administrative Rule 1S-2.043(2).

WHEREFORE, the Supervisor Defendants respectfully request the Court deny Plaintiff's Motion for Reconsideration, and for any other and further relief the Court may deem just and proper.

**SUPERVISOR DEFENDANTS' RESPONSE IN OPPOSITION TO MOTION FOR
SANCTIONS AGAINST COUNTY ATTORNEY**

All defendants sued in their official capacities as the Supervisor of Elections or employees thereof ("hereinafter Supervisor Defendants"), by and through the undersigned counsel, file this Response in Opposition to Plaintiff's Motion for Sanctions Against County Attorney dated August 30, 2024, as follows:

1. Plaintiff, *pro se*, confuses the advocacy of a position contrary to his own with attorney misconduct.

2. At the heart of his Motion for Sanctions, Plaintiff alleges the "County Attorney" made false assertions regarding the time estimate to produce records and necessity of filing the Oath of Acquisition form.

3. In fact, the legitimate position of the Supervisor Defendants was presented by the undersigned to the Court by reference to Plaintiff's own Exhibits attached to the [un]Verified Complaint at the expedited non-evidentiary Chapter 119 hearing on August 29, 2024.

4. Plaintiff's frivolous Motion for Sanctions lacks in merit and substance.

5. The Supervisor Defendants have not had the opportunity to, nor been required to, present evidence in support of the time estimate and form to date. See, however, Fla. Stat. § 101.62(2) and Administrative Rule 1S-2.043(2).

6. Plaintiff's Motion for Sanctions is therefore equally untimely as irrelevant.

WHEREFORE, the Supervisor Defendants respectfully request the Court deny Plaintiff's Motion for Sanctions Against County Attorney, and for any other and further relief the Court may deem just and proper.

2 COURT DEPUTY: All rise. Court is now in
3 session with the Honorable Senior Circuit Court
4 Judge Peter Ramsberger presiding.

5 THE COURT: Whoa, a lot of people. Have a
6 seat, please.

7 Everybody doing all right?

8 MS. VICARI: Yes, Your Honor.

9 THE COURT: Let me see, we'll go on the
10 record. Court reporter is here.

11 The case that is set for hearing this morning
12 is Case No. 24-3717 and I'm Judge Ramsberger, the
13 other one. That's what they tell me. I don't
14 know what that means. I guess there's another one
15 that shares the same last name.

16 I have Christopher Gleason, who is the
17 plaintiff.

18 Are you Christopher Gleason?

19 MR. GLEASON: I am, Your Honor.

20 THE COURT: Good morning.

21 MR. GLEASON: Good morning.

22 THE COURT: You are representing yourself?

23 MR. GLEASON: Yes.

24 THE COURT: Okay. And then I have, I guess,
25 several defendants. Julie Marcus is a defendant.

1 MS. VICARI: Yes, Your Honor. My name is
2 Kelly Vicari. I represent the defendants
3 collectively in this case, Julie Marcus, Matt
4 Smith and Dustin Chase, the three named
5 defendants.

6 THE COURT: And tell me your name again? I'm
7 sorry.

8 MS. VICARI: Kelly Vicari, V-i-c-a-r-i.

9 THE COURT: Good morning.

10 MS. VICARI: Good morning.

11 THE COURT: And you've got some other folks
12 at the table?

13 MS. VICARI: I have second chair, Jared Kahn
14 from my office.

15 Jessica Haas, she's here to help with any
16 technical difficulties we may encounter.

17 And we have Defendant, Matt Smith here in the
18 courtroom.

19 THE COURT: Matt Smith?

20 MR. SMITH: Yes.

21 THE COURT: I have defendants Julie Marcus,
22 who is the Supervisor of Elections in Pinellas
23 County?

24 MS. VICARI: Yes, Your Honor.

25 THE COURT: Dustin Chase. What's Dustin

1 Chase' position?

2 MS. VICARI: He is a Deputy of Supervisor of
3 Elections Office.

4 THE COURT: Okay. And then Matt Smith.

5 MS. VICARI: Yes.

6 THE COURT: What position is Matt Smith?

7 MS. VICARI: He is legal counsel to Julie
8 Marcus at the Supervisor of Elections.

9 THE COURT: All right. So everyone's here.

10 And the -- when the Complaint came in, it was
11 reviewed to see if it qualified for Emergency
12 Temporary Injunction. And that was extensively
13 reviewed. It was a lot of work -- put a lot of
14 effort in this, Mr. Gleason. Obviously there's a
15 lot of effort that you put in. And the Court did
16 not issue that temporary injunction.

17 There was also a Motion for Reconsideration
18 that was also filed. Again, a lot of effort went
19 into the motion, spent a lot of time on it. The
20 motion was denied. So the case is still an
21 active, pending case.

22 The Complaint is still here, it's filed.

23 Has everyone been served with the Complaint?

24 MS. VICARI: Yes, Your Honor.

25 THE COURT: There has been service?

1 MS. VICARI: Yes.

2 THE COURT: Okay. And then you'll file a
3 response within so many days?

4 MS. VICARI: Yes, Your Honor, the deadline to
5 respond is September 11.

6 THE COURT: So that will happen in the normal
7 course.

8 However, it was brought to my attention by a
9 really talented staff attorney, Mr. Williford, who
10 goes, you know, we need to set an accelerated
11 hearing under the 119, Public Records Act. We
12 need to do that. And I said, yeah, if that's what
13 the statute says, we need to do it. And he
14 assured me we need to do it, so here we are.

15 This is the hearing under 119, I think it
16 might be paren one, the first part of 119 that
17 says the Court shall set an accelerated hearing.
18 So here we are in compliance with the accelerated
19 hearing.

20 So having said that, my first question
21 usually is do the folks want a chance to talk to
22 each other? Lots of time folks don't communicate
23 with each other, the courtroom is the first time
24 they see each other, maybe there's something to
25 talk about, maybe there's some temporary

1 resolution, a Band-Aid they want to put on it so
2 the Court doesn't have to get all into it. And if
3 you-all want the chance to talk to each other, I'd
4 be happy to let you do that. I'll be happy to
5 step off and let you chat. If you don't want to
6 do that we can start the hearing.

7 Anyone want to talk to each other? If you
8 want to, I'll give you that opportunity. If you
9 want to, I'll let you know you certainly don't
10 have to. It's up to you.

11 MR. GLEASON: I'm not an attorney. I did
12 stay at a Holiday Inn once, but I'm not an
13 attorney, Your Honor.

14 THE COURT: A Holiday Inn?

15 MR. GLEASON: I stayed at a Holiday Inn once,
16 but I'm not an attorney.

17 THE COURT: I know that because you stayed at
18 the Holiday Inn.

19 Is anyone here from Holiday Inn? I'm in
20 trouble. That was a joke. Oh, I'm in trouble
21 with the Holiday Inn people now.

22 I don't know, you're obviously here seeking
23 something today.

24 MR. GLEASON: Yes, Your Honor.

25 THE COURT: The temporary injunction has

1 already been denied. That's not before the Court
2 here today.

3 Obviously I guess you're not happy with the
4 public records request response, I take it. But
5 if there's something you-all want to talk about,
6 I'll be happy to step off and you-all can talk
7 formally off the record. If you don't want to,
8 you don't have to. We'll start this accelerated
9 hearing.

10 It's your case, Mr. Gleason. Do you want a
11 minute to talk to the attorney, Mrs. Vicari at
12 all?

13 MR. GLEASON: I'll do that.

14 THE COURT: Good. I'll step off for a few
15 minutes. What you say is confidential, can't be
16 repeated, can't be used against you. It's called
17 a settlement discussion. If you-all want to chat
18 about it, whatever, maybe put a Band-Aid on it
19 until we get to the next stage of the process,
20 have at it. If you don't want to, I'll be right
21 next door, the deputy will come and get me. Fair
22 enough?

23 MR. GLEASON: Fair enough.

24 THE COURT: All right. You-all talk, let me
25 know when you want me to come back.

1 COURT DEPUTY: All rise.

2 (There was a brief recess.)

3 COURT DEPUTY: All rise, please. Court is
4 back in session.

5 THE COURT: Okay, have a seat.

6 Mr. Gleason, I'll start with you for this
7 accelerated hearing.

8 What would you like the Court to do at this
9 point?

10 MR. GLEASON: I would like the Court to issue
11 out a subpoena for documents that are all related
12 to the public records and the conduct of the
13 election that was held on August 20th.

14 THE COURT: Well, you're confusing me here a
15 little bit. You want me to issue a subpoena?

16 MR. GLEASON: To the defendants to produce,
17 or order them to produce the documents that they
18 need to, such as the audit logs, the chain of
19 custody for the Vote by Mail Ballots that were --

20 THE COURT: Is this a written request for all
21 the documents you specified?

22 MR. GLEASON: Yes, Your Honor.

23 THE COURT: Okay. Where is that written
24 request, in the Complaint?

25 MR. GLEASON: It was -- let's see. Here we

1 go.

2 THE COURT: Does the defense acknowledge that
3 you've received a request for records?

4 MS. VICARI: Your Honor, I would.

5 THE COURT: Because what I'm hearing right
6 now is he doesn't think you're complying with his
7 request for public records.

8 MS. VICARI: Your Honor, we're here for a
9 very limited purpose today. Within the Complaint,
10 when you read the Complaint, there are only two
11 requests that Mr. Gleason is alleging that were
12 made that were not appropriately responded to.

13 The first request he details at Paragraphs 14
14 and 15 of the Complaint. Our position is that
15 there was actually not a request for records made
16 at that time, he asked for "information," which he
17 was verbally given. So we would disagree on the
18 first, that that does not even qualify as a public
19 records request.

20 As to the second request that is within the
21 Complaint, and that's at Paragraphs 30 and 31.

22 THE COURT: Of the Complaint?

23 MS. VICARI: Of the Complaint.

24 THE COURT: So there's no separate written
25 request?

1 MS. VICARI: There is, Your Honor. It's my
2 understanding 30 and 31 are discussing a second
3 written request. There were two emails attached
4 as exhibits to the Complaint. Those two emails,
5 the first is from Mr. Gleason to the Supervisor of
6 Elections, and the second is the response from the
7 Supervisor of Elections.

8 It is my understanding that that is the
9 public records request that we are here for today,
10 that's what's been attached as an exhibit. And we
11 are prepared to make the argument that that was
12 appropriately responded to and that it -- you
13 know, Mr. Gleason failed to follow through on what
14 was necessary on his end to obtain those records.

15 Those are the only two that we are here for
16 today.

17 To the extent that Mr. Gleason is trying to
18 discuss other requests that are not contained
19 within the Complaint, we would object to that.
20 Only these two requests have been submitted.
21 We've not been put on notice of a challenge to
22 other requests, nor have those challenges been set
23 for hearing here today.

24 So from our standpoint, we're dealing with
25 these very two finite issues today.

1 THE COURT: Okay. Do you think Mr. Gleason's
2 precluded if he wants to renew a public records
3 request from resubmitting in writing exactly the
4 public record request that he wants? Do you think
5 he's precluded from doing that?

6 MS. VICARI: No, absolutely not, Your Honor.
7 It's just that likely he will receive the same
8 response from defendant, which is that there has
9 to be an Oath of Affirmation because some of the
10 records --

11 THE COURT: I'm sorry, a what?

12 MS. VICARI: It's an Oath of Affirmation.
13 It's a document essentially stating that he is
14 going to maintain the records as confidential.
15 The records that he's asking for are Vote by Mail
16 Ballot request information. Under Statute --
17 Florida Statute 101.622, that information is
18 confidential and exempt from Chapter 119, unless
19 you fall into an excepted category, one of which
20 being that you are a candidate, and a candidate
21 who has opposition.

22 So Mr. Gleason would qualify for those
23 records; however, he needs to file an Oath of
24 Affirmation stating that he agrees to keep the
25 records confidential.

1 Second, rather, the request was so broad it
2 was determined that it would take somewhere around
3 19,000 hours to respond to, so he was asked to
4 either try to narrow that and the defendant would
5 help him, or if not, they would proceed with the
6 request as is, but it would result in a special
7 service charge that would likely be significant
8 that they would have to get back to him with.

9 THE COURT: Okay. Do you want to respond to
10 that, Mr. Gleason?

11 MR. GLEASON: Yes, Your Honor. The requests
12 that I made were -- was in particular for the
13 record of Vote by Mail Ballot requests. I also
14 made requests for the Returned as Undeliverable
15 Vote by Mail Ballots. And I also made requests
16 for chain of custody for all of these -- all of
17 the received Vote by Mail Ballot requests.

18 I have many numerous outstanding requests
19 that were made in writing with extreme specificity
20 to the Pinellas County Supervisor of Elections
21 office.

22 THE COURT: These are requests in writing?

23 MR. GLEASON: Yes, sir.

24 THE COURT: And where are these requests?

25 MR. GLEASON: They were -- some of them,

1 actually all of them they have copies of. They
2 were sent via email.

3 THE COURT: They were sent by email?

4 MR. GLEASON: Yes, sir.

5 THE COURT: And when was that?

6 MR. GLEASON: Going back to logic and
7 accuracy testing.

8 THE COURT: Okay. Were they attached to your
9 Complaint?

10 MR. GLEASON: No. No, they were not, Your
11 Honor.

12 THE COURT: What's that?

13 MR. GLEASON: No. No, they were not. Not
14 all of them, no.

15 However, the Vote by Mail request information
16 is contained in an electronic record. All of
17 these records that I have requested are electronic
18 records.

19 And Florida Administrative Code talks about
20 all of these electronic records, so does public
21 records records logs, they talk about how
22 electronic records and the charges that -- the
23 special service charge that the Pinellas County
24 Supervisor of Election likes to tack onto
25 everything, is typically for printed documents.

1 And if they are just producing the electronic
2 record, that they are required by Florida law to
3 retain, I just want the electronic records. And
4 as they are electronic records, they should be
5 free. There should be no service charge.

6 THE COURT: Counsel mentioned something about
7 an Oath of Affirmation as to confidentiality. Do
8 you want to address that?

9 MR. GLEASON: This is the first that I have
10 ever heard of that, Your Honor.

11 THE COURT: Okay. I think she made reference
12 to 101.622. Is that something you want to take a
13 look at at some point, since you said you're
14 unaware of it?

15 She just mentioned it. You don't have to do
16 it right now, but she apparently indicated you
17 have not complied with a requirement pertaining to
18 I think what she said, confidentiality reference
19 to an Oath of Affirmation.

20 MS. VICARI: Your Honor, I misspoke. Oath of
21 Acquisition. It's an Oath of Acquisition.

22 THE COURT: Oath of Acquisition, I'm sorry.

23 MS. VICARI: I apologize, Your Honor.

24 THE COURT: Okay.

25 MS. VICARI: And I would refer the Court to

1 the exhibits, the response from Dustin Chase dated
2 July 25th of 2024, which is attached to the
3 Complaint. It says, "Dear Mr. Gleason, as a
4 candidate with opposition, you are entitled to the
5 list of Mail Ballot Requests after filling -- or
6 filing your Oath of Acquisition."

7 THE COURT: Say that again, please, that
8 whole thing.

9 MS. VICARI: Email dated Thursday, July 25th,
10 2024 from Dustin Chase to Mr. Gleason. It states,
11 "Dear Mr. Gleason, as a candidate with opposition,
12 you are entitled to the list of Mail Ballot
13 Requests after filing your Oath of Acquisition."
14 And then it goes on.

15 THE COURT: So it says you are entitled to
16 it?

17 MS. VICARI: Yes.

18 THE COURT: Are you a candidate, I take it?

19 MR. GLEASON: I am, Your Honor. I'm a
20 candidate.

21 THE COURT: Okay.

22 MR. GLEASON: So this form that they are
23 referring to, I believe, is a form to get the Vote
24 by Mail Ballot list that shows certain information
25 in it.

1 I already have that. I obtained that vote --
2 statewide Vote by Mail Early Voting list directly
3 from the State of Florida.

4 What I've requested was the electronic
5 records that the Supervisor of Elections is
6 required to maintain to include the order forms
7 and the records of any telephone requests for Vote
8 by Mail Ballots, any in-person in-writing requests
9 for Vote by Mail Ballots, and any and all logs
10 from their online ordering system for the Vote by
11 Mail Ballots. That is what I am requesting.

12 And Statute 101.62 is very clear. It says
13 that voters who have made the request can request
14 that information, and so can qualified candidates.

15 And so, Your Honor, it's very simple, it is
16 not a difficult request. The only reason why this
17 request has been concealed has been to infer a
18 benefit to Julie Marcus, also to my detriment, and
19 the detriment of my campaign.

20 Now, part of the Complaint that was filed was
21 about a Motion to Stop Election Fraud. Now, what
22 we know is that --

23 THE COURT: Well, I'm not really getting into
24 all --

25 MR. GLEASON: Okay.

1 THE COURT: -- the nitty gritty and the issue
2 of the case. That's all going to get flushed out
3 in the litigation process. Right now it's just
4 this accelerated hearing under 119.

5 MR. GLEASON: Yes, Your Honor.

6 THE COURT: Is it your intention to provide
7 an Oath of Acquisition back?

8 MR. GLEASON: I mean, I'll do it. I have no
9 problem with that.

10 THE COURT: I mean, they asked you for it,
11 right?

12 MR. GLEASON: Just now.

13 THE COURT: They didn't ask you for it
14 previously in an email?

15 MR. GLEASON: No, Your Honor.

16 THE COURT: I thought you said you had it in
17 an email.

18 MS. VICARI: Your Honor, there is an email
19 that's attached to the Complaint. He attached the
20 email to the Complaint where it clearly says,
21 "Dear Mr. Gleason, as a candidate with opposition,
22 you are entitled to the list of Mail Ballot
23 Requests after filing your Oath of Acquisition."

24 THE COURT: That's in an email?

25 MS. VICARI: It's in the email. He attached

1 it to the Complaint itself.

2 MR. GLEASON: But that Oath of Acquisition,
3 Your Honor, is for the statewide Vote by Mail
4 list, not for the individual records.

5 THE COURT: Okay. Is it your intention to
6 provide an Oath of Acquisition?

7 MR. GLEASON: I will. I absolutely will,
8 Your Honor, if that's what it takes for me to get
9 the records that I am lawfully entitled to.

10 THE COURT: I don't have the email, but it
11 sounds like he said to you -- he being Dustin
12 Chase?

13 MS. VICARI: Yes, Your Honor.

14 THE COURT: I'm sorry, I shouldn't use
15 pronouns on the record.

16 Dustin Chase sent you an email and said send
17 us the Oath of Acquisition. So if you intend to
18 do that, then we're off and running in that area.

19 Is it your intention to do that?

20 MR. GLEASON: Yes, Your Honor.

21 THE COURT: What kind of time frame are we
22 looking at?

23 MR. GLEASON: I'll have it to him today.

24 THE COURT: Oh, okay.

25 What else are you asking for here today under

1 this accelerated hearing under 119, Mr. Gleason?

2 MR. GLEASON: The log -- the logs -- the logs
3 for any of the electronic Vote by Mail Ballot
4 requests that were made via the Supervisor of
5 Elections website.

6 THE COURT: Electronic Vote by Mail requests
7 is what you're looking for, the log?

8 MR. GLEASON: The logs and the records. All
9 the logs and the records for that. And they're
10 electronic records so they should be --

11 THE COURT: Ms. Vicari, what is your response
12 to that? He wants the logs.

13 MS. VICARI: Yes. Your Honor, I wish there
14 was an overhead projector I could use.

15 THE COURT: I'm sorry?

16 MS. VICARI: I said I wish there was an
17 overhead projector I could use. Is there?

18 THE COURT: Yeah, I like visual aids, sure.

19 MS. VICARI: Is there one? Can you help?
20 It's in here somewhere?

21 MS. HAAS: No, it's in the back.

22 MS. VICARI: Oh, I can --

23 THE COURT: We also have a time constraint.
24 I've got until 10:30, so we have seven or eight
25 minutes.

1 MS. VICARI: May I approach the projector?

2 THE COURT: Of course, yes. Yes.

3 MS. VICARI: So Your Honor, I'm bringing this
4 just to clarify these are the exhibits that were
5 attached, the request that was previously made was
6 for. And you can see there with an indentation,
7 "copies of any and all logs, lists, and/or
8 documents of the Pinellas County voters who
9 requested Vote by Mail Ballot be mailed to them
10 for the August 20th primary election."

11 That was the request that was received.

12 And in response, Mr. Gleason was advised that
13 he would be entitled to the records after he filed
14 that oath. But then additionally, Mr. Chase
15 explained that the request is extremely broad,
16 that it would require 18,000 hours to compile
17 these logs, that under Florida law, the Supervisor
18 is entitled to charge a special service fee.

19 And later down, in 1, 2, 3, the fourth
20 paragraph it says, "We're prepared to work with
21 you to narrow the scope of your request to make it
22 more manageable and cost effective. For instance,
23 if there are specific types of logs or subsets of
24 information you are most interested, please let us
25 know. However, to precede, we invite you to

1 either narrow the scope of the request to reduce
2 the estimated time, or we can provide a full cost
3 estimate for processing the entire request as you
4 currently stated."

5 Your Honor, Mr. Gleason did not respond to
6 this email.

7 So there was an attempt made by the
8 Supervisor of Elections to potentially narrow the
9 response. They advised him there would be a
10 special service fee, and then they heard nothing.
11 And again, Your Honor, in order to receive these
12 records he would first have to file this Oath of
13 Acquisition, which he did do with the State in
14 June. It's -- the same documents can be received
15 from the State or from the Supervisor of Elections
16 directly.

17 So you know, the ball is really in his court,
18 Your Honor.

19 MR. GLEASON: Your Honor, that's not exact --

20 THE COURT: Well, hang on just a second. Are
21 you finished?

22 MS. VICARI: Yes, Your Honor.

23 THE COURT: Yeah, I wasn't sure they were
24 done, Mr. Gleason.

25 MR. GLEASON: Your Honor, that statement is

1 false.

2 THE COURT: Which statement was that?

3 MR. GLEASON: The one that she said that they
4 never heard back from me. I actually had made
5 numerous --

6 THE COURT: Do you have a copy of the email
7 with you that you responded back?

8 MR. GLEASON: I actually have it on video
9 because one of the requests that I made was a
10 verbal request at the Supervisor of Elections'
11 office.

12 THE COURT: Do you have a written email
13 response?

14 MR. GLEASON: I have several where they say
15 that they responded and they said that they would
16 be providing me the information in a timely
17 manner.

18 THE COURT: My question is, she's just shown
19 me that email. Do you acknowledge that email that
20 I just looked at?

21 MR. GLEASON: Yes.

22 THE COURT: All right. Did you respond to
23 that email with an email?

24 MR. GLEASON: No, I did not.

25 THE COURT: Did you respond in a separate

1 writing to that?

2 MR. GLEASON: Yes, Your Honor.

3 THE COURT: Do you have a copy of that
4 separate writing?

5 MR. GLEASON: Not with me.

6 THE COURT: Do you acknowledge you got a
7 separate written response? Because he just said
8 he gave a separate written response to that email.

9 MS. VICARI: No, Your Honor, we're not aware
10 of a separate written response.

11 THE COURT: You're not aware that you got a
12 separate written response from Mr. Gleason?

13 MS. VICARI: No.

14 THE COURT: Do you have a copy of the written
15 response?

16 MR. GLEASON: Not with me, Your Honor. I can
17 produce it.

18 THE COURT: But you don't have an e-mail
19 response?

20 MR. GLEASON: No.

21 THE COURT: Do you use written email in your
22 written communication?

23 MR. GLEASON: Yes, Your Honor.

24 THE COURT: As a matter of course? And
25 again, I'm not trying to invade your privacy here.

1 All right. Well, it seems to me at this
2 point, I think I agree with counsel. I think the
3 ball is in your court. She just showed me the
4 email. You're not showing me a response to it.
5 An email is out there.

6 I didn't see a deadline on the email. Is
7 there a cutoff time?

8 MS. VICARI: It says, "If the response is not
9 received within 30 days of the correspondence, we
10 will consider this closed."

11 THE COURT: And when was that?

12 MS. VICARI: Thursday, July 25th, 2024.

13 THE COURT: Any reason we can't give him a
14 30-day extension at this point of time?

15 MS. VICARI: No, Your Honor, we could agree
16 to that.

17 THE COURT: You will accept that,
18 Mr. Gleason?

19 MR. GLEASON: I will accept it. Here's the
20 issue --

21 THE COURT: I've got to stay on my point and
22 then I'll go to the issue you're raising.

23 Defendants are willing to extend that 30 days
24 they put in that email to give you 30 days to
25 respond back with an email. Does that work for

1 you at this point?

2 MR. GLEASON: I'll have it to them today.

3 THE COURT: Okay, but within 30 days.

4 So is that an agreement?

5 MR. GLEASON: That's fine, Your Honor.

6 THE COURT: I want the record to reflect the
7 parties have a stipulation. It's on the record
8 and it's real clear, okay?

9 MS. VICARI: Yes, Your Honor.

10 THE COURT: So we got that.

11 Then you said something about another issue,
12 Mr. Gleason. And we're getting ready to run out
13 of time.

14 MR. GLEASON: Yes, Your Honor, here's the
15 issue. I do actually have a verbal request for
16 that same information that I specified in the
17 email, and I specified for that verbally and I
18 have --

19 THE COURT: Who did you speak with?

20 MR. GLEASON: One of the -- Ashley. Ashley
21 from the Supervisor of Elections' office. And I
22 have it right here.

23 THE COURT: Is that it?

24 MS. VICARI: Your Honor, that is the first --

25 MR. GLEASON: She sent me an email confirming

1 that.

2 MS. VICARI: I don't know who Ashley is. Can
3 he provide more information? Dates? Times? Who
4 is Ashley. Did Ashley know she was being
5 recorded?

6 THE COURT: I think for purposes of these
7 proceedings -- now if there is a lawsuit and we're
8 going to go ahead and extend the 30 days to get
9 the response, I think probably bringing documents
10 to court is going to work best down the road as
11 opposed to he said/she said. I'm not trying to
12 take away that that happened. I'm not saying it
13 didn't. But I think it would be a lot easier to
14 get everything in writing as the litigation
15 progresses and plays out its course.

16 So right now I'm going to leave it to
17 Mr. Gleason is going to respond back to that
18 email. He has 30 days to do that. Otherwise,
19 you're going to assume it's moot at that point.

20 MS. VICARI: Yes, Your Honor.

21 THE COURT: And then we go from there.

22 I don't know who is going to be handling this
23 case. I was called in at the last minute to see
24 if I was available. I'm actually a retired judge
25 on senior duty. So I don't know actually who this

1 case is going to be assigned to in the normal
2 course of business, to give you a heads-up.

3 I will give a shout-out to Mr. Williford,
4 staff attorney, very responsive, and did a lot of
5 work on the case, got me educated a whole lot. I
6 still have a long way to go. Don't we all?

7 So I'm going to leave it at that for the
8 accelerated hearing. He is going to give you the
9 response and then you-all can do the email back
10 and forth to document everything.

11 Are you okay using email going forward?

12 MR. GLEASON: I prefer that.

13 THE COURT: Everything is documented when you
14 come to court. Hopefully you don't have to keep
15 coming to court, but as things unfold --

16 MR. GLEASON: Your Honor, this issue was
17 filed because I was planning on doing a challenge
18 of the election because of the multiple issues
19 that I observed.

20 THE COURT: When you say "election," which
21 election are you talking about?

22 MR. GLEASON: August 20th election.

23 THE COURT: The one that just happened?

24 MR. GLEASON: Yes.

25 THE COURT: When was the Complaint filed?

1 MR. GLEASON: It was filed on the day of the
2 election.

3 THE COURT: Oh, okay.

4 MR. GLEASON: Based on massive issues that
5 were identified that called into question the
6 legality of many -- actually all of the Mail-in
7 Ballots.

8 THE COURT: What would you like me to do
9 right now in this accelerated hearing?

10 MR. GLEASON: I would like you to issue an
11 Order to the defendants that they need to
12 immediately provide me with the requested
13 information once they have that signed statement
14 from me.

15 THE COURT: I'm going to let that play out
16 because I don't know what your response is going
17 to be.

18 MR. GLEASON: I'm telling you right now, Your
19 Honor, I'll send it and have it filed today.

20 THE COURT: And we can set another hearing as
21 this case unfolds. You might be seeking to put
22 out your own request for documents, set
23 depositions, interrogatories.

24 I don't issue subpoenas. It comes from the
25 clerk's office. If you want a subpoena or written

1 request to documents, you're entitled to all those
2 things. I know you told me you're not a lawyer,
3 but you're kind of held to the same rules that
4 apply in discovery. But you're entitled to a
5 request for production, interrogatories,
6 depositions, the whole gambit of discovery in the
7 litigation case.

8 So the case is still in the litigation mode.
9 They apparently just got served. They've got so
10 many days to give a response. And if you-all need
11 to set hearings for the Court, then you can set
12 hearings.

13 Emergency hearings are fairly stringent. The
14 requirements for emergency hearings are -- it's
15 pretty tough to get an emergency hearing.
16 Expedited hearings is just a function of usually
17 what judge and what's calendared, what's
18 available.

19 Right now I'm going to leave it at that at
20 the accelerated hearing. I'm going to wait for
21 the Supervisor of Elections' Office to get your
22 response and go from there. I know that's not all
23 you're asking for here this morning, but that's
24 about the best I can do right now given the time
25 constraints.

1 MS. VICARI: Your Honor, just briefly, so
2 within the Complaint, as I stated, there were two
3 requests. We talked about the second request that
4 was via email.

5 Is the Court going to address the other
6 records request that's at Paragraphs 14 and 15
7 which was alleged to be a verbal request? And if
8 so, Your Honor, we do have body cam footage of the
9 request being made, body cam of the sheriff's
10 office who was in the logic and accuracy testing
11 room. It is a very short, verification of records
12 from the sheriff's office to authenticate the
13 video.

14 THE COURT: Let me ask this. Can you put
15 those requests in writing and resubmit them?

16 MR. GLEASON: Yes, Your Honor.

17 THE COURT: Can you do that?

18 MR. GLEASON: Yes.

19 THE COURT: That way we don't have to start
20 bringing in all this stuff --

21 MR. GLEASON: Yes, Your Honor.

22 THE COURT: All right. You can do that
23 within the 30-day period?

24 MR. GLEASON: Yes, Your Honor.

25 THE COURT: Mr. Gleason is going to resubmit

1 it and put it all in writing, that way everything
2 is documented and we don't have a lot of video and
3 body cams and everything else you were talking
4 about.

5 Sorry to have to cut you short, but I've got
6 to keep the train kind of running here.

7 Before we leave, Mr. Gleason, anything else?

8 MR. GLEASON: No.

9 THE COURT: Obviously you put a whole lot of
10 time and effort in this case, and I appreciate it
11 and so has the defense, and Mr. Williford, our
12 staff attorney, he knows.

13 Stay safe, stay healthy and I don't know who
14 is going to be wearing the robe next time you
15 come, but it probably won't be me. And you all
16 will probably be happy about that.

17 Happy Labor Day weekend.

**IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT
IN AND FOR PINELLAS COUNTY, FLORIDA**

CHRISTOPHER GLEASON,

Plaintiff,

vs.

Case No. 24-003717-CI

JULIE MARCUS, et al

Defendant.

_____ /

**PLAINTIFF'S VERIFIED MOTION TO DISQUALIFY
JUDGE PATRICIA MUSCARELLA**

COMES NOW, Plaintiff Christopher Gleason, pro se, and pursuant to Rule 2.330 of the Florida Rules of Judicial Administration, respectfully moves this Court to enter an order disqualifying the Honorable Judge Patricia Muscarella from presiding over the above-captioned matter, case pursuant to Rule 2.330 of the Florida Rules of Judicial Administration and in support thereof states as follows:

1. Introduction

This motion is filed in good faith based upon facts and circumstances that would lead a reasonable person to fear that they would not receive a fair and impartial hearing or trial if Judge Muscarella continues to preside over this case.

2. Background

Plaintiff has been engaged in litigation against the Pinellas County Supervisor of Elections concerning allegations of unlawful concealment, delay, and alteration of public records and election records including Election Summary Reports, Precinct Summary Reports, illegal requests for vote by mail ballots, ballots being illegally and fraudulently cast and the illegal administration and illegal certification of elections using voting systems with no valid or legal certification in violation of Florida's Public Records Laws, Florida Election Code, Federal Election Code and election transparency requirements. In Case No. 23-6698, Judge Muscarella's repeated failure to rule on critical motions—particularly motions for judicial notice and discovery—combined with her failure to address serious irrefutable claims of voter disenfranchisement through the omission of thousands of blank ballots, has resulted in a well-grounded fear that Judge Muscarella cannot provide an impartial and fair hearing. Plaintiff is once again representing himself as a pro se litigant, but the ongoing issues in the present case are compounded by new evidence that suggests the Pinellas County Supervisor of Elections engaged in similar misconduct during the administration of the 2010 judicial election of Judge Patricia Muscarella. These allegations create an additional, direct conflict of interest.

3. Legal Standard

Rule 2.330(d)(1) of the Florida Rules of Judicial Administration states that a judge should be disqualified when the party fears that they will not receive a fair trial or hearing because of specifically alleged facts. The fear must be objectively reasonable. Under Canon 2A of the Florida Code of Judicial Conduct, judges must act at all times in a manner that promotes public confidence in the integrity and impartiality of the judiciary. Canon 3B(7) requires judges to rule on all matters promptly and fairly, which Judge Muscarella failed to do by not addressing critical motions in the prior case. Furthermore, Canon 3E(1) mandates recusal where a judge's

impartiality might reasonably be questioned. In this case, the combination of Judge Muscarella's prior failure to rule fairly on motions, her unfair treatment of a pro se litigant, and the direct conflict arising from the administration of her own 2010 election by the same Supervisor of Elections, clearly meets the legal standard for recusal. In *Livingston v. State*, 441 So. 2d 1083 (Fla. 1983), the Florida Supreme Court held that the test for judicial disqualification is whether a reasonably prudent person, knowing all the facts, would have a reasonable fear of not receiving a fair trial. Here, the totality of the circumstances, including the conflict involving Judge Muscarella's election and the pattern of her conduct in the prior case, fully supports recusal.

4. Facts Supporting Disqualification

The following facts, known to the undersigned, support a well-founded fear that the Judge is biased or prejudiced against the Plaintiff:

a. Plaintiff filed a motion for judicial notice, requesting the Court to acknowledge statutory requirements regarding the Supervisor of Elections' duties under Florida law, including the obligation to provide complete, unredacted and unaltered public records and official election records. Judge Muscarella failed to rule on this motion, depriving Plaintiff of the ability to have these fundamental legal points acknowledged by the Court.

b. In connection with Plaintiff's allegations of voter disenfranchisement through blank ballots and omissions in the election summary reports also known as the EL45A reports and the precinct level election reports also known as the EL30A reports, Plaintiff sought discovery to obtain critical evidence of the Supervisor of Elections' conduct. Judge Muscarella did not rule on the motion for discovery, effectively blocking Plaintiff from gathering evidence essential to proving his claims. This failure to allow full discovery was particularly prejudicial to Plaintiff,

who was acting pro se at the time and was disadvantaged in navigating complex procedural matters.

c. Plaintiff, previously a pro se litigant, was subject to unfair treatment during the earlier proceedings, in which Judge Muscarella failed to rule on essential motions and disregarded significant claims involving voter disenfranchisement and public records concealment and alteration by the Pinellas County Supervisor of Elections.

d. The Plaintiff, as a pro se litigant is bringing a contest of election challenge based on fraud, official misconduct, corrupt practices and further violations of the Florida Constitution, the United State Constitution, Florida Election Statutes, Federal Election Statutes, and now brings this motion in light of serious concerns regarding the administration of Judge Muscarella's own 2010 election by the Pinellas County Supervisor of Elections, implicating a conflict of interest.

e. Plaintiff filed a motion for judicial notice, requesting the Court to acknowledge statutory requirements regarding the Supervisor of Elections' duties under Florida law, including the obligation to provide complete, unredacted and unaltered public records and official election records. Judge Muscarella failed to rule on this motion, depriving Plaintiff of the ability to have these fundamental legal points acknowledged by the Court.

f. In connection with Plaintiff's allegations of voter disenfranchisement through blank ballots and omissions in the election summary reports also known as the EL45A reports and the precinct level election reports also known as the EL30A reports, Plaintiff sought discovery to obtain critical evidence of the Supervisor of Elections' conduct. Judge Muscarella did not rule on the motion for discovery, effectively blocking Plaintiff from gathering evidence essential to proving his claims. This failure to allow full discovery was particularly prejudicial to Plaintiff,

who was acting pro se at the time and was disadvantaged in navigating complex procedural matters.

g. During the previous proceeding, Plaintiff represented himself pro se and was subject to unfair treatment that further supports the reasonable belief that Judge Muscarella's handling of the case was biased. Courts have a duty to ensure pro se litigants receive fair treatment, yet Judge Muscarella's consistent failure to rule on key motions and to address substantive issues raised by Plaintiff, including substantial claims of voter disenfranchisement, demonstrates a lack of impartiality.

h. The Pinellas County Circuit Court's procedural delays and Judge Muscarella's refusal to allow discovery and take judicial notice effectively denied Plaintiff access to the evidence needed to substantiate his claims, while favoring the defense's arguments, including accepting without scrutiny the defense counsel's fraudulent misrepresentation regarding the statutory requirements for election reports. This unfair treatment of a pro se litigant raises serious ethical concerns under Florida's judicial canons.

i. Compounding these concerns is the fact that the issues being litigated in the current case involve similar allegations of unlawful election practices by the Supervisor of Elections that implicate the administration of the 2010 judicial election of Judge Patricia Muscarella. Plaintiff has obtained evidence indicating that the same practices involving the concealment of public records, the unlawful administration of elections using electronic voting systems that have modems attached voiding their certification and the failure to properly report voter data—including blank ballots, and vote by mail fraud—were employed during the election in which Judge Muscarella was elected.

j. This creates an inherent conflict of interest, as Judge Muscarella's impartiality is now in question, given that the allegations in this case directly relate to the actions of the Pinellas County Supervisor of Elections in administering her own election. A reasonable person, aware of these facts, would have a well-founded fear that Judge Muscarella cannot be impartial in ruling on a case that involves misconduct by the very office that oversaw her election.

5. Fear of Bias

Based on these facts, the undersigned genuinely fears that they will not receive a fair and impartial hearing or trial due to the judge's actions, statements, or relationships.

6. Timeliness

This motion is filed timely and within ten (10) days of discovering the facts that give rise to the fear of prejudice. Under Rule 2.330(e), the motion must be filed immediately upon discovery of the grounds for disqualification.

7. Relief Requested

WHEREFORE, the Plaintiff respectfully requests that this Honorable Court:

1. Enter an order disqualifying the Honorable Judge Patricia Muscarella from presiding over any further proceedings in this case.
2. Reassign this case to a different judge as provided under the rules governing the Sixth Judicial Circuit in Florida.

VERIFICATION

I, Christopher Gleason, hereby verify that the facts stated in this motion are true and correct to the best of my knowledge and belief.

Respectfully submitted,

/s/ Christopher Gleason

**MOTION FOR LEAVE TO AMEND COMPLAINT TO NAME KELLY L. VICARI AND
JARED D. KAHN AS CO-DEFENDANTS FOR CONSPIRACY AND OFFICIAL
MISCONDUCT**

COMES NOW the Plaintiff, Christopher Gleason, appearing pro se, and respectfully moves this Honorable Court for leave to amend the Verified Complaint to add Attorneys Kelly L. Vicari and Jared D. Kahn as co-defendants in this action, for their active participation in the conspiracy and official misconduct alleged in this case. In support of this Motion, Plaintiff states as follows:

1. Background and Introduction:

1. Plaintiff, Christopher Gleason, initially filed a Verified Complaint against Julie Marcus, Dustin Chase, Matt Smith, and others, alleging violations of Florida's Public Records Act, election fraud, and official misconduct.
2. Recent evidence, including the transcript from the hearing held on August 29, 2024, reveals that Attorneys Kelly L. Vicari and Jared D. Kahn, acting as legal representatives for the

Defendants, knowingly and willfully engaged in actions that facilitated, supported, and furthered the conspiracy and unlawful conduct, constituting violation of public records laws, violations of election laws and the Obstructing, delaying, or preventing the communication of information relating to the commission of felonies that directly involves or affects the government entity served by the public servant or public contractor.

2. Legal Grounds for Amending the Complaint:

3. Under Florida Rule of Civil Procedure 1.190(a), a party may amend a pleading once as a matter of course before a responsive pleading is served, or thereafter by leave of court, which should be freely given when justice so requires.

4. The inclusion of Attorneys Vicari and Kahn as co-defendants is justified based on their active participation in the conspiracy, their intentional misrepresentations to the court, and their role in obstructing the Plaintiff's lawful access to public records, in violation of Chapter 119, Florida Statutes, and Florida Statute § 838.022 (Official Misconduct).

3. Facts Supporting Amendment:

5. During the August 29, 2024, hearing, Attorney Kelly L. Vicari represented to the court that it would take 18,000 hours to generate the requested public records, a claim that was absurd and factually untrue, given that the records in question were electronic and could be produced within minutes. This was an intentional misrepresentation intended to delay and obstruct Plaintiff's access to records critical to his challenge of election irregularities.

6. Both Attorneys Vicari and Kahn imposed an unlawful requirement for Plaintiff to submit an Oath of Acquisition before being granted access to public records, despite the fact that no such

requirement exists under Florida law for electronic records. This was a deliberate attempt to impose unnecessary barriers and prevent Plaintiff from obtaining records that would expose illegal activities within the Supervisor of Elections Office.

7. These actions, when taken in concert with Defendants Julie Marcus, Dustin Chase, and Matt Smith, constitute an orchestrated effort to conceal evidence of election fraud and misconduct, and to deny the Plaintiff his lawful right to access public records, as guaranteed by the Florida Constitution, Article I, Section 24, and Florida Statute § 119.07.

4. Legal Justification for Naming Vicari and Kahn as Co-Defendants:

8. Under Florida law, conspiracy requires proof that two or more persons agreed to commit an unlawful act or a lawful act by unlawful means. The actions of Attorneys Vicari and Kahn, in conjunction with the existing Defendants, clearly demonstrate a coordinated effort to obstruct access to public records, delay the Plaintiff's investigation into election misconduct, and thereby violate Florida law.

9. Their conduct also violates Florida Bar Rules, specifically:

- Rule 4-3.3 (Candor Toward the Tribunal), by making false statements of material fact regarding the time required to produce public records.

- Rule 4-3.4 (Fairness to Opposing Party and Counsel), by imposing unlawful barriers to public records access.

10. Given these actions, Attorneys Vicari and Kahn acted beyond the scope of standard legal representation and actively participated in the conspiracy and official misconduct, thereby making them liable as co-defendants.

5. Plaintiff's Right to Amend and Pursue Claims Against All Responsible Parties:

11. Plaintiff is entitled to amend the complaint to include all parties who have engaged in wrongful conduct, especially those who have knowingly participated in or facilitated illegal actions that have harmed Plaintiff and violated his rights.

12. Allowing this amendment serves the interests of justice by ensuring that all individuals who participated in the conspiracy and official misconduct are held accountable.

6. Proposed Amendments to the Complaint:

13. Plaintiff seeks to amend the Verified Complaint to:

- Name Kelly L. Vicari and Jared D. Kahn as additional Defendants.
- Include factual allegations demonstrating their role in the conspiracy and official misconduct.
- Assert causes of action against Vicari and Kahn for their participation in violations of Florida Statute § 838.022 (Official Misconduct) and other applicable statutes.

7. No Prejudice to Defendants:

14. The proposed amendment does not prejudice the existing Defendants, as this Motion is based on facts that have emerged during the course of this litigation, and Attorneys Vicari and Kahn have had full knowledge of their actions and their implications in this matter.

WHEREFORE, Plaintiff respectfully requests that this Honorable Court grant leave to amend the Verified Complaint to include Kelly L. Vicari and Jared D. Kahn as co-defendants, and to allege their participation in the conspiracy and official misconduct as outlined above.

CERTIFICATION OF GOOD FAITH

I, Christopher Gleason, the Plaintiff appearing pro se, hereby certify that this Motion to Show Cause Regarding Sealing of Exhibits is made in good faith and is supported by a sound factual and legal basis. I have reviewed the relevant Florida rules, statutes, and case law, and believe that the relief requested is warranted under the law and necessary to ensure a fair and transparent resolution of this case.

Dated this 23th Day of September, 2024.

Respectfully submitted,

/s/ Christopher Gleason

**AFFIDAVIT OF CHRISTOPHER GLEASON
REGARDING CHAIN OF CUSTODY AND ANALYSIS FOR STATEWIDE
VOTE BY MAIL EARLY VOTING LIST**

**STATE OF FLORIDA
COUNTY OF PINELLAS**

BEFORE ME, the undersigned authority, personally appeared Christopher

Gleason, who, being duly sworn, deposes and says as follows:

1. Affiant's Identity:

My name is Christopher Gleason, and I am the plaintiff in the above-captioned case. I am over the age of 18, competent to make this affidavit, and have personal knowledge of the facts stated herein.

2. Purpose of Affidavit:

This affidavit is made to establish the chain of custody for the Statewide Vote By Mail Early Voting List (the "Voting List") that I obtained directly from the Florida Division of Elections at the following url:

<https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>

3. Acquisition of Voting List:

On or about and between the dates of 07/14/2024 – 09/29/2024, I personally accessed the Florida Division of Elections secure online system for authorized individuals as clearly stated in FL Stat 101.62 and FAC 1S-2.043. I used the following secure URL:

<https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>

provided to me by the Division of Elections to download the daily updates of the Statewide Vote By Mail Early Voting List.

4. Secure Download Process:

The Florida Division of Elections provided me access to the Voting List via the following secure link

<https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports> ,

which required my unique login credentials provided by the Division. These credentials were assigned specifically for my use as a registered recipient of the Voting List after directly registering with the State at the following url:

<https://countyballotfiles.floridados.gov/Account/Register>

5. Receipt of Voting List:

Upon logging into the secure platform between the dates of 07/14/2024 to 09/29/2024, I downloaded the Voting List, which was provided in .txt and/or .zip format. I saved the downloaded files directly to my computer under secure conditions, ensuring that the data was not altered.

6. Handling and Storage:

After downloading the Voting List, I took immediate steps to preserve the integrity of the data. The files were securely stored on my computer, which is protected by encryption and password protection. No unauthorized individuals had access to the Voting List from the time I downloaded it until it was submitted in connection with this case.

7. Integrity of the Data:

I affirm that the Voting List downloaded from the Florida Division of Elections has not been altered, modified, or tampered with in any way. The files I obtained are in the same condition as when I downloaded them directly from the Division's secure platform.

8. Submission of Voting List:

I am submitting the Voting List as evidence in this case. The data submitted is a true and accurate copy of what I obtained from the Florida Division of Elections, and it is presented in its original, unaltered form.

9. Affirmation of Chain of Custody:

I attest that I was the sole individual who downloaded, handled, and maintained the Voting List from the time of its acquisition until its submission in this case. The chain of custody has remained intact, and there have been no unauthorized accesses or alterations to the Voting List.

10. Illegally Requested Vote By Mail Ballots/ Altered Vote By Mail Election Records

I attest that on 09/03/2024 I reviewed the Pinellas County Vote By Mail Ballot Reports.

The Pinellas County Report showed that 219,675 Vote By Mail Ballots were requested on Sunday 06/23/2024. The Pinellas County Supervisor of Elections Office was closed for business on 06/23/2024.

I attest that on 09/29/2024 I reviewed the Pinellas County Report, it showed that there were now 20 Requests for Vote By Mail Ballots requested on 06/23/2024 and that now 198,166 requests for Vote By Mail Ballots were made on 09/09/2024.

11. Public Records Requests Made To Miami Dade and Pinellas County Supervisor of Elections Offices.

I attest that Public Records Requests were made to the Pinellas County Supervisor of Elections Office for the Public Records/ Election Records documenting the Vote By Mail Ballot Requests by voters.

An estimate of 18,000 hours to complete this task was provided. To provide the responsive records, this information would take less than 5 minutes to generate.

VR Systems publicly available product documentation for Vote By Mail Reports can be readily found available on the internet at the following url:

[https://content.vrsys.co/help/vf/Content/Vote by Mail/List of Vote-by-Mail Reports.htm](https://content.vrsys.co/help/vf/Content/Vote%20by%20Mail/List%20of%20Vote-by-Mail%20Reports.htm) See Exhibit 2

A request was made for the IP Addresses of the voters who made the Vote By Mail Ballot Requests on 06/23/2024 via the Supervisor of Elections Office.

See Exhibit 3

The Pinellas County Supervisor of Elections custodian of records stated that there were no “Responsive Records” related to these Vote By Mail Requests.

See Exhibit 4

This information could also be easily provided via the VR Systems Reporting Functionality as documented on the VR Systems publicly available website url:

[https://content.vrsys.co/help/vf/Content/Vote by Mail/Dialog Web Vote-by-Mail Request Queue.htm](https://content.vrsys.co/help/vf/Content/Vote%20by%20Mail/Dialog%20Web%20Vote-by-Mail%20Request%20Queue.htm) . See Exhibit 5

12. Numerous Requests For Vote By Mail Ballots Being Returned As Undeliverable Were Made

I attest that this information was never provided in a timely manner, despite the fact that to provide this information could have easily been generated in under 5 minutes. The information related to generating and processing undeliverable vote by mail ballots is well documented at the following publicly available VR Systems website url:

[https://content.vrsys.co/help/vf/Content/Voter Registration/How to Process Undeliverable Mail%20and%20Third-Party%20Address%20Changes.htm](https://content.vrsys.co/help/vf/Content/Voter%20Registration/How%20to%20Process%20Undeliverable%20Mail%20and%20Third-Party%20Address%20Changes.htm)

PLAINTIFF'S FIRST REQUEST FOR PRODUCTION OF DOCUMENTS

To Defendant: Julie Marcus

From: Plaintiff John Liccione

Case No.: 24-003939-CI, *John Liccione vs Julie Marcus, et al*

Plaintiff John Liccione hereby submits to Defendant Julie Marcus, Pinellas County Supervisor of Elections, this first Request for Production of Documents.

All non-privileged computer session and transaction logs and reports which captured and stored the computer forensic details, metadata, and voter data which together serve to document the submittal of vote-by-mail ballot requests to Pinellas County Supervisor of Elections' (SOE) computer systems directly over the Internet or otherwise, or indirectly through the computer systems of the SOE's contractors, or, loaded via physical insertion of removable storage devices (i.e., thumb drives, portable hard drives), **solely on the date of June 23, 2024:** Said metadata and data to include but not be limited to the following:

1. The source IP addresses of all vote-by-mail ballot requester user sessions and submittal transactions that resulted in the successful or unsuccessful submittal of vote-by-mail ballot requests.
2. The names, and addresses of the submitters.
3. The type of web client used to submit the requests.
4. The date/time of submittal.
5. The names and versions of each software application used to receive, process, store, and report out the above ballot requests, as was fielded in production on the date of June 23, 2024, and any subsequent versions the applications may have been updated to or roll-ed back from after June 23, 2024. SOE and contractor firewall logs which captured and recorded the above vote-by-mail ballot submittal sessions.

If Defendant Marcus or any SOE vendor working for SOE, such as VR Systems, claims privilege over any such data as legal grounds for not complying with this request, state the nature and legal grounds for the privilege and the reason which such information cannot be provided if maintained under court seal.

Respectfully submitted,

A handwritten signature in black ink that reads "John W. Liccione". The signature is written in a cursive style with a large, stylized 'J' and 'L'.

Dear John Liccione,

This will acknowledge receipt of your public records request. We are reviewing our records to determine if there are any records responsive to your request. Once this has been determined, we will provide either the records, or for more extensive requests, an estimate of the cost to provide these records.

You requested the following records:

"A .csv file or excel spreadsheet report showing the source IP address of each and every individual who submitted an absentee ballot request to the Pinellas Supervisor of Elections over the Internet on June 23, 2024. The report need not provide any personally identifiable information, just the following 2 columns: (1) Date/Time of submission; (2) Source IP Address of submitter. It is noted that this type of metadata is typically available as a cybersecurity standard practice in web server logs, firewall logs, cloud service provider (e.g., Cloudflare) reports, and other off-the-shelf IT logging and reporting systems. It would typically take an IT person with proper access credentials less than 30 minutes to generate it and export it to a csv or Excel file."

To inquire about the status of your public records request, please call 727-464-8683.

Thank you,

Communications Department,
Pinellas County Supervisor of Elections Office

Hi Chris,

I just submitted this laser-focused record request on source IP addresses of 6/23 ballot-requesters to the SOE in my persona as CEO of my new media company, "[The Crabber](#)," which I just incorporated on 8/15/24.

Initially, the requests are ordered by when they were added to the queue (that is, the *Date Added* column) and respective of the filters at the bottom of the dialog.

- Select to display **Single and All Elections**, or limit the grid display to only **All Elections** or only **Single Elections**.
- Leave the default **Max** number to display in the queue, which is 500 requests, or change the selection.

Note:

- Changing the Max setting to a significantly greater number may affect the system's response time to load and also re-load (after processing a request and returning to the grid) requests.
- The system retains changes to the Max setting. The next time you return to the dialog, your last setting remains in effect.

To sort by a different column or change the sort order (ascending or descending), click any column header.

For an overview of the Process Web Requests feature, see [About Vote-By-Mail Requests Submitted Online](#). To learn how to process both single and all-elections requests, review [Process Vote-By-Mail Requests Submitted Through Your Website](#).

Note: If your county uses [Vote-By-Mail Fraud Detection](#), web requests are intercepted before they enter the queue and are not released into the queue

until the Fraud Detection program is run.

Note: to VR Tower Counties In Website Maintenance, you can create a CSV list of request submitted on the website during a specified time period. Use the list to confirm that email notifications are going to the right recipients in the elections office and to verify that web requests are entering the request queue.

Process Undeliverable Mail and Third-Party Address Changes

This topic describes how to process undeliverable postal items and notices of a [voter address change from third-party](#) agencies.

Important:

For Undeliverable Mail Ballots—

- Do not process an undeliverable Vote-By-Mail ballot as undeliverable mail unless the package contains a change-of-address notice from the Postal Service.
- For undeliverable ballots without a third-party address change, follow the instructions in [Process an Undeliverable Vote-By-Mail Ballot](#).
- For ballots with an address change, refer the return as described in [Process an Undeliverable Vote-By-Mail Ballot](#). Then, [process the package as undeliverable mail](#) with a third-party address change, as described below.

When the Postal Service is unable to deliver mail (other than mail ballots) to a voter and returns it to your office, it should be processed as undeliverable mail. In addition to undeliverable postal items, the following items should also be processed as undeliverable mail:

- [Jury notices with changes of address](#)
- Changes of address from an NCOA vendor that your county is not processing using the [automated NCOA processing facility](#) provided in Voter Focus.
- HSMV lists of voters who have surrendered their Florida driver license in another state and have provided a new out-of-state address.

These items, plus undeliverable mail that includes a change-of-address notice, fall into the category of [third-party address changes](#). Depending on the type of address change (residential or mailing, in-county, or out-of-county) the proper notice will be scheduled to be sent to the voter requesting confirmation of the address change. A log is posted to the voter's audit noting the address change and the notice(s) scheduled.

The processing of undeliverable mail for which there is no change of address schedules the voter to receive a Final Notice and adds an entry to their audit log that the notice is scheduled. When the notice is sent, a record of that event is added to the Comms tab in the voter's record. Should a Final Notice be returned as undeliverable, no further communications are scheduled for the voter, and the voter will be placed in the queue of voters who are [ready to be made inactive](#). Should the voter subsequently request a mail

ballot or cast a ballot during an election, Voter Focus will remove them from the Inactive queue.

If a voter previously made an all-elections or FPCA Vote-By-Mail request, processing undeliverable mail with no change of address or an out-of-state address automatically triggers the cancellation of any outstanding Vote-By-Mail requests for future elections (unless a ballot has already been delivered) and sets the expiration date of the all-elections/FPCA request to today's date. The process also schedules a Cancelled Requests Notice to be sent to the voter.

To process undeliverable mail or a third-party address change:

1. Go to **VOTER REGISTRATION > Record Undeliverable Mail**.
2. Do one of the following:
 - **Scan First enabled**—On the **Process Undeliverable Mail** dialog, double-click on the desired row from the **Images** grid. The **Find a Voter** and **Batch Images** dialogs open. You can clip the signature area of the image, if one exists, to index a copy of the voter's signature. Otherwise, continue to the next step.
 - **Scan First disabled**—On the **Voter Management** dialog, accept today's date or enter an earlier date when the mail (or jury notice) was returned to your office and click **OK**. (The **Comms** tab in the voter's record will show this date in the **Date** column.) The **Find a Voter** dialog opens.
3. If you are working with a bar code wand, wand the bar code to open the voter's record; otherwise, do a local search by name. The **Undeliverable Mail** dialog opens with the voter's information in the fields.

4. Check the date in the **Last Activity Date** field and determine if you have had activity from this voter since you received the mail or jury notice in the office. If the date in **Last Activity Date** is earlier than the date the item arrived in the office, continue with the next step.

If the date in the **Last Activity Date** field is later than the date the item arrived, do not process the item, because the voter has either contacted the elections office or voted since you received it. Click **Close** to complete the procedure.

5. If your county wants the note *Address Update Required* to appear with the voter's name on subsequent precinct registers (and EViD screens), select **Change Status to "Address Update Required"**.
6. In the **Mail Type** box, select the type of item you are processing. You can toggle the list of options between **Classic Mail Types** and **Voter Mail Types**. The option **Other Mail** can be any item not covered by the other options, such as a sample ballot or a mail ballot. The selection in this box is sticky for this undeliverable mail session; once you select a mail type, it remains selected for the next voter unless

you change it. This lets you quickly process a batch of similar items for different voters.

Note:

- If the item is a combo card, select **Address Change Notice** as the mail type.
- If the voter was previously sent a Notice of Potential Ineligibility, the notice will also be listed in the **Mail Type** box.

7. Click one of the following:

- **No Address Change**—If the undeliverable item has no change-of-address notice. You will see the message *An Address Final Notice will be sent to the voter*. Click **OK** to finish processing the item. You can now restart this procedure to process undeliverable mail for another voter.
- **Forwarding Address**—If the item shows a change of address for the voter. If the mail type you selected does not match with sent mail records in the system, a message displays.

Verify that you have the right voter and have selected the correct type of mail item. If the mail was truly sent without being recorded in the system, click **OK** to continue processing the undeliverable mail.

Voter doesn't have a mailing address:

Voter has a mailing address:

8. When you finish recording undeliverable mail, go to **Printing > Notices Queue** to [print the notices](#). For [mail merge documents](#), mailing labels may also be printed.

You can view details about sent notices and temporary forwarding addresses from the [Audit](#) and [Comms](#) tabs in voter records.

Undeliverable mail processed by each user is included in the totals in the [Operator Additions and Changes](#) report.

**NOTICE OF REQUEST FOR COURT TO CONSIDER MOTION BASED ON
WRITTEN SUBMISSIONS WITHOUT HEARING**

The undersigned submits this Notice requesting that the Court consider Defendants', Julie Marcus, in her official capacity as Pinellas County Supervisor of Elections, Dustin Chase in his official capacity as Deputy Supervisor of Elections and Matt Smith in his official capacity as Legal Counsel for the Pinellas County Supervisor of Elections, non-evidentiary Motion, entitled **DEFENDANT'S MOTION TO DISMISS PLAINTIFF'S [UN]VERIFIED COMPLAINT**, filed on September 11, 2024, in the above-styled case, based only on the written submissions and without hearing pursuant to Administrative Order No. 2020-012 PA/PI-CIR.

The opposing party shall have fifteen (15) days after being served to file their argument and legal memorandum with citations of authority in opposition to the relief requested. On Monday, October 21, 2024, the Court may rule on the Motion at any time thereafter without further notice or hearing.

Plaintiff sought Priority Status in this case pursuant to Florida Rules of Judicial

Administration Rule 2.545(c)(1). This case was afforded an initial hearing and case management on August 29, 2024, a second hearing on September 19, 2024, where Plaintiff was instructed to respond to Defendant's Motion to Dismiss by September 25, 2024, and again on October 2, 2024, where the hearing on Defendants motion to dismiss was continued due to Plaintiff's attempt to recuse the assigned Judge. This matter must be resolved expeditiously.

**PLAINTIFF'S RENEWED MOTION FOR
RECUSAL/DISQUALIFICATION OF JUDGE PATRICIA MUSCARELLA
PURSUANT TO SECTION 38.10, FLORIDA STATUTES**

COMES NOW the Plaintiff, Christopher Gleason, appearing pro se, and hereby moves this Honorable Court for the recusal/disqualification of Judge Patricia Muscarella from presiding over this case pursuant to Section 38.10, Florida

Statutes, and Rule 2.330 of the Florida Rules of General Practice and Judicial Administration. In support of this Motion, Plaintiff submits the following:

I. LEGAL BASIS FOR RECUSAL/DISQUALIFICATION

1. Section 38.10, Florida Statutes states:

> "Whenever a party makes and files an affidavit stating fear that the party will not receive a fair trial on account of the prejudice of the judge, the judge shall proceed no further, but another judge shall be designated."

- The statutory mandate is unequivocal. When a party's affidavit alleges fear of prejudice, and it is legally sufficient, the presiding judge must cease further proceedings and transfer the case to another judge. The standard for sufficiency is grounded not in proof of actual prejudice but in the appearance of potential bias.

2. Florida Rule of General Practice and Judicial Administration 2.330 dictates that:

- A motion for disqualification must be granted if a reasonably prudent person in the movant's position would fear not receiving a fair and impartial trial before the assigned judge. The motion and accompanying affidavit(s) need only be "legally sufficient," a standard satisfied when the motion sets forth facts that, if true, would place a reasonable person in fear of judicial bias.

II. FACTUAL BASIS SUPPORTING DISQUALIFICATION

3. Plaintiff's fear that Judge Muscarella is prejudiced is well-founded, substantiated by his own sworn affidavit and corroborated by sworn affidavits from five witnesses. These affidavits establish a consistent pattern of judicial conduct that demonstrates actual bias or, at minimum, the appearance thereof.

III. GROUNDS FOR DISQUALIFICATION

A. Repeated Failure to Rule on Critical Motions:

- Judge Muscarella has consistently failed to rule on Plaintiff's motions for judicial notice, discovery, and other critical motions necessary to the litigation of this case. Florida jurisprudence establishes that undue delay or failure to rule on motions constitutes a denial of due process. As held in **State ex rel. Davis v. Parks**, 141 So. 2d 638 (Fla. 1932), justice delayed is justice denied, and such delays cast doubt on the impartiality and efficiency of the judiciary.

B. Evidence of Conflict of Interest:

- Plaintiff has obtained evidence indicating that the Pinellas County Supervisor of Elections engaged in similar electoral improprieties during Judge Muscarella's 2010 judicial election. This creates an irrefutable conflict of interest. As noted in **State ex rel. Mickler v. Rowe**, 126 So. 2d 129 (Fla. 1960), a judge must recuse themselves when an appearance of bias or impropriety exists. The conflict is not merely hypothetical but grounded in Plaintiff's evidence, demonstrating Judge Muscarella's potential vested interest in protecting the Defendant.

C. Improper Reliance on Defense Counsel's Representations:

- On September 19, 2024, Judge Muscarella admitted unfamiliarity with relevant election law and sought guidance from defense counsel, Mr. Jared Kahn, on how to proceed. This reliance on defense counsel's guidance over Plaintiff's arguments contravenes the judicial duty of impartiality, as articulated in **The Florida Bar v.*

Cox*, 794 So. 2d 1278 (Fla. 2001). The impartial role of a judge requires independent evaluation of the law, not deferring to one party's counsel.

D. Acceptance of Misrepresentations Without Verification:

- Defense counsel falsely claimed that Exhibit G contained information protected under Florida Statutes §§ 119.0725(2)(b) and (d), despite the information being widely accessible online. Judge Muscarella accepted this misrepresentation without requiring proof. In **Holloway v. State**, 342 So. 2d 966 (Fla. 1st DCA 1977), the court held that uncritically accepting one party's assertions is indicative of prejudice.

E. Disparate Treatment of Pro Se Litigant:

- The Florida judiciary recognizes the rights of pro se litigants to be treated fairly and *equitably* (*Platel v. Maguire, Voorhis & Wells, P.A.*, 436 So. 2d 303 (Fla. 5th DCA 1983)). Judge Muscarella's consistent deference to defense counsel and disregard for Plaintiff's arguments exhibits a clear bias against the Plaintiff as a self-represented litigant.

F. Prohibition on Recording Court Proceedings:

- Judge Muscarella's prohibition of recording court hearings is contrary to the principles of transparency mandated by *In re Petition of Post-Newsweek Stations, Florida, Inc.*, 370 So. 2d 764 (Fla. 1979). The absence of any valid basis for this restriction raises concerns about transparency and impartiality.

G. Excessive Sealing of Exhibits:

- The Florida Constitution, Article I, Section 24, and Chapter 119 of the Florida Statutes emphasize transparency and open government. Judge Muscarella's order to seal all exhibits without using the least restrictive means violates Rule 2.420, Florida Rules of General Practice and Judicial Administration, and raises further concerns about her impartiality. As ruled in *Barron v. Florida Freedom Newspapers, Inc.*, 531 So. 2d 113 (Fla. 1988), excessive secrecy is inimical to the public interest.

IV. AFFIDAVITS IN SUPPORT OF MOTION

4. Plaintiff's Affidavit is attached hereto, setting forth detailed facts substantiating the claim of bias and prejudice.

5. Affidavits of Five Witnesses are attached, corroborating Plaintiff's assertions of judicial bias and confirming specific incidents that exemplify Judge Muscarella's partiality.

- Each affidavit attests to observations of Judge Muscarella's statements, rulings, demeanor, and conduct that display a clear bias against Plaintiff, as well as her overt favoritism toward defense counsel, Mr. Jared Kahn.

V. LEGAL ANALYSIS

6. Florida courts have consistently upheld that a judge must be disqualified where there is an objectively reasonable fear of bias. The Plaintiff's allegations, supported by multiple sworn affidavits, provide ample grounds for such fear.

- *In MacKenzie v. Super Kids Bargain Store, Inc.*, 565 So. 2d 1332 (Fla. 1990), the Florida Supreme Court reaffirmed that disqualification is appropriate where a party harbors a well-founded fear of not receiving a fair trial, even in the absence of proven actual bias.

- In *Livingston v. State*, 441 So. 2d 1083 (Fla. 1983), the Court held that the appearance of justice must be maintained, stating, "It is the very essence of a fair trial that the judge be impartial and that there be an appearance of impartiality."

VI. CONCLUSION

7. Based on the detailed facts and legal authorities presented, it is evident that Judge Patricia Muscarella's continued involvement in this case would undermine Plaintiff's constitutional right to a fair and impartial trial.

8. The facts, when viewed objectively, establish a reasonable fear of prejudice that warrants the immediate disqualification of Judge Muscarella under Section 38.10, Florida Statutes, and Rule 2.330 of the Florida Rules of General Practice and Judicial Administration.

WHEREFORE, Plaintiff respectfully requests that:

1. This Honorable Court GRANT Plaintiff's Motion for Recusal/Disqualification.
2. This matter be reassigned to another judge who can ensure the fair, impartial, and just adjudication of Plaintiff's claims.

CERTIFICATE OF GOOD FAITH

I, Christopher Gleason, certify that this motion is made in good faith and not for purposes of delay. The facts presented are true to the best of my knowledge and belief, and I genuinely fear that I will not receive a fair trial if Judge Muscarella continues to preside.

Respectfully submitted,

/s/ Christopher Gleason

**CASE NO.: 24-003717-CI

v.

JULIE MARCUS,

in her official capacity as

Pinellas County Supervisor of Elections; et al.,

Defendants.

**AFFIDAVIT OF CHRISTOPHER GLEASON IN SUPPORT OF RENEWED
MOTION FOR DISQUALIFICATION**

**STATE OF FLORIDA
COUNTY OF PINELLAS**

**BEFORE ME, the undersigned authority, personally appeared CHRISTOPHER
GLEASON, who, being first duly sworn, deposes and states as follows:**

1. My name is Christopher Gleason, and I am the Plaintiff in the above-captioned case currently pending before the Circuit Court of the Sixth Judicial Circuit in and for Pinellas County, Florida.

2. I am over the age of 18, competent to testify, and make this affidavit based on my personal knowledge and belief.

3. I have a well-founded fear that I will not receive a fair trial in this case due to the demonstrated bias and prejudice of the presiding judge, the Honorable Judge Muscarella. This fear is reasonable and based on the following facts and circumstances:

A. Reliance on Defense Counsel's Misrepresentations

4. Throughout the proceeding, Judge Muscarella has consistently relied on the representations and arguments made by defense counsel, Mr. Jared Kahn, without independent verification or examination of the accuracy and legal validity of these statements.

5. Specifically, defense counsel misrepresented the legal status of Exhibit G by claiming that it contained critical infrastructure information protected under Florida Statutes §§ 119.0725(2)(b) and (d). Despite there being no valid basis or supporting evidence for such a claim, Judge Muscarella accepted these assertions without requiring defense counsel to provide proof or further clarification.

6. By adopting the defense counsel's misrepresentations, Judge Muscarella has shown a lack of impartiality and a predisposition to favor the defense's position, thereby undermining my confidence in her ability to preside over this case fairly and without bias.

B. Disregard for My Rights as a Pro Se Litigant

7. I am representing myself in this matter as a pro se litigant, which places me at a disadvantage compared to the represented defendants. It is my understanding that as a pro se litigant, I am entitled to the same fair treatment, consideration, and

protection of my rights as any other party appearing before the court, regardless of whether I have legal representation.

8. Despite this, Judge Muscarella has demonstrated a consistent pattern of favoring the defense's arguments and legal positions while disregarding or dismissing my legitimate legal arguments and evidence.

9. On multiple occasions, Judge Muscarella sought guidance and clarification from defense counsel regarding legal procedures and the interpretation of the law. This conduct suggests that Judge Muscarella is improperly relying on defense counsel's advice to guide the proceedings, rather than independently evaluating the issues and ensuring that both parties receive equal and fair treatment under the law.

10. The court's deference to defense counsel has created an imbalance in the proceedings and a well-founded fear that Judge Muscarella is not providing me, as a pro se litigant, the fair and impartial trial to which I am entitled under Florida law.

C. Unjustified Prohibition on Recording Court Proceedings

11. During the course of these proceeding, Judge Muscarella issued an order prohibiting the recording of court hearings, without providing any valid legal basis or compelling justification for such a restriction.

12. As a pro se litigant, I rely on the ability to record court proceedings to ensure that I have an accurate record of the hearings, which is essential for preserving my right to appeal or seek review of any adverse rulings. The prohibition on recording has significantly hindered my ability to protect my legal interests and maintain an accurate record of these proceedings.

13. The Florida Supreme Court has held that court proceedings should be open to the public and that recording should be permitted unless there is a compelling reason to restrict it (**In re Petition of Post-Newsweek Stations, Florida, Inc. **, *370 So. 2d 764 (Fla. 1979)*). Judge Muscarella's prohibition on recording, without a valid justification, raises concerns about transparency and suggests an attempt to limit public scrutiny, further contributing to my fear of bias.

D. Appearance of Impropriety and Bias

14. The Florida Supreme Court has made it clear that a judge should be disqualified if the facts create a reasonable fear that a party will not receive a fair trial (**MacKenzie v. Super Kids Bargain Store, Inc.**, 565 So. 2d 1332 (Fla. 1990)). The appearance of impropriety, partiality, or favoritism is sufficient grounds for recusal.

15. Based on the totality of the circumstances, including Judge Muscarella's reliance on defense counsel's guidance, disregard for my rights as a pro se litigant, and the unjustified prohibition on recording court proceedings, I have a well-founded fear that Judge Muscarella is biased and unable to preside over this case impartially.

16. Statement of Good Faith

16. I make this affidavit in good faith and not for the purpose of delay. I genuinely fear that I will not receive a fair and impartial trial if Judge Muscarella continues to preside over this case.

WHEREFORE, I respectfully request that Judge Muscarella be disqualified from this case pursuant to Section 38.10, Florida Statutes, and that this matter be reassigned to another judge who can ensure that I receive a fair and impartial trial.

AFFIDAVIT OF Regina Hansen
REGARDING JUDGE MUSCARELLA'S IMPARTIALITY

STATE OF FLORIDA

COUNTY OF PINELLAS

BEFORE ME, the undersigned authority, personally appeared Regina Hansen
who, being first duly sworn, deposes and states as follows:

1. My name is Regina Hansen, and I am over the age of 18, competent to testify, and make this affidavit based on my personal knowledge and observations.
2. I am not a party to the above-captioned case involving Plaintiff Christopher Gleason and Defendant Julie Marcus, nor do I have any personal interest in the outcome of this litigation. I attended the court proceedings involving this case as an observer on 9-19-24, and my observations are based on what I personally witnessed during these proceedings.
3. I observed the conduct and demeanor of Judge Patricia Muscarella during the court proceedings, and I have a well-founded belief that she did not act impartially and that Plaintiff Christopher Gleason was not treated fairly due to the judge's demonstrated bias and favoritism toward the defendant and their legal counsel, Mr. Jared Kahn.

A. Judge Muscarella's Reliance on Defense Counsel's Legal Guidance

4. During the proceedings, I witnessed Judge Muscarella repeatedly seek guidance and clarification from defense counsel, Mr. Jared Kahn, regarding legal procedures

and interpretations of the law. On multiple occasions, the judge asked Mr. Kahn for his opinion on how to proceed, and she appeared to rely on his statements without independent verification or consideration of the Plaintiff's arguments.

5. Specifically, Judge Muscarella accepted Mr. Kahn's representation that Exhibit G contained critical infrastructure information protected under Florida Statutes §§ 119.0725(2)(b) and (d), despite the absence of any statutory basis or evidence provided to support this claim. Judge Muscarella did not question or challenge Mr. Kahn's statements, even though Plaintiff Christopher Gleason attempted to raise concerns and objections regarding the accuracy of the defense counsel's assertions.

6. In my opinion, Judge Muscarella's reliance on Mr. Kahn's guidance demonstrated a lack of impartiality and an appearance of bias in favor of the defense. This behavior suggested that the judge was not acting as a neutral arbiter but rather as someone influenced by the defendant's legal counsel.

B. Failure to Provide Fair Treatment to Pro Se Plaintiff

7. I was aware that Christopher Gleason was representing himself as a pro se litigant, and I observed that Judge Muscarella did not extend the same level of consideration or assistance to him as she did to the defense counsel. While Mr. Kahn was given ample opportunity to present his arguments and legal positions, Judge Muscarella frequently interrupted or dismissed Mr. Gleason's attempts to raise legal points or address issues related to the case.

8. There were several instances where Judge Muscarella appeared impatient or dismissive when Mr. Gleason tried to present his arguments, whereas she showed deference and attentiveness to defense counsel's submissions. This unequal treatment gave me the impression that Judge Muscarella was biased against Mr.

Gleason and was not providing him with the fair and equal opportunity to present his case.

9. I am aware, based on my knowledge of the law, that judges have a duty to ensure that pro se litigants are treated fairly and are not disadvantaged simply because they do not have legal representation. In this case, Judge Muscarella failed to uphold this duty, which raised concerns about her ability to preside impartially over the proceedings.

C. Unjustified Prohibition on Recording Court Proceedings

10. During the proceedings, Judge Muscarella issued an order prohibiting the recording of the hearings, without providing a valid legal basis or compelling justification for this restriction. I found this decision troubling, as it limited the transparency of the court proceedings and prevented Mr. Gleason from maintaining an accurate record of what transpired, which is crucial for a pro se litigant who may need to rely on such a record for appeals or further legal action.

11. The prohibition on recording was not consistent with the principles of open and public judicial proceedings as established by the Florida Supreme Court in **In re Petition of Post-Newsweek Stations, Florida, Inc.**, 370 So. 2d 764 (Fla. 1979), which emphasizes the importance of transparency and the public's right to access court proceedings. Judge Muscarella's decision to prevent recording appeared to serve no purpose other than to limit scrutiny, reinforcing my perception that Mr. Gleason was not being treated fairly.

D. Appearance of Impropriety and Bias

12. Based on my observations, it is my belief that Judge Muscarella's conduct throughout the proceedings demonstrated a clear appearance of bias and impropriety. The combination of her reliance on defense counsel's legal

interpretations, her disregard for Mr. Gleason's rights as a pro se litigant, and her decision to prohibit recordings created an environment where it was evident that the Plaintiff was not receiving a fair trial.

13. In my opinion, a reasonably prudent person observing the proceedings would have serious concerns about Judge Muscarella's impartiality and would fear that Christopher Gleason could not receive a fair and impartial trial. The judge's conduct violated the principles of judicial fairness and impartiality and was inconsistent with the standards expected of a judge as articulated in *MacKenzie v. Super Kids Bargain Store, Inc.*, 565 So. 2d 1332 (Fla. 1990), which emphasizes that even the appearance of bias or impropriety is sufficient to warrant a judge's disqualification.

E. Statement of Good Faith

14. I make this affidavit in good faith and not for any improper purpose. I am providing this testimony to support the Plaintiff's efforts to seek a fair and impartial trial before a judge who can objectively and fairly adjudicate this matter.

I observed the conduct and demeanor of Judge Patricia Muscarella during the court proceedings, and I have a well-founded belief that she did not act impartially and that Plaintiff Christopher Gleason was not treated fairly due to the judge's demonstrated bias and favoritism toward the defendant and their legal counsel, Mr. Jared Kahn.

A. Judge Muscarella's Reliance on Defense Counsel's Legal Guidance

4. During the proceedings, I witnessed Judge Muscarella repeatedly seek guidance and clarification from defense counsel, Mr. Jared Kahn, regarding legal procedures

and interpretations of the law. On multiple occasions, the judge asked Mr. Kahn for his opinion on how to proceed, and she appeared to rely on his statements without independent verification or consideration of the Plaintiff's arguments.

5. Specifically, Judge Muscarella accepted Mr. Kahn's representation that Exhibit G contained critical infrastructure information protected under Florida Statutes §§ 119.0725(2)(b) and (d), despite the absence of any statutory basis or evidence provided to support this claim. Judge Muscarella did not question or challenge Mr. Kahn's statements, even though Plaintiff Christopher Gleason attempted to raise concerns and objections regarding the accuracy of the defense counsel's assertions.

6. In my opinion, Judge Muscarella's reliance on Mr. Kahn's guidance demonstrated a lack of impartiality and an appearance of bias in favor of the defense. This behavior suggested that the judge was not acting as a neutral arbiter but rather as someone influenced by the defendant's legal counsel.

B. Failure to Provide Fair Treatment to Pro Se Plaintiff

7. I was aware that Christopher Gleason was representing himself as a pro se litigant, and I observed that Judge Muscarella did not extend the same level of consideration or assistance to him as she did to the defense counsel. While Mr. Kahn was given ample opportunity to present his arguments and legal positions, Judge Muscarella frequently interrupted or dismissed Mr. Gleason's attempts to raise legal points or address issues related to the case.

8. There were several instances where Judge Muscarella appeared impatient or dismissive when Mr. Gleason tried to present his arguments, whereas she showed deference and attentiveness to defense counsel's submissions. This unequal treatment gave me the impression that Judge Muscarella was biased against Mr.

Gleason and was not providing him with the fair and equal opportunity to present his case.

9. I am aware, based on my knowledge of the law, that judges have a duty to ensure that pro se litigants are treated fairly and are not disadvantaged simply because they do not have legal representation. In this case, Judge Muscarella failed to uphold this duty, which raised concerns about her ability to preside impartially over the proceedings.

C. Unjustified Prohibition on Recording Court Proceedings

10. During the proceedings, Judge Muscarella issued an order prohibiting the recording of the hearings, without providing a valid legal basis or compelling justification for this restriction. I found this decision troubling, as it limited the transparency of the court proceedings and prevented Mr. Gleason from maintaining an accurate record of what transpired, which is crucial for a pro se litigant who may need to rely on such a record for appeals or further legal action.

11. The prohibition on recording was not consistent with the principles of open and public judicial proceedings as established by the Florida Supreme Court in **In re Petition of Post-Newsweek Stations, Florida, Inc.**, 370 So. 2d 764 (Fla. 1979), which emphasizes the importance of transparency and the public's right to access court proceedings. Judge Muscarella's decision to prevent recording appeared to serve no purpose other than to limit scrutiny, reinforcing my perception that Mr. Gleason was not being treated fairly.

D. Appearance of Impropriety and Bias

12. Based on my observations, it is my belief that Judge Muscarella's conduct throughout the proceedings demonstrated a clear appearance of bias and impropriety. The combination of her reliance on defense counsel's legal

interpretations, her disregard for Mr. Gleason's rights as a pro se litigant, and her decision to prohibit recordings created an environment where it was evident that the Plaintiff was not receiving a fair trial.

13. In my opinion, a reasonably prudent person observing the proceedings would have serious concerns about Judge Muscarella's impartiality and would fear that Christopher Gleason could not receive a fair and impartial trial. The judge's conduct violated the principles of judicial fairness and impartiality and was inconsistent with the standards expected of a judge as articulated in *MacKenzie v. Super Kids Bargain Store, Inc.*; 565 So. 2d 1332 (Fla. 1990), which emphasizes that even the appearance of bias or impropriety is sufficient to warrant a judge's disqualification.

E. Statement of Good Faith

14. I make this affidavit in good faith and not for any improper purpose. I am providing this testimony to support the Plaintiff's efforts to seek a fair and impartial trial before a judge who can objectively and fairly adjudicate this matter.

**IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT
IN AND FOR PINELLAS COUNTY, FLORIDA**

CHRISTOPHER GLEASON,

Plaintiff,

vs.

Case No. 24-003995-CI

JULIE MARCUS, et al

Defendant.

**PLAINTIFF'S VERIFIED MOTION TO DISQUALIFY
JUDGE PATRICIA MUSCARELLA**

COMES NOW, Plaintiff Christopher Gleason, pro se, and pursuant to Rule 2.330 of the Florida Rules of Judicial Administration, respectfully moves this Court to enter an order disqualifying the Honorable Judge Patricia Muscarella from presiding over the above-captioned matter, case pursuant to Rule 2.330 of the Florida Rules of Judicial Administration and in support thereof states as follows:

1. Introduction

This motion is filed in good faith based upon facts and circumstances that would lead a reasonable person to fear that they would not receive a fair and impartial hearing or trial if Judge Muscarella continues to preside over this case.

2. Background

Plaintiff has been engaged in litigation against the Pinellas County Supervisor of Elections concerning allegations of unlawful concealment, delay, and alteration of public records and election records including Election Summary Reports, Precinct Summary Reports, illegal requests for vote by mail ballots, ballots being illegally and fraudulently cast and the illegal administration and illegal certification of elections using voting systems with no valid or legal certification in violation of Florida's Public Records Laws, Florida Election Code, Federal Election Code and election transparency requirements. In Case No. 23-6698, Judge Muscarella's repeated failure to rule on critical motions—particularly motions for judicial notice and discovery—combined with her failure to address serious irrefutable claims of voter disenfranchisement through the omission of thousands of blank ballots, has resulted in a well-grounded fear that Judge Muscarella cannot provide an impartial and fair hearing. Plaintiff is once again representing himself as a pro se litigant, but the ongoing issues in the present case are compounded by new evidence that suggests the Pinellas County Supervisor of Elections engaged in similar misconduct during the administration of the 2010 judicial election of Judge Patricia Muscarella. These allegations create an additional, direct conflict of interest.

3. Legal Standard

Rule 2.330(d)(1) of the Florida Rules of Judicial Administration states that a judge should be disqualified when the party fears that they will not receive a fair trial or hearing because of specifically alleged facts. The fear must be objectively reasonable. Under Canon 2A of the Florida Code of Judicial Conduct, judges must act at all times in a manner that promotes public confidence in the integrity and impartiality of the judiciary. Canon 3B(7) requires judges to rule on all matters promptly and fairly, which Judge Muscarella failed to do by not addressing critical motions in the prior case. Furthermore, Canon 3E(1) mandates recusal where a judge's

impartiality might reasonably be questioned. In this case, the combination of Judge Muscarella's prior failure to rule fairly on motions, her unfair treatment of a pro se litigant, and the direct conflict arising from the administration of her own 2010 election by the same Supervisor of Elections, clearly meets the legal standard for recusal. In *Livingston v. State*, 441 So. 2d 1083 (Fla. 1983), the Florida Supreme Court held that the test for judicial disqualification is whether a reasonably prudent person, knowing all the facts, would have a reasonable fear of not receiving a fair trial. Here, the totality of the circumstances, including the conflict involving Judge Muscarella's election and the pattern of her conduct in the prior case, fully supports recusal.

4. Facts Supporting Disqualification

The following facts, known to the undersigned, support a well-founded fear that the Judge is biased or prejudiced against the Plaintiff:

a. Plaintiff filed a motion for judicial notice, requesting the Court to acknowledge statutory requirements regarding the Supervisor of Elections' duties under Florida law, including the obligation to provide complete, unredacted and unaltered public records and official election records. Judge Muscarella failed to rule on this motion, depriving Plaintiff of the ability to have these fundamental legal points acknowledged by the Court.

b. In connection with Plaintiff's allegations of voter disenfranchisement through blank ballots and omissions in the election summary reports also known as the EL45A reports and the precinct level election reports also known as the EL30A reports, Plaintiff sought discovery to obtain critical evidence of the Supervisor of Elections' conduct. Judge Muscarella did not rule on the motion for discovery, effectively blocking Plaintiff from gathering evidence essential to proving his claims. This failure to allow full discovery was particularly prejudicial to Plaintiff,

who was acting pro se at the time and was disadvantaged in navigating complex procedural matters.

c. Plaintiff, previously a pro se litigant, was subject to unfair treatment during the earlier proceedings, in which Judge Muscarella failed to rule on essential motions and disregarded significant claims involving voter disenfranchisement and public records concealment and alteration by the Pinellas County Supervisor of Elections.

d. The Plaintiff, as a pro se litigant is bringing a contest of election challenge based on fraud, official misconduct, corrupt practices and further violations of the Florida Constitution, the United State Constitution, Florida Election Statutes, Federal Election Statutes, and now brings this motion in light of serious concerns regarding the administration of Judge Muscarella's own 2010 election by the Pinellas County Supervisor of Elections, implicating a conflict of interest.

e. Plaintiff filed a motion for judicial notice, requesting the Court to acknowledge statutory requirements regarding the Supervisor of Elections' duties under Florida law, including the obligation to provide complete, unredacted and unaltered public records and official election records. Judge Muscarella failed to rule on this motion, depriving Plaintiff of the ability to have these fundamental legal points acknowledged by the Court.

f. In connection with Plaintiff's allegations of voter disenfranchisement through blank ballots and omissions in the election summary reports also known as the EL45A reports and the precinct level election reports also known as the EL30A reports, Plaintiff sought discovery to obtain critical evidence of the Supervisor of Elections' conduct. Judge Muscarella did not rule on the motion for discovery, effectively blocking Plaintiff from gathering evidence essential to proving his claims. This failure to allow full discovery was particularly prejudicial to Plaintiff,

who was acting pro se at the time and was disadvantaged in navigating complex procedural matters.

g. During the previous proceeding, Plaintiff represented himself pro se and was subject to unfair treatment that further supports the reasonable belief that Judge Muscarella's handling of the case was biased. Courts have a duty to ensure pro se litigants receive fair treatment, yet Judge Muscarella's consistent failure to rule on key motions and to address substantive issues raised by Plaintiff, including substantial claims of voter disenfranchisement, demonstrates a lack of impartiality.

h. The Pinellas County Circuit Court's procedural delays and Judge Muscarella's refusal to allow discovery and take judicial notice effectively denied Plaintiff access to the evidence needed to substantiate his claims, while favoring the defense's arguments, including accepting without scrutiny the defense counsel's fraudulent misrepresentation regarding the statutory requirements for election reports. This unfair treatment of a pro se litigant raises serious ethical concerns under Florida's judicial canons.

i. Compounding these concerns is the fact that the issues being litigated in the current case involve similar allegations of unlawful election practices by the Supervisor of Elections that implicate the administration of the 2010 judicial election of Judge Patricia Muscarella. Plaintiff has obtained evidence indicating that the same practices involving the concealment of public records, the unlawful administration of elections using electronic voting systems that have modems attached voiding their certification and the failure to properly report voter data—including blank ballots, and vote by mail fraud—were employed during the election in which Judge Muscarella was elected.

j. This creates an inherent conflict of interest, as Judge Muscarella's impartiality is now in question, given that the allegations in this case directly relate to the actions of the Pinellas County Supervisor of Elections in administering her own election. A reasonable person, aware of these facts, would have a well-founded fear that Judge Muscarella cannot be impartial in ruling on a case that involves misconduct by the very office that oversaw her election.

5. Fear of Bias

Based on these facts, the undersigned genuinely fears that they will not receive a fair and impartial hearing or trial due to the judge's actions, statements, or relationships.

6. Timeliness

This motion is filed timely and within ten (10) days of discovering the facts that give rise to the fear of prejudice. Under Rule 2.330(e), the motion must be filed immediately upon discovery of the grounds for disqualification.

7. Relief Requested

WHEREFORE, the Plaintiff respectfully requests that this Honorable Court:

1. Enter an order disqualifying the Honorable Judge Patricia Muscarella from presiding over any further proceedings in this case.
2. Reassign this case to a different judge as provided under the rules governing the Sixth Judicial Circuit in Florida.

VERIFICATION

I, Christopher Gleason, hereby verify that the facts stated in this motion are true and correct to the best of my knowledge and belief.

Respectfully submitted,

/s/ Christopher Gleason

**AFFIDAVIT OF CHRISTOPHER GLEASON
REGARDING CHAIN OF CUSTODY AND ANALYSIS FOR STATEWIDE
VOTE BY MAIL EARLY VOTING LIST**

**STATE OF FLORIDA
COUNTY OF PINELLAS**

BEFORE ME, the undersigned authority, personally appeared Christopher
Gleason, who, being duly sworn, deposes and says as follows:

1. Affiant's Identity:

My name is Christopher Gleason, and I am the plaintiff in the above-captioned case. I am over the age of 18, competent to make this affidavit, and have personal knowledge of the facts stated herein.

2. Purpose of Affidavit:

This affidavit is made to establish the chain of custody for the Statewide Vote By Mail Early Voting List (the "Voting List") that I obtained directly from the Florida Division of Elections at the following url:

<https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>

3. Acquisition of Voting List:

On or about and between the dates of 07/14/2024 – 09/29/2024, I personally accessed the Florida Division of Elections secure online system for authorized individuals as clearly stated in FL Stat 101.62 and FAC 1S-2.043. I used the following secure URL:

<https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports>

provided to me by the Division of Elections to download the daily updates of the Statewide Vote By Mail Early Voting List.

4. Secure Download Process:

The Florida Division of Elections provided me access to the Voting List via the following secure link

<https://countyballotfiles.floridados.gov/VoteByMailEarlyVotingReports/Reports> ,

which required my unique login credentials provided by the Division. These credentials were assigned specifically for my use as a registered recipient of the Voting List after directly registering with the State at the following url:

<https://countyballotfiles.floridados.gov/Account/Register>

5. Receipt of Voting List:

Upon logging into the secure platform between the dates of 07/14/2024 to 09/29/2024, I downloaded the Voting List, which was provided in .txt and/or .zip format. I saved the downloaded files directly to my computer under secure conditions, ensuring that the data was not altered.

6. Handling and Storage:

After downloading the Voting List, I took immediate steps to preserve the integrity of the data. The files were securely stored on my computer, which is protected by encryption and password protection. No unauthorized individuals had access to the Voting List from the time I downloaded it until it was submitted in connection with this case.

7. Integrity of the Data:

I affirm that the Voting List downloaded from the Florida Division of Elections has not been altered, modified, or tampered with in any way. The files I obtained are in the same condition as when I downloaded them directly from the Division's secure platform.

8. Submission of Voting List:

I am submitting the Voting List as evidence in this case. The data submitted is a true and accurate copy of what I obtained from the Florida Division of Elections, and it is presented in its original, unaltered form.

9. Affirmation of Chain of Custody:

I attest that I was the sole individual who downloaded, handled, and maintained the Voting List from the time of its acquisition until its submission in this case. The chain of custody has remained intact, and there have been no unauthorized accesses or alterations to the Voting List.

10. Illegally Requested Vote By Mail Ballots/ Altered Vote By Mail Election Records

I attest that on 09/03/2024 I reviewed the Pinellas County Vote By Mail Ballot Reports.

The Pinellas County Report showed that 219,675 Vote By Mail Ballots were requested on Sunday 06/23/2024. The Pinellas County Supervisor of Elections Office was closed for business on 06/23/2024.

I attest that on 09/29/2024 I reviewed the Pinellas County Report, it showed that there were now 20 Requests for Vote By Mail Ballots requested on 06/23/2024 and that now 198,166 requests for Vote By Mail Ballots were made on 09/09/2024.

11. Public Records Requests Made To Miami Dade and Pinellas County Supervisor of Elections Offices.

I attest that Public Records Requests were made to the Pinellas County Supervisor of Elections Office for the Public Records/ Election Records documenting the Vote By Mail Ballot Requests by voters.

An estimate of 18,000 hours to complete this task was provided. To provide the responsive records, this information would take less than 5 minutes to generate.

PLAINTIFF'S FIRST REQUEST FOR PRODUCTION OF DOCUMENTS

To Defendant: Julie Marcus

From: Plaintiff John Liccione

Case No.: 24-003939-CI, *John Liccione vs Julie Marcus, et al*

Plaintiff John Liccione hereby submits to Defendant Julie Marcus, Pinellas County Supervisor of Elections, this first Request for Production of Documents.

All non-privileged computer session and transaction logs and reports which captured and stored the computer forensic details, metadata, and voter data which together serve to document the submittal of vote-by-mail ballot requests to Pinellas County Supervisor of Elections' (SOE) computer systems directly over the Internet or otherwise, or indirectly through the computer systems of the SOE's contractors, or, loaded via physical insertion of removable storage devices (i.e., thumb drives, portable hard drives), **solely on the date of June 23, 2024:** Said metadata and data to include but not be limited to the following:

1. The source IP addresses of all vote-by-mail ballot requester user sessions and submittal transactions that resulted in the successful or unsuccessful submittal of vote-by-mail ballot requests.
2. The names, and addresses of the submitters.
3. The type of web client used to submit the requests.
4. The date/time of submittal.
5. The names and versions of each software application used to receive, process, store, and report out the above ballot requests, as was fielded in production on the date of June 23, 2024, and any subsequent versions the applications may have been updated to or roll-ed back from after June 23, 2024. SOE and contractor firewall logs which captured and recorded the above vote-by-mail ballot submittal sessions.

If Defendant Marcus or any SOE vendor working for SOE, such as VR Systems, claims privilege over any such data as legal grounds for not complying with this request, state the nature and legal grounds for the privilege and the reason which such information cannot be provided if maintained under court seal.

Respectfully submitted,

A handwritten signature in black ink that reads "John W. Liccione". The signature is written in a cursive style with a large, stylized 'J' and 'L'.

Dear John Liccione,

This will acknowledge receipt of your public records request. We are reviewing our records to determine if there are any records responsive to your request. Once this has been determined, we will provide either the records, or for more extensive requests, an estimate of the cost to provide these records.

You requested the following records:

"A .csv file or excel spreadsheet report showing the source IP address of each and every individual who submitted an absentee ballot request to the Pinellas Supervisor of Elections over the Internet on June 23, 2024. The report need not provide any personally identifiable information, just the following 2 columns: (1) Date/Time of submission; (2) Source IP Address of submitter. It is noted that this type of metadata is typically available as a cybersecurity standard practice in web server logs, firewall logs, cloud service provider (e.g., Cloudflare) reports, and other off-the-shelf IT logging and reporting systems. It would typically take an IT person with proper access credentials less than 30 minutes to generate it and export it to a csv or Excel file."

To inquire about the status of your public records request, please call 727-464-8683.

Thank you,

Communications Department,
Pinellas County Supervisor of Elections Office

Initially, the requests are ordered by when they were added to the queue (that is, the *Date Added* column) and respective of the filters at the bottom of the dialog.

- Select to display **Single and All Elections**, or limit the grid display to only **All Elections** or only **Single Elections**.
- Leave the default **Max** number to display in the queue, which is 500 requests, or change the selection.

Note:

- Changing the Max setting to a significantly greater number may affect the system's response time to load and also re-load (after processing a request and returning to the grid) requests.
- The system retains changes to the Max setting. The next time you return to the dialog, your last setting remains in effect.

To sort by a different column or change the sort order (ascending or descending), click any column header.

For an overview of the Process Web Requests feature, see [About Vote-By-Mail Requests Submitted Online](#). To learn how to process both single and all-elections requests, review [Process Vote-By-Mail Requests Submitted Through Your Website](#).

Note: If your county uses [Vote-By-Mail Fraud Detection](#), web requests are intercepted before they enter the queue and are not released into the queue

until the Fraud Detection program is run.

Note: to VR Tower Counties In Website Maintenance, you can create a CSV list of request submitted on the website during a specified time period. Use the list to confirm that email notifications are going to the right recipients in the elections office and to verify that web requests are entering the request queue.

Process Undeliverable Mail and Third-Party Address Changes

This topic describes how to process undeliverable postal items and notices of a [voter address change from third-party](#) agencies.

Important:

For Undeliverable Mail Ballots—

- Do not process an undeliverable Vote-By-Mail ballot as undeliverable mail unless the package contains a change-of-address notice from the Postal Service.
- For undeliverable ballots without a third-party address change, follow the instructions in [Process an Undeliverable Vote-By-Mail Ballot](#).
- For ballots with an address change, refer the return as described in [Process an Undeliverable Vote-By-Mail Ballot](#). Then, [process the package as undeliverable mail](#) with a third-party address change, as described below.

When the Postal Service is unable to deliver mail (other than mail ballots) to a voter and returns it to your office, it should be processed as undeliverable mail. In addition to undeliverable postal items, the following items should also be processed as undeliverable mail:

- [Jury notices with changes of address](#)
- Changes of address from an NCOA vendor that your county is not processing using the [automated NCOA processing facility](#) provided in Voter Focus.
- HSMV lists of voters who have surrendered their Florida driver license in another state and have provided a new out-of-state address.

These items, plus undeliverable mail that includes a change-of-address notice, fall into the category of [third-party address changes](#). Depending on the type of address change (residential or mailing, in-county, or out-of-county) the proper notice will be scheduled to be sent to the voter requesting confirmation of the address change. A log is posted to the voter's audit noting the address change and the notice(s) scheduled.

The processing of undeliverable mail for which there is no change of address schedules the voter to receive a Final Notice and adds an entry to their audit log that the notice is scheduled. When the notice is sent, a record of that event is added to the Comms tab in the voter's record. Should a Final Notice be returned as undeliverable, no further communications are scheduled for the voter, and the voter will be placed in the queue of voters who are [ready to be made Inactive](#). Should the voter subsequently request a mail

ballot or cast a ballot during an election, Voter Focus will remove them from the Inactive queue.

If a voter previously made an all-elections or FPCA Vote-By-Mail request, processing undeliverable mail with no change of address or an out-of-state address automatically triggers the cancellation of any outstanding Vote-By-Mail requests for future elections (unless a ballot has already been delivered) and sets the expiration date of the all-elections/FPCA request to today's date. The process also schedules a Cancelled Requests Notice to be sent to the voter.

To process undeliverable mail or a third-party address change:

1. Go to **VOTER REGISTRATION > Record Undeliverable Mail**.
2. Do one of the following:
 - **Scan First enabled**—On the **Process Undeliverable Mail** dialog, double-click on the desired row from the **Images** grid. The **Find a Voter** and **Batch Images** dialogs open. You can clip the signature area of the image, if one exists, to index a copy of the voter's signature. Otherwise, continue to the next step.
 - **Scan First disabled**—On the **Voter Management** dialog, accept today's date or enter an earlier date when the mail (or jury notice) was returned to your office and click **OK**. (The **Comms** tab in the voter's record will show this date in the **Date** column.) The **Find a Voter** dialog opens.
3. If you are working with a bar code wand, wand the bar code to open the voter's record; otherwise, do a local search by name. The **Undeliverable Mail** dialog opens with the voter's information in the fields.

4. Check the date in the **Last Activity Date** field and determine if you have had activity from this voter since you received the mail or jury notice in the office. If the date in **Last Activity Date** is earlier than the date the item arrived in the office, continue with the next step.

If the date in the **Last Activity Date** field is later than the date the item arrived, do not process the item, because the voter has either contacted the elections office or voted since you received it. Click **Close** to complete the procedure.

5. If your county wants the note *Address Update Required* to appear with the voter's name on subsequent precinct registers (and EViD screens), select **Change Status to "Address Update Required"**.
6. In the **Mail Type** box, select the type of item you are processing. You can toggle the list of options between **Classic Mail Types** and **Voter Mail Types**. The option **Other Mail** can be any item not covered by the other options, such as a sample ballot or a mail ballot. The selection in this box is sticky for this undeliverable mail session; once you select a mail type, it remains selected for the next voter unless

you change it. This lets you quickly process a batch of similar items for different voters.

Note:

- If the item is a combo card, select **Address Change Notice** as the mail type.
- If the voter was previously sent a Notice of Potential Ineligibility, the notice will also be listed in the **Mail Type** box.

7. Click one of the following:

- **No Address Change**—If the undeliverable item has no change-of-address notice. You will see the message *An Address Final Notice will be sent to the voter*. Click **OK** to finish processing the item. You can now restart this procedure to process undeliverable mail for another voter.
- **Forwarding Address**—If the item shows a change of address for the voter. If the mail type you selected does not match with sent mail records in the system, a message displays.

Verify that you have the right voter and have selected the correct type of mail item. If the mail was truly sent without being recorded in the system, click **OK** to continue processing the undeliverable mail.

Voter doesn't have a mailing address:

Voter has a mailing address:

8. When you finish recording undeliverable mail, go to **Printing > Notices Queue** to [print the notices](#). For [mail merge documents](#), mailing labels may also be printed.

You can view details about sent notices and temporary forwarding addresses from the [Audit](#) and [Comms](#) tabs in voter records.

Undeliverable mail processed by each user is included in the totals in the [Operator Additions and Changes](#) report.

**AMENDED VERIFIED COMPLAINT FOR DECLARATORY RELIEF,
DAMAGES, AND INJUNCTIVE RELIEF**

COMES NOW the Plaintiff, Christopher Gleason, appearing pro se, and files this Amended Verified Complaint against the Defendants, alleging violations of the Florida Election Code, the Florida Public Records Act (Chapter 119), conspiracy, official misconduct, violations of specific Florida administrative rules, and the necessity for equitable tolling of statutory deadlines. The Plaintiff alleges as follows:

VERIFICATION

I, Christopher Gleason, verify that the facts alleged herein are true and correct to the best of my knowledge, information, and belief under penalty of perjury.

Dated: 09/24/2024

/s/ Christopher Gleason

Christopher Gleason (Pro Se)

INTRODUCTION

1. This action seeks declaratory relief, injunctive relief, damages, and a finding that the Defendants' unlawful conduct, including violations of the Florida Public Records Act, the Florida Election Code, specific Florida administrative rules, conspiracy, and official misconduct, directly impacted the Plaintiff's ability to file a timely election contest under Fla. Stat. § 102.168. As a result of Defendants' actions, the statutory time for filing should be tolled, and Plaintiff's constitutional rights restored and protected.
2. The Plaintiff was a candidate in the August 20, 2024 election for Pinellas County Supervisor of Elections. Defendants' deliberate and unlawful actions prevented Plaintiff from timely accessing the public records and information necessary to monitor and challenge the election process, depriving him of his right to a transparent and fair election as guaranteed by Florida law.

PARTIES

3. Plaintiff Christopher Gleason is a resident of Pinellas County, Florida, and a former candidate for Supervisor of Elections in the August 20, 2024 election.
4. Defendant Julie Marcus is the Supervisor of Elections for Pinellas County, Florida, and is sued in her official capacity.
5. Defendant Dustin Chase is the Deputy Supervisor of Elections for Pinellas County and is sued in his official capacity.
6. Defendant Matt Smith is the General Counsel for the Pinellas County Supervisor of Elections and is sued in his official capacity.
7. Defendants Kelly L. Vicari and Jared D. Kahn are attorneys who represented the Defendants in this matter and are named in their individual and

professional capacities for their role in participating in and facilitating the alleged unlawful acts.

8. The Canvassing Board of Pinellas County is responsible for canvassing and certifying election results and is named as an indispensable party given its involvement in the actions giving rise to this complaint.

JURISDICTION AND VENUE

9. This Court has jurisdiction over this action pursuant to Article V, Section 5 of the Florida Constitution, and Florida Statutes §§ 26.012 and 119.11.
10. Venue is proper in Pinellas County because the actions giving rise to this complaint occurred in this county, and all Defendants are located or conducted relevant actions within Pinellas County.

FACTUAL BACKGROUND

11. Plaintiff, as a candidate for the position of Supervisor of Elections, made numerous public records requests to the Pinellas County Supervisor of Elections Office beginning on the date of qualification, seeking records related to Runbeck, Clear Ballot, VR Systems, and ES&S electronic voting systems used to administer Pinellas County elections, as well as electronic records related to election logs, vote-by-mail ballots logs, and chain-of-custody documentation critical for evaluating the integrity of the election.
12. Despite these requests being made in a timely manner, Defendants knowingly and intentionally delayed and obstructed access to these records. They claimed it would take approximately 18,000 hours to generate the electronic records, despite documentation from VR Systems indicating that the records could be generated within minutes, demonstrating a blatant disregard for the legal requirements under the Florida Public Records Act.
13. **Inconsistency with Florida Law and Bad Faith Actions:** The Defendants' claim that it would take 18,000 hours to generate records was unreasonable, inconsistent with established law, and contrary to the requirements of **Fla. Stat. § 119.07(1)(a)**, which mandates that public records be made available promptly. In **Barfield v. Florida Dept. of Health and Rehabilitative Services**, 662 So. 2d 1197 (Fla. 1st DCA 1995), the court emphasized that

public agencies must respond to records requests in a timely manner. This grossly exaggerated time estimate was clearly intended to obstruct access and prevent the Plaintiff from exercising his rights.

14. Additionally, the Defendants imposed an "Oath of Acquisition" requirement on the Plaintiff, a requirement not found anywhere in Chapter 119, Fla. Stat., or any other statutory authority. This action was not only an unauthorized barrier but also directly contradicted the ruling in **National Collegiate Athletic Association v. Associated Press, 18 So. 3d 1201 (Fla. 1st DCA 2009)**, where the court held that public agencies cannot impose additional, unauthorized requirements for accessing public records. This act by the Defendants was therefore unlawful and not in good faith.
15. During the hearing on August 29, 2024, the Defendants continued to insist that the production of the records would require 18,000 hours, despite being confronted with evidence that the process would take mere minutes according to VR Systems' documentation. The Defendants' refusal to adjust their position demonstrates their intent to obstruct and delay the Plaintiff's access to records.
16. As a result of these actions, Plaintiff was unable to obtain the records necessary to assess the legitimacy of vote-by-mail ballots and other election procedures, infringing on his rights as a candidate to monitor the election process and challenge any irregularities.
17. Under **Fla. Stat. § 102.168**, a candidate contesting an election has a limited time (typically 10 days after certification of election results) to file a legally sufficient challenge. However, the Defendants' willful, knowing, and intentional obstruction made it impossible for Plaintiff to gather the necessary evidence within this statutory period, warranting the application of equitable tolling.

Defendants' Improper Use of Exemptions to Conceal Misconduct

18. The Defendants may attempt to argue that certain records requested by Plaintiff are exempt from disclosure. However, exemptions under Florida law are narrowly construed, as emphasized in **Brenner v. Bradenton, 919 So. 2d 1170 (Fla. 2d DCA 2005)**. The requested records were related to the

operational integrity of the election process and do not fall within any legitimate exemption.

19. **Fla. Stat. § 119.07(1)(d)** places the burden on the agency to demonstrate that the records fall under an exemption. The Defendants have failed to meet this burden, and their reliance on exemptions appears to be a tactic to conceal misconduct and prevent the exposure of potentially illegal activities.
20. Florida law does not permit the use of public records exemptions as a shield for unlawful conduct. In **Christy v. Florida Board of County Commissioners, 91 So. 3d 888 (Fla. 2d DCA 2012)**, the court held that public officials cannot use statutory exemptions to conceal actions that violate the law. Thus, any attempt by the Defendants to claim exemptions is not only invalid but is an indication of their effort to hide official misconduct or fraudulent activities within the Supervisor of Elections Office.

LEGAL CLAIMS AND ARGUMENTS

Count I: Violation of the Florida Public Records Act (Chapter 119, Florida Statutes)

21. Plaintiff realleges paragraphs 1-20 as if fully set forth herein.
22. Defendants unlawfully denied, obstructed, and delayed Plaintiff's access to public records by providing false information about the time required to produce electronic records and by imposing unnecessary barriers in violation of **Fla. Stat. § 119.07(1)(a)**.
23. As the court held in **Weeks v. Golden, 764 So. 2d 633 (Fla. 1st DCA 2000)**, public agencies cannot impose unnecessary burdens on access to public records. Defendants' actions were not only an unnecessary burden but a deliberate attempt to obstruct access.

Count II: Official Misconduct (Florida Statute § 838.022)

24. Plaintiff realleges paragraphs 1-23 as if fully set forth herein.
25. Defendants, acting outside their authority, knowingly falsified, obstructed, and concealed information with the intent to benefit Defendant Marcus's campaign, constituting official misconduct under **Fla. Stat. § 838.022**.

26. The Supreme Court of Florida in **Trianon Park Condo. Ass'n Inc. v. City of Hialeah**, 468 So. 2d 912 (Fla. 1985) established that officials acting outside their lawful authority are not protected by sovereign immunity. Therefore, Defendants' actions fall outside any protections and were done with intent to commit misconduct.

Count III: Conspiracy to Violate Public Records Act and Election Laws

27. Plaintiff realleges paragraphs 1-26 as if fully set forth herein.

28. Defendants conspired to delay, obstruct, and deny access to public records to benefit Defendant Julie Marcus and her co-conspirators, in violation of Florida law, thus harming Plaintiff's campaign.

29. As established in **Bell Atlantic Corp. v. Twombly**, 550 U.S. 544 (2007), conspiracy claims must include factual matter suggesting an agreement. The coordinated efforts of Defendants, as evidenced in the hearing transcript, demonstrate a deliberate conspiracy to obstruct access.

Count IV: Violation of Florida Election Laws and Right to Fair Elections

30. Plaintiff realleges paragraphs 1-29 as if fully set forth herein.

31. Defendants' actions willfully, knowingly, and intentionally violated Florida's Election Code and the Plaintiff's constitutional right to participate in a fair election, as upheld in **Beckstrom v. Volusia County Canvassing Board**, 707 So. 2d 720 (Fla. 1998).

32. Defendants' obstruction prevented Plaintiff from exercising his statutory right to challenge the election, undermining the integrity of the process.

Count V: Equitable Tolling Due to Unlawful Conduct and Willful Misconduct

33. Plaintiff realleges paragraphs 1-32 as if fully set forth herein.

34. The doctrine of equitable tolling applies when a party's wrongful conduct prevents another party from exercising their legal rights within a statutory period, as established in **Machules v. Department of Administration**, 523 So. 2d 1132 (Fla. 1988).

35. Defendants' willful delays in providing public records, combined with their unlawful obstruction tactics, created an extraordinary circumstance that prevented Plaintiff from filing a timely election contest under **Fla. Stat. § 102.168**.

36. Therefore, the statutory deadline for Plaintiff to file an election contest should be equitably tolled due to Defendants' misconduct, and this Court should recognize that Plaintiff's challenge is timely.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff respectfully requests that this Court:

- A. Declare that Defendants violated Chapter 119, Florida Statutes, the Florida Election Code, and Plaintiff's constitutional rights.
- B. Issue an injunction prohibiting Defendants from further violations of Florida's Public Records Act and election laws.
- C. Recognize that the statutory time frame for Plaintiff to file an election contest under Fla. Stat. § 102.168 was equitably tolled due to Defendants' misconduct.
- D. Award compensatory damages in an amount to be determined at trial.
- E. Award attorney's fees, costs, and other legal expenses as permitted by law.
- F. Refer the violations of Florida Election Code and Violations of FL Stat 838.022 to the currently empaneled county Grand Jury for a special investigation.
- G. Grant any other relief that this Court deems just and equitable.

Respectfully submitted,

/s/ Christopher Gleason

**IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT
IN AND FOR PINELLAS COUNTY, FLORIDA**

CHRISTOPHER GLEASON,

Plaintiff,

**CASE NO.: 24-003717-CI
UCN:522024CA003717XXCICI**

v.

JULIE MARCUS,

in her official capacity as

Pinellas County Supervisor of Elections; et al.,

Defendants.

**MEMORANDUM IN OPPOSITION TO DEFENDANTS' MOTION TO
DISMISS**

COMES NOW, the Plaintiff, **Christopher Gleason**, pro se, and hereby files this Memorandum in Opposition to Defendants' Motion to Dismiss, and in support thereof states as follows:

INTRODUCTION

The Defendants have moved to dismiss the Plaintiff's complaint on several grounds, including alleged deficiencies in verification, lack of standing, and failure to state a claim. The Defendants' motion is fundamentally flawed, misapplies the relevant legal standards, and should be denied. The Plaintiff's complaint is legally sufficient, factually grounded, and sets forth claims that, if proven, would entitle the Plaintiff to relief.

LEGAL STANDARD FOR MOTION TO DISMISS

In evaluating a motion to dismiss, the court must accept all well-pleaded allegations of the complaint as true and must draw all reasonable inferences in favor of the plaintiff. As established in **Conley v. Gibson**, 355 U.S. 41 (1957), a complaint should not be dismissed unless it appears beyond doubt that the plaintiff can prove no set of facts in support of their claim. Florida courts adhere to this principle, as seen in **Santiago v. Mauna Loa Investments, LLC**, 189 So. 3d 752 (Fla. 2016), and dismissal is improper if any facts support the claim.

I. VERIFICATION OF THE COMPLAINT IS LEGALLY SUFFICIENT

A. The Complaint is Properly Verified Under Florida Law

The Defendants argue that the complaint is unverified, yet **Fla. Stat. § 92.525** permits verification under penalty of perjury. The complaint contains a verification statement signed by the Plaintiff, confirming that the facts alleged are true and correct. If any technical deficiency exists in the verification, it can be cured by filing a supplemental verification affidavit, as supported by **Global Xtreme v. Corporate Center**, 822 So. 2d 165 (Fla. 3d DCA 2002), where the court held that such deficiencies can be remedied without prejudice.

II. PLAINTIFF HAS STANDING TO BRING THIS ACTION

A. Plaintiff's Standing as a Candidate

The Plaintiff has standing as a candidate to bring claims challenging election integrity, irregularities, and public records violations. In **Beckstrom v. Volusia County Canvassing Bd.**, 707 So. 2d 720 (Fla. 1998), the Florida Supreme Court recognized that candidates have a vested interest in ensuring fair elections and may challenge election procedures. The Plaintiff alleges specific harm from the Defendants' failure to follow election procedures and provide public records necessary to monitor the election, thus establishing standing.

B. Plaintiff's Standing as a Registered Voter and Taxpayer

The Plaintiff also has standing as a registered voter and taxpayer. Courts have consistently held that voters have a legitimate interest in the integrity of elections and may challenge actions that potentially compromise that integrity, as stated in **Reynolds v. Sims**, 377 U.S. 533 (1964). Additionally, as a taxpayer, the Plaintiff

has a direct interest in ensuring that public funds are not expended in violation of the law.

III. THE COMPLAINT STATES VALID CLAIMS FOR RELIEF

A. Claims under the Florida Public Records Act (Chapter 119)

The Defendants argue that the Plaintiff's public records claims are moot or insufficient. However, **Fla. Stat. § 119.07** mandates that public records be made available for inspection and copying within a reasonable time. The Defendants' assertion that it would take **18,000 hours** to produce records that could be generated in minutes constitutes a deliberate violation and obstruction under Chapter 119, and such conduct is actionable under **Weeks v. Golden, 764 So. 2d 633 (Fla. 1st DCA 2000)**, which prohibits unnecessary burdens on public records access.

B. Official Misconduct Under Fla. Stat. § 838.022

While the Defendants argue that Fla. Stat. § 838.022 is a criminal statute, the Plaintiff is not seeking criminal penalties but rather uses this statute to demonstrate Defendants' deliberate and unlawful conduct, which supports claims of conspiracy and violations of the Florida Public Records Act. Courts have recognized that intentional obstruction of public duties can support broader claims, as illustrated in **State v. Riker, 376 So. 2d 862 (Fla. 2d DCA 1979)**.

C. Conspiracy to Violate the Florida Public Records Act and Election Laws

The Plaintiff has sufficiently pled facts demonstrating a conspiracy among Defendants to obstruct access to public records and violate election laws. As per **Bell Atlantic Corp. v. Twombly, 550 U.S. 544 (2007)**, a conspiracy claim must include factual matter that suggests an agreement. The Plaintiff's complaint details specific actions taken by Defendants that indicate a coordinated effort to conceal records, obstruct access, and manipulate election procedures, thereby meeting the Twombly standard.

D. Equitable Tolling of the Statutory Deadline for Election Contests

The Plaintiff is entitled to equitable tolling under **Machules v. Department of Administration, 523 So. 2d 1132 (Fla. 1988)**, where the Florida Supreme Court recognized equitable tolling as appropriate when wrongful conduct prevents the

exercise of legal rights within a statutory period. Defendants' deliberate delays in providing records constitute the kind of wrongful conduct that warrants tolling the statutory period for the Plaintiff to file an election contest under **Fla. Stat. § 102.168**.

IV. PLAINTIFF'S CLAIMS ARE NOT MOOT

The Defendants erroneously assert that Plaintiff's claims are moot. However, Florida courts have repeatedly held that claims for injunctive and declaratory relief remain viable even when some actions have been completed if there is a continuing violation or the need to address ongoing misconduct. See **Gaines v. City of Orlando, 450 So. 2d 1174 (Fla. 5th DCA 1984)**, where the court allowed injunctive relief despite partial compliance by the defendants. The Plaintiff's claims seek to address ongoing violations of Florida's election laws and Public Records Act.

V. DEFENDANTS' MOTION TO DISMISS IS PREMISED ON FACTUAL DISPUTES INAPPROPRIATE AT THIS STAGE

The Defendants improperly seek to inject factual disputes into their motion to dismiss. It is well established that at this stage, the court's review is confined to the allegations within the four corners of the complaint. See **Cohen v. World Omni Financial Corp., 457 So. 2d 1109 (Fla. 4th DCA 1984)**. The Plaintiff has adequately pled facts that, if true, entitle him to relief, and dismissal is therefore improper.

VI. REQUEST FOR LEAVE TO AMEND

Should this Court find any aspect of the complaint deficient, Plaintiff respectfully requests leave to amend pursuant to **Fla. R. Civ. P. 1.190(a)**, which provides that leave to amend shall be freely given when justice so requires. The courts have consistently allowed parties the opportunity to cure deficiencies, as reflected in **Hart Properties, Inc. v. Slack, 159 So. 2d 236 (Fla. 1963)**.

CONCLUSION

For the reasons stated herein, Plaintiff respectfully requests that this Court deny Defendants' Motion to Dismiss in its entirety. The Plaintiff's complaint is legally sufficient, factually grounded, and supported by well-established Florida law.

Should the Court identify any deficiencies, Plaintiff requests the opportunity to amend the complaint.

Respectfully submitted October 1, 2024.

**PLAINTIFF'S MOTION TO STRIKE PORTIONS OF DEFENDANTS'
MOTION TO DISMISS**

COMES NOW, the Plaintiff, Christopher Gleason, pro se, and pursuant to Fla. R. Civ. P. 1.140(f), respectfully moves this Court for an Order striking specific portions of the Defendants' Motion to Dismiss. In support thereof, Plaintiff states the following:

I. LEGAL STANDARD

Under Fla. R. Civ. P. 1.140(f), the Court may order stricken from any pleading any "redundant, immaterial, impertinent, or scandalous matter." The purpose of this rule is to eliminate any statements that are unnecessary, irrelevant to the legal issues at hand, or which serve to prejudice the opposing party by introducing improper arguments or facts that should not be considered at the motion to dismiss stage. See *Rice v. Rice*, 462 So. 2d 140 (Fla. 4th DCA 1985).

In reviewing a motion to dismiss, the Court must limit its analysis to the four corners of the complaint and accept all well-pleaded allegations as true. Factual disputes and matters outside the complaint are improper and should be stricken. *Sanchez v. Sun Microsystems, Inc.*, 672 So. 2d 1011 (Fla. 3d DCA 1996).

II. PORTIONS OF THE MOTION TO DISMISS THAT SHOULD BE STRICKEN

A. Introduction of Facts and Evidence Outside the Complaint

1. Defendants' Assertion of Factual Disputes

Grounds for Striking: Defendants' Motion to Dismiss improperly introduces factual arguments and evidence that fall outside the four corners of the complaint. For example, statements attempting to refute Plaintiff's allegations regarding the handling of public records requests and vote-by-mail procedures are fact-based defenses that are inappropriate for consideration at the motion to dismiss stage.

Legal Basis: As established in *Barrett v. City of Margate*, 743 So. 2d 1160 (Fla. 4th DCA 1999), a motion to dismiss tests the legal sufficiency of the complaint, not the truth or veracity of the allegations contained therein. The inclusion of such factual arguments is improper and should be stricken.

B. Immaterial and Impertinent Statements

2. Allegations Pertaining to Plaintiff's Motives or Intent

Grounds for Striking: Defendants' motion contains references to the Plaintiff's supposed motives, intentions, or personal beliefs in filing this lawsuit. These statements are immaterial to whether the complaint states a legally sufficient cause of action and are included merely to distract from the legal issues.

Legal Basis: The Court in *Smith v. Smith*, 64 So. 2d 177 (Fla. 1953) held that matters concerning the plaintiff's motives or subjective intent are irrelevant and should not be considered in evaluating a motion to dismiss. Such statements are impertinent and do not bear on the legal sufficiency of the claims.

C. Scandalous and Prejudicial Allegations

3. Defamatory or Inflammatory Language About the Plaintiff

Grounds for Striking: The Defendants' motion includes scandalous and inflammatory language aimed at discrediting the Plaintiff, portraying him as acting in bad faith or engaging in frivolous conduct. Such language is wholly inappropriate, prejudicial, and serves no legitimate purpose in the motion to dismiss.

Legal Basis: In *Bradsheer v. Florida Patient's Compensation Fund*, 530 So. 2d 1046 (Fla. 1st DCA 1988), the court underscored that scandalous language with no bearing on the underlying legal arguments should be stricken. The Defendants' use of such language here is designed solely to prejudice the Court against the Plaintiff and is, therefore, improper.

D. Legal Arguments Unsupported by Relevant Case Law

4. Mischaracterization of Applicable Legal Standards

Grounds for Striking: Defendants' motion attempts to mischaracterize the legal standards for dismissal by suggesting that the Plaintiff must prove his case at this stage or present evidence beyond the factual allegations in the complaint. Such arguments are contrary to Florida's established pleading standards.

Legal Basis: The Court must assume all well-pleaded facts are true and should not consider evidence or matters extraneous to the complaint, as outlined in *Wagner v. Wagner*, 739 So. 2d 613 (Fla. 5th DCA 1999). As the Defendants' arguments deviate from this principle, they should be stricken.

III. CONCLUSION

The challenged portions of the Defendants' Motion to Dismiss contain immaterial, impertinent, and scandalous material, as well as improper factual assertions and legal arguments that fall outside the scope of a proper motion to dismiss. These portions are designed to distract from the substantive legal issues and prejudice the Plaintiff.

IV. PRAYER FOR RELIEF

WHEREFORE, Plaintiff respectfully requests that this Court:

Strike all references to facts or evidence outside the four corners of the Complaint from the Defendants' Motion to Dismiss.

Strike all immaterial, impertinent, and scandalous statements that have no bearing on the legal sufficiency of the Plaintiff's claims.

Award Plaintiff such other and further relief as the Court deems just and proper.

Respectfully submitted, October 1, 2024.
